

MEMORANDUM

October 4, 2013

TO: Board Members

FROM: Terry B. Grier, Ed.D.
Superintendent of Schools

SUBJECT: **STUDENT DISCIPLINARY ACTION SUMMARY 2012–2013**

CONTACT: Carla Stevens, 713-556-6700

Attached is the districtwide Student Disciplinary Action Summary for the 2012–2013 academic year. This report was produced in compliance with Texas Education Code Chapter 39. It is organized according to the coding categories used by the Texas Education Agency and includes a statement of the number, rate, and type of violent or criminal disciplinary incidents that occurred on each campus. Rates were calculated by dividing the number of incidents by the PEIMS Fall Resubmission enrollment. Districtwide, the overall incident rate was 46.70, representing 94,617 incidents. The figures are increases from the previous year's rate of 45.55 and 91,825 incidents. It must be emphasized that the numbers of incidents are duplicated counts representing the total number of incidents, not the number of students. Consequently, students may be counted more than once. This report supports HISD's Core Initiative 4: Data Driven Accountability.

The report is provided in two formats. In the first format, schools are reported according to their School Board Member Districts. The second format organizes the schools by Schools Offices. A printed copy of the Board Member District Report is provided for your convenience. Previous years' reports are available on-line on the Research and Accountability Department's website on the HISD Portal.

The following graphic and tables present summary level data for the past three academic years for in-school suspensions (**Table 1**), out-of-school suspensions (**Table 2**), removals to the Discipline Alternative Education Program (DAEP) (**Table 3**), and expulsions to the Juvenile Justice Alternative Education (JJAEP) (**Table 4**).

- After a 2.5 percent decrease in in-school suspensions in 2011–2012 to 50,978 from 52,309 in 2010–2011, in-school suspensions increased in 2012–2013 to 53,859, a 5.7 percent increase over 2011–2012.
- Out-of-school suspensions decreased in 2012–2013 to 36,738, a 4.9 percent decline compared to 38,627 in 2010–2011.
- Removals to DAEP decreased in 2012–2013 to 2,868, a 23.3 percent decrease over the 3,737 total for 2010–2011.
- Expulsions to the JJAEP have declined steadily, from 110 in 2010–2011, to 87 in 2011–2012, and to 78 in 2012–2013, a 29.1 percent decrease.

ADMINISTRATIVE RESPONSE

In response to supporting teachers in the area of classroom management, Professional Support and Development implemented the following training activities during the 2012–2013 school year:

- I-9 and I-10 (Classroom Management and Classroom Culture) Video Exemplars and Effective Practices that provided teachers with an opportunity to watch highly effective teachers in action,
- I-9 and I-10 (Classroom Management and Classroom Culture) Effective Practices that provided teachers with step-by-step instructions on how to implement best practices demonstrated in the Video Exemplars,
- Ongoing job-embedded support provided by Teacher Development Specialists at the campus level,
- Classroom Management and Culture Institute (New Teachers),
- New Teacher Academy guest speaker- Rick Smith sharing best practices from his book *Conscious Classroom Management: Unlocking the Secrets of Great Teaching*, and
- Saturday Touch Point sessions that focused on positive behavioral interventions and supports.

In moving forward, Professional Support and Development will be taking an active role in the Multi-Tiered Support Systems (MTSS) Initiative during the 2013–2014 school year. MTSS is a systemic intervention model for both behavior and academics targeting those students most at risk. MTSS is designed to provide access to early intervention, early identification, and improved academic and behavior outcomes.

The school offices are also taking actions to address discipline incidents in the schools.

Elementary School Offices:

- The elementary school offices will continue to monitor campus discipline to ensure the number of incidents will continue to decline.
- The MTSS for early intervention of students is in place.
- Elementary Disciplinary Alternative Education Program (DAEP) students will be monitored upon return to their home campus to ensure a positive transition will occur.

Middle School Office:

The findings and data presented in this report reflect district and school office efforts during the 2012–2013 school year to build the skills and capacity of district and school-based leadership teams to implement a system of positive behavior interventions and supports (PBIS) for students through training, coaching, and technical assistance. These efforts included:

- Implementation of the ‘Secondary Schools Offenses and Maximum Consequences’ guidelines to assist school leaders in determining responses to the most common discipline incidents,
- School Office review and approval of all Level III and IV discretionary DAEP referrals.
- School Office participation in the PBIS Working Group,
- Implementation of Teach Like a Champion and Envoy classroom management techniques in pilot schools,
- CSO-led student discipline discussions and data reviews during monthly district principals’ meetings,
- Observation visits by School Office and Student Support Services staff at schools with safety and discipline issues, and

- Review of intervention assistance team procedures with school leadership teams.

In the 2013–2014 school year, the middle schools will continue supporting the implementation of a proactive system of behavior interventions and supports. Additional actions in addition to those mentioned above include:

- Participation in the MTSS initiative. Six middle schools with school safety and student discipline issues have been selected for participation.
- Expansion of the Teach Like a Champion program of classroom management techniques to 11 middle schools that include eight new schools. Initial principal training with Doug Lemov is scheduled for September.
- Expansion of Envoy classroom management program. Seven schools have been identified to receive training and coaching for selected teacher leaders along with leadership training for school administrators.
- Implementation of a restoration model for students referred to the DAEP that will include transition meetings between Beechnut Academy student support specialists, home school representatives, and parents/guardians to successfully transition students back to their home school setting. The expected outcome is a reduction in repeat referrals.

High School Office:

The High School Office will continue to work with schools to reduce discipline incidents and reduce the number of referrals to the DAEP, while ensuring that schools remain safe and friendly environments for learning.

While the number of Level IV incidents fell significantly across high schools last year, a number of schools saw increases in the numbers of Level III offenses. In part this was due to more rigorous and equitable attention to discipline and in part to the reduction of the use of the DAEP. The High School Office will work with these schools to help them analyze and understand how to address trends.

Should you have any further questions, please call my office or Carla Stevens in the Research and Accountability Department at 713-556-6700.

Introduction

The purpose of this report is to provide the number and rate of student disciplinary incidents that occurred in HISD during the 2012–2013 school year. The report was created to comply with Senate Bill 1724, as described in Section 39.053 of the Texas Education Code. Specifically, it states that the annual report must include a statement of the number, rate, and type of violent or criminal incidents that occurred on each district campus, information concerning school violence prevention and violence intervention policies and procedures that the district is using to protect students, and the findings that result from evaluations conducted under the Safe and Drug-Free Schools and Communities Act of 1994 (20 U.S.C. Section 7101 et seq.) and its subsequent amendments.

The disciplinary reason codes listed in the report are presented below along with their definitions. The data were obtained from summer 2012–2013 PEIMS summer resubmission file submitted to the Texas Education Agency. The rate was calculated by dividing the number of incidents that occurred by the fall enrollment during 2012–2013 school year.
