Ms. Voitier asked Mr. Dewey to update the Board on projects at Chalmette High 9th Grade Academy and at Lacoste Elementary. Mr. Dewey stated that cement work for the overhang that is being installed at the 9th grade Academy is in the process and the canopy structure is expected to be complete very close to the beginning of school. He further stated that the Lacoste project is being developed with contractors, Ms. Morel, Ms. Jackson and Mr. Dewey having visited the site and giving their input. Mr. Dewey is awaiting full pricing on the project before it is started.

There were no items to be placed on the agenda of the next Committee Meeting.

Under Superintendent's Recommendations Ms. Voitier stated that the Administration is planning for the upcoming school year which is dependent upon the Governor's designation of which phase the state will be in when school starts. She is hopeful that students will be in school and/or some type of hybrid situation which allows for some virtual learning. Spacing in classrooms and on the bus is a big consideration which presents challenges as to the number of students allowed in each space, again, dependent upon which phase the Governor designates as school begins. Ms. Voitier confirmed that the only thing that is certain is the uncertainty in this situation but she is staying informed daily as to any changes occurring within the educational and healthcare community.

Mr. Englande, on a point of privilege, offered condolences to Barry Lemoine and his family upon the loss of his mother.

On motion by Mr. Campbell, seconded by Mrs. Asevedo and passed by a unanimous voice vote, the meeting adjourned.
