

Independent School District No. 51  
**FOLEY HIGH SCHOOL**

*"Developing the Full Potential of the Individual"*

Joel Foss, Principal

April 7, 2025

Dear Parents/Guardians and Students,

**Career Day 2025 is Coming to Foley High School!**

The Career Day Committee is excited to announce that Career Day 2025 will be held on Thursday, April 24, 2025, right here at Foley High School! This is a great opportunity for students to explore a wide range of career paths and post-secondary options.

We'll kick off the day with a keynote speech in the gym from **Michael Johnson**, a dynamic speaker with an inspiring message.

After the keynote, students will attend **six 36-minute sessions** based on their career interests, selected from over 85 options. See the [attached list](#) of presenters who committed to help make the day a success by leading one or more sessions.

In addition to the sessions, **40 booths** will be set up in the gym, featuring **local businesses, colleges, universities, technical schools, vocational trades, and military branches**. These booths will provide valuable information about training programs, education pathways, and career opportunities.

**All students in grades 9–12 are required to attend Career Day** as part of the regular school day. A special schedule will be in place so every student can attend multiple sessions. **Attendance will be taken**, and students are expected to participate and engage.

We encourage students to come **ready to explore new ideas** and bring plenty of questions. Parents, thank you for supporting this important event—it could be a key step in helping your child make informed choices about their future.

If you have any questions, feel free to contact the FHS Guidance office.

We're looking forward to a great day!

Sincerely,

A handwritten signature in black ink that reads "Joel Foss".
