## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

## 2024-25 School Description and Mission Statement

As a staff, we are committed to:

- Holistically supporting the whole student.
- We are dedicated to honoring all voices within our community, while fostering a spirit of creativity and innovative thinking.

As a school community it is our ultimate goal:

- To develop and perpetuate a growth mindset through collaboration, teamwork and the effective use of technology.

The vision of Cesar Chavez Middle School is to engage all of our scholars in a rigorous college and career going culture through our academic curriculum that gives our scholars the essential tools and intrinsic motivation to compete in any real world setting.

Our school has students in seventh and eighth grade. Our traditional daily schedule is 55 minutes per class period most days of the week. On Wednesday, our classes are 35 minutes, due to “early release.” We have a rotating schedule of an extra 30 minutes of intervention time embedded during one period on Wednesdays. Early release days are used for teacher collaboration, teacher professional learning, staff meetings, data reflections, department meetings, and lesson design. We have five main instructional buildings, three classroom buildings, a library, a gym, and administrative offices.

At Cesar Chavez Middle School, we ensure that every student experiences a rigorous curriculum and demonstrates academic and social growth. All academic programs, curricular decisions, intervention programs, and extra-curricular activities share a basic premise of “Reaching the Whole Child.” The middle years are a time for growth, challenge, and discovery. At Cesar Chavez Middle School, our goal is to encourage and prepare our students to participate fully, take risks, and be self-advocates. We participate in the district-wide initiative of SEL (social-emotional learning) Wednesdays. Our students receive lessons from our elective teachers during these days to promote their emotional well-being and develop their confidence. Toro’s can participate in award-winning enrichment programs that promote college and career readiness, including the Mathematics, Engineering, Science, Achievement (MESA) afterschool program, which inspires creativity and provides technical learning skills to students; The Movement, through which students receive mentoring and tutoring services; and Advancement Via Individual Determination (AVID), which teaches students critical thinking and study skills that will support their success as they prepare for high school.

Parents are an integral part of our school-wide decision-making committees. During the school year, parents have the opportunity to volunteer and visit classrooms. We believe the relationship between school and home is a significant priority for student success. This year we have a community schools case manager designated to reach out and support our parents. Cesar Chavez Middle School is preparing our students to become more technologically advanced “hands on” learners. We are adapting to the needs of our student population, and investing in professional development for all of our stakeholders, including community members. Our goal is to provide the skills and tools necessary to ensure our students are college and career ready.

Sincerely,

Susan Riehle, Principal

### Major Accomplishments

- New instructional strategies were implemented school-wide, which have a direct impact on instruction and assessment results. Our instructional design model consists of the platinum ticket lesson design design, interactive notebook (students engaging in inquiry based note taking and making connections to their learning using their own language and creating symbols and connections to real world), and chunking of instruction into smaller, more understandable lessons. We are committed to a focus on Visible Student Learning, and implementing instructional strategies with a high affect size, such as Close Reading and Claims, Evidence, Reasoning. Our teachers have also increased their capacity in using data to drive instruction. We have data reflection sessions in math and English in which our administration, academic coaches, and teachers come together to reflect on our common assessments and plan for our upcoming unit.
- Think Together, our after school program, has served nearly 100 students from 3:15 p.m. to 6:00 p.m. Think Together offers students a variety of enrichment opportunities. Students receive homework help, participate in arts and crafts, play sports, and engage in technology lessons, such as coding.
- Our students are given the opportunity to participate in several enrichment activities: MESA (Mathematical, Engineering, Science Achievement for seventh through eighth graders), Pentathlon (an academic competition for seventh through eighth grade students involving English, math, science, social studies), Mock Trial (a mock court case trial seventh through eighth grade), and sports in collaboration with Think Together and our high schools. Our student leadership program is a great source of Toro pride. Under the guidance of our ASB Director, students

## 2024-25 School Description and Mission Statement

coordinate events that promote school spirit and excitement towards our entire student body. From school dances to community movie nights, our students are granted to opportunity to participate in a well-rounded middle school experience.

- Cesar Chavez Middle School students have earned many accomplishments through our various enrichment activities. Each year our MESA students advance to the regional competition to win many awards. The MESA team garners 20 wins per year. At the Pentathlon competition, students collected well over 50 individual awards out of over 70 public, private, and charter schools from Los Angeles and Orange Counties. In the past, our Mock Trial team has advanced to the 2nd round of the district Mock Trial competition.

### Focus For Improvement

- We are looking to improve our CAASP data, district unit benchmark data, and fully implement our PBIS program which focuses on positive interactions on campus. The academic improvements will be measured by test scores released through the California Department of Education, common assessments, and student grades.
- Across the school, we are embedding AVID strategies throughout the content areas, including history and science. Those strategies include Cornell Note taking and Marking the Text. Other strategies that are being developed the interactive notebooks as a learning tool, mini assessments within our units, and checking for understanding strategies (entrance/exit slips, quick writes)
- Our Advancement Via Individual Determination (AVID) site team will be focused on academic achievement for our students. Our AVID program is designed to ensure students have all of the necessary resources, tools, and strategies to be successful in college or career. We also want to continue the implementation and publication of AVID Excel to our English Learners in an effort for students to be successful in their classes and reclassify.
- Cesar Chavez Middle School offers the following electives: Art, ELD (English Language Development for newcomers), Band, Spanish, Leadership, Military, Introduction to Film and Video, Project Lead the Way (PLTW) Design and Modeling, PLTW Robotics, PLTW Medical Detectives, PLTW Flight and Space, PLTW Environmental Sustainability, E-Sports, PLTW Career Exploration, AVID, and AVID Excel. We look forward to adding other student-interest based electives in the future.
- We have revised our PBIS expectations matrix, which is signed by both parent and student, a parent-student handbook, and the staff bulletin. .

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

We choose our textbooks from lists that have already been approved by state education officials. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report.

We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This online report shows whether we had a textbook for each student in each core course during the 2013–2014 school year and whether those textbooks covered the California Content Standards.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parent involvement within the school is an important component to the overall well-being of a child. Our parents are encouraged to participate in a myriad of different ways at Cesar Chavez Middle School. Parents are an integral part of our school-wide decision-making committees. They are part of the Cesar Chavez SSC and ELAC and provide valuable input to our safety committee. During the school year, parents have the opportunity to volunteer and visit classrooms. We use Parent Square, school website, and a variety of social media platforms to communicate events at Cesar Chavez Middle School. We host Coffee with the Principal and grade level parent meetings to communicate important information relevant to student achievement. Cesar Chavez Middle School is continuously seeking out new ways to increase parent involvement through events such as: School Council Meetings, Schoolwide Recognition Assembly, and Student of the Month. This year we have a community schools case manager. One of their primary goals is to increase parent outreach to meet the needs of our community.

## 2024-25 School Safety Plan

Cesar Chavez Middle School is committed to providing a safe and secure environment for faculty, staff and students. The SAFE SCHOOL PLAN is designed to assist each school staff member in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The School Safety Plan is revised yearly and both a digital and

## 2024-25 School Safety Plan

hard copy are available at the school site. The major goal of this plan is to assist all school staff in preparing for the potential of emergency situations. Our SAFE SCHOOL PLAN was revised in January of 2025.

Cesar Chavez Middle School has one main entrance and dismissal gate. We always have a security guard arrive by 7:30 am. All visitors must sign in at the front office and wear a visitor's pass and be escorted to their destination. We use the Raptor system for a background check of visitors. Visitors are required to go directly to their destination and return to the front office to sign out upon leaving the site. All students are required to show their school ID's upon entry to campus. We also added an evening Security Guard. The evening Security Guard monitors the campus and parking lots during after school enrichment programs.

The SCHOOL SAFETY PLAN is shared annually with our staff during staff meetings and with both the Safety and PBIS Committees. The School Safety Plan also serves as a living document, which can be amended if needed. Assemblies are hosted and scheduled through the PE department to advise students on the SCHOOL SAFETY PLAN, School Discipline, and PBIS Matrix.

We have drills throughout the year to practice for earthquake, fire, lock-down, and active shooter lock-down emergencies. We ensure our students and staff fully understand our evacuation procedures. The Admin and Support Staff meet regularly to debrief on all the drills.

## Professional Development

Every month we hold 2 Staff Meetings, 1 department meeting by content area, and 1 committee meeting. Each meeting has a clear focus with an Agenda. All meetings are centered around the school's instructional focus, student data, and preparing students to be college and career ready. Professional Development is held on Wednesday's 1:30 -3:00pm, on Non-instructional Teacher Work Days, and through teacher attendance at Conferences/District Trainings.

Teachers are supported using new instructional strategies and curriculum by the department chairs, grade levels, department, instructional lead, and site administration. We are always willing to utilize demo lessons, so teachers can see the method of instruction within practice. Teachers are encouraged to lesson design together and to observe each other's teaching. Teachers also receive support through individual coaching and mentoring. Teachers continue to participate in data chats in order to identify areas in need of reteaching.

A major focus for staff development continues to be collaborative lesson planning (focusing on the hourglass design, chunking information (small bits of instruction at a time), increasing rigor, providing bell to bell instruction, and checking for understanding.

In 2023-2024, the major focus for staff development is using data to drive instruction, increasing the rigor in the classroom through DOK, and using engagement and discussion strategies across the curriculum.

Cesar Chavez is currently implementing the following:

- Curriculum Alignment and Collaborative Planning led by Administrators or Designees
- Evidence based professional development that supports students' needs and based on student data
- NGSS
- Site Administrative Coaching
- ELD/Academic Language Development for English Learners
- Professional development for teachers & administrators on AVID, SWUN Math, Study Sync, Platinum Ticket, DOK levels, SEL, Restorative Justice. Special Education, and PBIS.

Teachers have also participated in Culturally and Linguistically Responsive Teaching and Learning provided by our district Equity Department. Teachers and administrators will continue to monitor the effectiveness of professional development and the implementation of high impact instructional strategies in the classroom.
