

## AP Seminar Summer Work

Read the following attached articles and annotate. You will annotate for:

\*your thoughts and connections that you can make to your previous knowledge and between the texts themselves

\*questions that you may think of as you read

\*underline claims and star supporting evidence

\*information can be viewed through lenses, or areas of expertise. Note which lenses you find, and also any questions that may arise when you view the writing through that lens. Please use the attached lens worksheet to guide you.

 Eight Critical Lenses

We will discuss the reading when we are back in school, so bring your annotated copies.
