

At the Arc Southern Maryland, our mission is to create opportunities for independence and personal success for people with different abilities in inclusive communities. We do this by incorporating our core operating values of acceptance, fulfillment, worth, respect, and joy in everything we do. Our approach is rooted in underlying beliefs about civil rights and self-determination.

Our wide range of programs and services honor personal choices and goals, and provide children and adults with the support needed to lead self-directed and fulfilling lives.
