"Kicking the Can Down the Road"

Throughout the late hours of December 31st and into the early morning of January 1st, the U.S. Senate passed by a vote of 89 to 9, the bill designed from keeping the nation from falling off of the fiscal cliff. The bill then passed the House some 20 hours later by a 257 to 167 vote, and then was sent to the White House to be signed by the President.

The bill averted the cliff at the absolute last moment. However, did it really avert the cliff or just kick the can down the road until February 2013? The debt ceiling limit, sequestration, and other spending cuts will be coming back soon to visit us like a bad case of acid reflux in the middle of the night.

This bill means an increase in taxes for married couples earning more than \$450,000 and \$400,000 for single filers; the current top rate of 35% will rise to 39.6%. Dividends and capital gains will also increase from 15% to 20% while estate taxes will also rise to 40% from 35% on estates over \$5 million. The bill also confronted a number of additional issues that compounded the fiscal cliff fiasco such as AMT relief, tax credits for tuition and green energy. Perhaps the most sweeping, affecting an estimated 160 million workers is the 2% Social Security payroll tax

cut, which was eliminated.

What was not dealt with in this legislation and is the 800-pound gorilla in the room is the debt ceiling. The U.S. Treasury Department claims that it can continue to pay outstanding debt obligations and its other commitments for only another two months, and then there will need to be an all-new debt ceiling battle beginning in February to allow the nation to continuing making payments on its enormous debt. This now brings us to sequestration, the harsh cuts to the federal budget scheduled to go into effect at the beginning of the year. At a time when the nation needs stability the most, our federal government has created Fiscal Cliff, Part II.

Now that the New Year is here, we hope that our leaders in Washington D.C. can get back to the business of governing, leading, and providing certainty to the lives of hundreds of millions of Americans, and investors alike. We will continue to monitor these and other events closely and look forward to a successful resolution.

Board Meeting Agenda February 19, 2013

Topic: Preliminary Staffing Impacts for 2013-14

Presented by: Susan Mills, Assistant Superintendent, Human Resources, and
Mike Fine, Deputy Superintendent, Business Services and Governmental
Relations

Responsible
Cabinet Member: Mike Fine, Deputy Superintendent, Business Services and Governmental
Relations

Type of Item: Report

Short Description: Staff will provide a presentation on the preliminary staffing impacts for
2013-14 from program and enrollment changes.

DESCRIPTION OF AGENDA ITEM:

On January 10, 2013, Governor Jerry Brown released his initial proposals for the 2013-14 state budget, which begins July 1, 2013. While staff does not anticipate generalized budget reductions as a result of the governor's budget proposal, there are impacts on certificated staffing 1) from policy proposals specifically the shift of Adult Education, 2) from several federal and local grants that either end June 30 or are downsized, and 3) from credential assignment and enrollment changes. Positively impacting certificated staffing is the Early Notice of Separation Incentive program which has an enrollment deadline of February 19. While details continue to be sorted out and will not be known until early March, below is a preliminary discussion of potential impacts in gross full time equivalents (FTEs) without regard to credential areas.

Adult Education – The governor's January budget proposal includes a policy change to shift responsibility for Adult Education from K-12 to the community colleges. Because this policy proposal is in its infancy, potential transitional details between RUSD's current program and RCCD have not been discussed. Therefore, it is unknown if the program will transition in its entirety on July 1, partially, or RUSD will be a contractor to RCCD. In order to account for the possibility of a full transition on July 1, specific certificated staff (bargaining unit members and management) will need to be considered for reassignment and the resulting assignments may require March 15 notices. (Classified staff will also be impacted with similar reassignments and resulting notices by May 1.)

Potential impact: 7.0 FTE certificated staff

2.0 FTE certificated management

PrimeTime – The after school program at six of the seven middle schools known as PrimeTime has continued to experience a decrease in caseload at several schools. Currently, five of the six programs are staffed with a 1.0 FTE PrimeTime coordinator / teacher. One of the programs is staffed with a 0.6 FTE PrimeTime coordinator / teacher. Staffing at four of the five programs currently staffed with 1.0 FTE will be reduced to .8 FTE PrimeTime coordinator / teacher.

Potential impact: 0.8 FTE certificated staff

Preschool – State funding for state preschool programs has been cut by 50% over the course of the past five years. In RUSD we are currently allocated 624 preschool slots and anticipate that funded slots will decrease to 509 necessitating the reduction of 2.0 FTEs preschool teachers.

Potential impact: 2.0 FTE certificated staff

Grants Ending – The District has certificated personnel tied to several local and federal grants which end on June 30 or September 30 necessitating the need to reassign certificated personnel and the resulting assignments may require March 15 notices. These grants include Teaching American History, Pythagoras Project, Gates Foundation/RCC (Completion Counts/CLIP), James Irvine Foundation/RCC, and Homeless Children and Youth Program.

Potential impact: 5.4 FTE certificated staff

School-based programs, credential mis-assignments and enrollment changes – Change in certificated staffing based on school-based programs (EIA, Title I), credential mis-assignments and year-over-year enrollment changes are unknown as of the preparation of this agenda item. Although there may be an impact in particular credential areas, the overall FTE impact from this category is not expected to result in a decrease in certificated staffing. As of the preparation of this agenda item based on information individual school sites have provided about their planned use of their local budget resources next year, there will be March 15 notice impacts for counselors (1.5 FTEs), English Language Arts, Business/Computers and Social Studies at the secondary level.

Potential impact: 0.0 FTE certificated staff in total, but will vary by credential area

Early Notice of Retirement Incentive Program – As of the preparation of this agenda item, the Early Notice of Retirement Incentive Program has generated 26.0 FTEs of teachers, heavier on elementary (multiple subject credentials).

Based on the final analysis of impacts by credential area, potential retirements and changes in credentialed staff on Leave of Absences, a Resolution of the Board of Education of the Riverside Unified School District to Approve the Reduction or Discontinuance of Particular Kinds of Certificated Services will be prepared and considered at the Board of Education's March 4 Board Meeting.

*These estimates could be dramatically affected by further DSA review and requirement that “ADA enhancements” be performed, such as restroom remodels, drinking fountains, parking alterations, and path-of-travel such as walkways and ramps.

The architect has stated his best estimate with the limited knowledge of actual existing grades and cross-slopes, utilizing a Smart Level in select locations; however it will require a civil survey and review to know exactly what grades would need to be addressed and the extent of the work.

Board Meeting Agenda

February 19, 2013

Topic: Uniform Complaint Board Policy #1312.3 (a), First Reading

Presented by: Dr. William E. Ermert, Assistant Superintendent
Instructional Services 7-12

Responsible

Cabinet Member: Dr. William E. Ermert, Assistant Superintendent
Instructional Services 7-12

Type of Item: Action

Short Description: Staff has revised Board Policy #1312.3 (a) – Uniform Complaint in order to comply with AB 1575.

DESCRIPTION OF AGENDA ITEM:

Beginning January 1, 2013 AB 1575 provides that a complaint regarding pupil fees may be filed with the principal of a school under Uniform Complaint Procedures. AB 1575 requires public schools to establish local policies and procedures to implement the provisions on or before March 1, 2013.

FISCAL IMPACT: None

RECOMMENDATION: It is recommended that the Board of Education conduct a first reading of Board Policy #1312.3 (a). (At the Board's option, they may waive the second reading and adopt Board Policy #1312.3 (a).)

ADDITIONAL MATERIAL: Board Policy #1312.3 (a) – Uniform Complaint

POLICY

Board of Education

Riverside Unified School District

Community Relations – Uniform Complaint

Purpose: The purpose of this policy is to ensure compliance for specific programs and activities for which state and/or federal funding is provided to school districts and for which school districts are required to establish a uniform system of complaint processing.

Position: The Board of Education recognizes the need to use uniform complaint procedures to investigate and resolve complaints.

1. The Board of Education recognizes that the district has primary responsibility for ensuring that it complies with state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve complaints alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures.
2. Uniform complaint procedures shall also be used to address any complaint alleging the district's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.
3. Complaints concerning the quality of special education programs shall be addressed in accordance with the regulations and procedures of the Special Education Local Planning Area.
4. The district shall follow uniform complaint procedures when addressing complaints alleging failure to comply with state and/or federal laws relating to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of students or staff, and teacher vacancy or misassignment (i.e., "Williams" complaints). Complaints made pursuant to this paragraph shall follow the procedures set forth in Rules & Regulations #1312.4.

5. The Board prohibits retaliation in any form for the filing of a complaint, the reporting of instances of discrimination, or for participation in complaint procedures. Such participation shall not in any way affect the status, grades, or work assignments of the complainant.
6. The Board acknowledges and respects student and employee rights to privacy. Complaints shall be investigated in a manner that protects these rights. The identity of any complainant alleging discrimination shall be kept confidential as appropriate.
7. The Superintendent or designee shall ensure that employees designated to receive and investigate complaints are knowledgeable about the laws and programs for which they are responsible. Such employees may have access to legal counsel as determined by the Superintendent or designee.
8. The Board recognizes that a neutral mediator can often suggest an early compromise that is agreeable to all parties in the dispute. The Superintendent or designee may initiate a mediation process before beginning a formal compliance investigation, provided that all parties to the complaint agree to try resolving their problem in this way.

Board Meeting Agenda February 19, 2013

Topic: 2012-2013 Certificated Seniority List

Presented by: Susan Mills, Assistant Superintendent, Human Resources

Responsible

Cabinet Member: Susan Mills, Assistant Superintendent, Human Resources

Type of Item: Action

Short Description: Board approval is requested for the 2012-2013 certificated seniority list.

DESCRIPTION OF AGENDA ITEM:

Board approval is requested for the 2012/13 certificated seniority list. District seniority for a certificated employee is established on the first day the employee renders paid service to the District while serving in a probationary position requiring certification. An employee establishes a new seniority date when the employee resigns from the District and is subsequently rehired.

The Riverside Unified School District's certificated seniority list contains 2016 certificated employees. In an effort to verify the seniority list, the Human Resources Department mailed the seniority list to all schools and departments. Employees were given the opportunity to review the seniority list. Employees who disputed their seniority date were given the opportunity to meet with a Human Resources manager and submit documentation that disputes their listed seniority date.

FISCAL IMPACT: To be determined

RECOMMENDATION: It is recommended that the Board of Education approve the District's 2012-2013 certificated seniority list.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

1. **Funding** is the single most important public investment in our nation's future. We must continue to communicate the issues regarding the current 'broken' system which funds education. It proves consistently to be unsound, unstable and insufficient. We cannot fulfill our responsibility to ensure a world-class education for California's schoolchildren with this current funding system. 2. Support future teaching and learning where traditional classrooms and contexts are transformed through innovative technologies and globalized connections. We are an ever-changing technological society which require students to be familiar with technologies that will transform the context of a 21st century classroom. 3. The **educational program** must respond to student needs and prepare students for graduation, employment and/or post-secondary education. We must support broad-based instructional programs that include high expectations of achievement for all students, with additional assistance for all students in need.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

My responsibility as an elected delegate is to serve as a liaison between my local board and that of CSBA. I report out monthly on the activities of our county association and that of CSBA. I forward all emails from our Director and/or County President as necessary. It's important that CSBA hear from local board members as to their needs and direction and I do that as I attend Delegate Assembly meetings twice a year. I respond to CSBA action alerts and surveys on behalf of our board of education. I am on the executive committee of the Riverside County School Boards Association and will continue to advocate for more participation from local board members county-wide. As a RCSBA delegate, we requested CSBA's attendance at a county-wide school board meeting to discuss our concerns regarding various topics and to give them an opportunity to share their vision. It is the responsibility of every delegate to participate in the advocacy efforts that will result in a stronger CSBA organization.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

I have served my community for 23 years in various roles, all in the name of advocacy on behalf of students. I've served on General Obligation bond committees G, C, S and E and chaired two successful measures, D & K, which provided much needed facilities in our district. I currently serve on the Murrieta High Schools' Scholarship Foundation (15 years, current President) and have served two consecutive years as President of the MVUSD Board of Education. I am the first school board member to serve as a delegate from the Murrieta district. The six years I have served have been very rewarding and educational. I would like to continue as a delegate so as to communicate the concerns and needs of Southwest Riverside County board members and to further drive the CSBA Policy Platform as developed by the delegates. I appreciate and actively participate in the opportunities to meet with our legislators, both local and state-wide. As a delegate, it has been and would continue to be a privilege to represent and serve the districts and schoolchildren within Southwest Riverside County and the State of California.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

1. Advocate for adequate funding from both the state and federal government. Our schools deserve a stable funding stream from the state that would allow us to confidently plan for future needs. With the economy in a prolonged recession, the state has cut funding of public education for each of the past four years. It is not the effect of any single cut, but rather the cumulative impact of these cuts that has resulted in the elimination of programs in schools statewide and increased class sizes. In addition to the state cuts, there also under-funded mandates placed upon the education system by the federal government which are encroaching on school districts' general funds.
2. Increase the high school graduation rates. The times are gone when you could leave high school early, find a job in the manufacturing sector and make a reasonable life for you and your family. Today's job market requires that entry level workers have beyond basic math and communication skills. The market requires more advanced math and computer skills.
3. To increase both college and workplace readiness. To increase our children's odds of being successful in today's ever changing market, there is no better tool they can have than a college degree. We owe it to our children not only to prepare them academically for college, but to make them believe earning a college degree is possible for everyone. With regards to workplace readiness, our children need to be taught not just marketable skills through Career Technical Education, but we need to ensure that they develop the critical thinking skills to aide them in the career progression.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

I am currently serving as the chair of the RCOE Legislative/Policy sub-committee. I am also a former member of the CSBA delegate Assembly as well as serving a term as the President of the Riverside County School Boards Association. I have participated in multiple RCSBA functions as well as the CSBA Annual Conference. As a member of the Riverside County Board I have also attended the California County Boards of Education Annual Conference, as well as serving on the Annual Conference Committee last year, and I have been selected to serve on committee again this year. In 2013 I also participated in the NSBA's Federal Relations Network in Washington, DC.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

I am interested in serving on the Delegate Assembly to be part of the decision making process that directs CSBA in their advocacy for the children of the state. Being a past member of the Delegate Assembly I have seen first hand the importance of participation at the state level. I would also welcome the networking possibilities with other delegates.

Prior to serving on the Riverside County Board of Education I sent 13 years on the Nuview Union School Board. During those 13 years I was highly active at CSBA serving not only on the Delegate Assembly, but on the Small District Committee, Annual Conference Committee, and Policy Platform Committee. It is this broad background of serving on a local board, county board and at the state level that will allow me begin my service representing Riverside County on the Delegate Assembly.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

1. Funding - that is adequate, equitable, and sustainable on which districts can count on from year to year. This is critical because the current system is of funding is insufficient, disproportionate and unpredictable from year to year. Through CSBA we can lobby and advocate for a system that provides sufficient resources, is more equitable throughout the state, and consistent from year to year so districts can develop realistic budgets and be able to do multi-year planning.
2. Local Control - Due to the myriad of state mandates, programs, and regulations, local boards have very little discretion in governing. Decisions are best made at the local level by those who know the needs of our students. In addition this change would hold local officials accountable as opposed to individuals making decisions in Sacramento.
3. The Achievement Gap - In spite of many efforts and programs throughout the years many of our students who have traditionally not been successful in our schools continue to be underserved. We need to search for ways to provide all our students with resources and opportunities to succeed in our schools.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

I have a wide range of experience in public education spanning PreK-University; I have been a classroom teacher, school principal, district office administrator and currently Supervisor of Teacher Education at UC Riverside. In addition, I have served as a Regional Delegate for the past two years. The variety of these experiences has afforded me the opportunity to network, collaborate and advocate for the needs of our students at all levels and through diverse forums. As such, I would use these experiences to facilitate communication of the interests of local boards to CSBA, Executive Board, etc.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

I am interested in continuing being a Delegate because I have learned so much by having the privilege to have served these past two years and would love the opportunity to use this experience to enhance my effectiveness as a delegate. My contribution would be to build on the relationships I have established, combined with my experience to promote the goals and mission of CSBA.

Thank you so much for your consideration.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

#1-This is an opportunity for the delegates and members to continue to redefine our goals and commitment to the children of our region. We can take a pro-active approach to determining outcomes that benefit both Riverside County and the State of California at large. We a large region with a large ADA overall, and our voices need to be heard at the regional, and state levels of CSBA's leadership. There is no better time to exert our influence. #2-Our funding mechanism for education is broken in the State of California. We must gain solidarity in fixing the finance mess that has befallen us. We must strive to regain local control of our own budgets and not have to fall within the control of Sacramento at large. We know what works best in our individual districts and can control our outcomes from a local level better than someone far removed at the capitol. #3-Increase awareness of CSBA services available to local districts; increase networking within our region of local board members. We need to continue to communicate and inform local boards of the multitude of services available through CSBA and to disseminate this information through regional meetings and inservice.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

Within the Riverside County School Board Association, there are planned general meetings held 3 times a year that incorporate much of the information garnered from delegate assemblies, workshops, and inservice-types of activities that benefit local board members. The RCSBA has been very successful in providing training for new school board members, information on the Brown Act, School Finance and School Building strategies, hosting the executive board members of CSBA among other things. The RCSBA is constantly seeking ways to better inform the local school board members in region 18A.

One thing that is in the "needs to improve" category is the way we share information regarding our region's Golden Bell Award winners in a "best practices" type of forum. RCSBA is seeking ways to increase information about these programs to local boards. Hopefully sharing these successes will enhance or augment successes in other districts as well.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

As a member of the Delegate Assembly, I feel it is my responsibility to create networking possibilities with other delegates, local board members and the county office of education in Riverside. I feel that I am a well-informed board member and my knowledge can be shared with a very diverse group of local board members, superintendents and staff. I have participated in the Delegate Assembly for 6 years now and would like to continue in this venue as I feel I have made strides toward accomplishing the goals and objectives of the CSBA body as well as the RCSBA.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

Common Core - With the required conversion to Common Core we must equip and support our staff in order to have a successful outcome. Unfortunately our state has, once again, put the cart before the horse and has not aligned the conversion of state testing with the conversion to Common Core instruction. It is left to our districts to navigate these pitfalls and give our students the tools they need to succeed.

Well Rounded Education - Each round of funding cuts has been deeper, we need to find ways to get the arts and music back into our K-8 schools. The creative side of a child's brain is an important tool in their overall learning ability.

Preparing our students for life - Along with college and career preparation we need to also educate our students for everyday life. Common Core leans in that direction by encouraging lessons be geared to how the subject can/will be used in life. Hands on use of math and science is another tool to be used, not only in 9-12.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

As a freshman board member I have spent the first year learning my board and gaining knowledge through the Masters in Governance program. I have also suggested and am a part of our new board Public Relations Committee. The purpose of this committee is to build a bridge from our district to our community, not only our parents but also the business community around us. This will also be my second year serving as our board's Representative for the Annual County Committee on School District Organization.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

Romoland is a smaller school district, that is growing. I believe that in order to continue that growth we must reach beyond our boundaries and connect with other districts and our communities. I see CSBA as a valuable tool to do just that. I would like to be a part of that. I am not a professional educator or administrator, I am a parent. When I decided to run for school board I knew I could bring a different perspective to our board. I am an active parent, in our schools daily part of the fabric of our schools, for the past 10 years. This put me into a position that none of our other board members were in. I had also been working in our schools as a classified sub. I know that I have been able to enhance our board's decision with my perspective. I would bring this to CSBA as a member of the Delegate Assembly.

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

My three education priorities are education funding, school safety and board and administration accountability. These three priorities I feel are important to the California School Board Association since they are the cornerstone of what local school boards should be focused on within their community and throughout the state. Funding is important simple because without it no school district can supply the educational resources or the opportunities for the students of the district. Campus safety is important to have so kids feel that they have a safe and comfortable environment to learn and excel. Accountability of administration is important since we must hold ourselves as well as the administration we oversee to a high standard of professionalism, integrity, transparency and respect for your students. Accountability and transparency has been an emphasis in past at CSBA governance training. If we maintain these three elements all the rest will take care of itself.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

I have spent five of the six years as a board member representing TVUSD on the Riverside County Special District Organization. I have dedicated at least one day each week to district school sites, activities and board business to demonstrate that the Board is proud of the accomplishments of the students and staff on a daily basis. I also attend many extra-curricular activities events of the local schools throughout the year. I feel it is very important for a community to have a visible and active Board that allows people to have access to us to express their concerns. I plan on continuing this practice even during this more difficult and challenging fiscal times to be very involved in the Temecula Valley Unified School District activities.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

In the last six years I have served on the TVUSD Board, I have attended CSBA conventions, several Legislative Days, and Delegate assemblies in Sacramento and San Diego and I have graduated from the Masters in Governance program. I have found this to be a rewarding and enriching experience to network with other boardmembers and discuss current problems that the education community state-wide is experiencing and that is why I want continue as a CSBA Delegate. I will bring my experience and knowledge of state government to CSBA which will be beneficial in the efforts of policy adoption to bring about important changes in the education platform of this state. It would be a honor to continue serving CSBA in their efforts to provide the best education possible for the children of California. I believe I am up for the challenge in these financially difficult times.
