

Tennessee's Electronic Transcript Exchange Network

The free, fast, secure tool for sending transcripts.

Through Tennessee's Electronic Transcript Exchange Network, high schools, school districts, and postsecondary institutions can securely send and receive transcripts.

The transcripts are delivered in minutes to any Tennessee college, e*GRandS for Tennessee Education Lottery Scholarship eligibility, and other third parties. The transcript exchange can expedite the college admissions process and scholarship applications, and give students an easy way to access their transcripts.

How It Works

Who Can Use It

High Schools and Districts

Authorized staff members can log on to the network to upload a student's transcript and identify the authorized higher education agency.

Recipients are notified when they receive a new transcript so they can log on and retrieve it.

Students and Former Students

Individuals can submit transcript requests at www.orderatranscript.com.

Benefits of the Exchange

- Ease of use for senders and recipients
- Automatic validation of senders and recipients
- Ability to track transcript delivery status and receipt
- NSC is the largest provider of electronic transcript services in the U.S.

To sign up your high school or school district, visit:
<https://studentclearinghouse.info/tn>

Joining the transcript exchange is free for high schools and school districts. Once you've signed up, the National Student Clearinghouse will contact you to set up your account and guide you through using the Exchange.

Tennessee's Transcript Exchange Network is managed by the **National Student Clearinghouse** and the **Tennessee Higher Education Commission**.

About the National Student Clearinghouse

The National Student Clearinghouse is a nonprofit organization funded by the higher education community in 1993. The Clearinghouse is the largest provider of electronic student record exchanges and postsecondary transcript ordering services in the U.S., performing more than one billion secure electronic student data transactions each year.

About the Tennessee Higher Education Commission

The Tennessee Higher Education Commission coordinates two systems of higher education, the University of Tennessee and the Tennessee Board of Regents. There are nine public universities, two special purpose institutes, 13 community colleges, and 27 colleges of applied technology in Tennessee that educate over 240,000 students.
