## SCHOOL IMPROVEMENT PLAN EXECUTIVE SUMMARY 2014-2015

**Campus Name:** Bastian Elementary

Mamie Sue Bastian Elementary School's focus this year will be to ensure that all students are academically successful. We will accomplish this by ensuring all instructional resources are aligned with the TEKS. We must evaluate the provided resources by reading the knowledge and skills statements with the student expectation. The student expectation is the what (the content), the knowledge and skills statement is the how (the context). Instructional alignment ensures the content is taught within the appropriate context. Without both there is not alignment. Without alignment, we cannot ensure the academic success of our students. We plan to utilize team collaboration and PLC's to evaluate resources, and to share ideas, teaching strategies, and resources in an effort to increase students' academic achievement. We will provide time and support for teachers to meet regularly in PLC's. Students will be given grade-level, classroom, and district assessments throughout the school year, as well as informal campus based assessments every two weeks. Student test results will be analyzed and used as a teaching tool to focus on objectives that students are struggling with. Teachers will track student progress using a tracking chart based on results from assessments. This allows both teachers and students to monitor student performance. Teachers are required to provide students with feedback on their academic performance. We will simulate the STAAR testing environment as we get closer to STAAR testing dates. This allows both teachers and students the opportunity to see what areas need immediate attention. Teachers will attend appropriate Professional development through in-services and in class support to improve their skills and knowledge in areas that need improvement. Teachers will embed science content in their reading and math instruction in order to support an increase in our science scores. Teachers are receiving additional support from our Teacher Development Specialists, and the Science Lab teacher in the area of Science. Teachers are receiving support from our Teacher Development Specialists to assist with Reading and Math, as well as receiving support from the Teacher Interventionist and the Language Arts Lead Teacher in Reading. Also, we will have tutors to provide additional support in Reading and Math. Hourly Lecturers will come in to work with our students who are at-risk of failing and those students who need a little more individual attention. Our Coordinators will assist with instruction, prepare campus assessments, analyze data, organize team teaching, and develop pull-outs and interventions. He will also work with your over aged students. New teachers are assigned mentors to provide guidance and support. Additionally, teachers will visit other campuses to view their best practices. Teacher practices are monitored daily via walkthroughs and observations. This allows the Leadership Team to see what's working and what's not. If it's not working, we make adjustments as needed. By the end of the 2014 – 2015 school year, students in grade 3-5 will increase from 44% Reading, 39% Math, 27% Writing and 39% Science to 75% met state standards on STAAR.

The principal meets with other principals to discuss effective strategies on teaching and learning that can be implemented at Bastian. The information gathered is brought back to the campus and shared with the Leadership Team to see how it will be implemented at our campus. The Leadership Team meets with teachers by grade level in grade Pre K – 2 and by content in grades 3 - 5 to share the school's vision and discuss district and campus expectations. They conduct walk-throughs where lesson for videoed for reflective purposes, and teacher conferences to share observation results. Classes will be revisited to ensure that improvements and/or changes have been implemented. Teachers are given written feedback after each class visit. If it is observed that teachers are struggling, they will be provided with ongoing support and professional development opportunities. They will be given a chance to observe other teachers on the campus that have been successful. Our curriculum and pacing is aligned with HISD's curriculum to ensure that all objectives are taught and learned to ensure success on district and state assessments. Teachers use HISD's Scope and Sequence, along with the Planning Guides, to plan for

nstruction. Results from assessments will be shared with the teachers. They will be given a copy of their data reports in order to see the concepts /objectives that students are struggling with. They will utilize the Student Tracking system, so that they can see whether or not students are progressing and intervene as needed. Struggling students will have the opportunity to receive pullouts and tutorial intervention. We implement differentiated instruction in a variety of ways. Teachers are using multiple strategies to reach students: Renzulli, Smart Boards, hands on learning, interactive lessons, cooperative learning, peer tutoring, etc. We understand that all students cannot learn the exact same way, therefore, we emphasize differentiated instruction in the classrooms, describe the leadership actions for monitoring performance, setting direction, providing feedback, and communication of values.

In order to increase academic success, we are partnering with our parents by implementing APTT in grades 3 - 5. We have also hired a CIS worker and counselor, whose main focus is to develop/support ways to increase parental involvement. We communicate with parents via quarterly APTT meetings, parent conferences and meetings, letters, flyers, call-outs from the school, daily reminders on the school marquee, and provide them with the opportunity to volunteer in classrooms. Parents will be trained on Grade Speed and provided with literacy strategies during Open House, so that they support their student(s) academic success. Students receive progress reports 4 weeks before the 9 weeks grading cycle ends, so that parents will have the opportunity to meet with the teacher if it's necessary. At the beginning of the year, parents and community members are invited to our Open House. Vital information is shared about the school, the mission and vision, our programs, test scores, classroom and building expectations, discipline procedures, etc. They are also encouraged to attend parent meetings and SDMC meetings to provide their input concerning the education of their children and the success of the school. Parents, community members, and business partners/patrons are invited to attend school programs, the Partnership Breakfast, Fifth Grade and Kindergarten Promotion Ceremonies, and volunteer at the school. Parents are encouraged to be involved in their child's education by registering with the VIPS Program, and are invited to attend various other events held on campus (Math Night, Literacy Night, Mother Son/Father Daughter Dances, etc...). Our Campus Receptionist keeps the school's website updated monthly with vital information pertaining to the school and educational services. Parents are provided with printouts of the School Profile in order to compare the school's demographics from year to year.

## SCHOOL IMPROVEMENT PLAN EXECUTIVE SUMMARY 2014-2015

### **Campus Name:** Briargrove Elementary

Briargrove Elementary School, established in 1954, is located at 6145 San Felipe serving many neighborhoods where students still walk to school. We exist to provide students with a welcoming, safe environment and a rigorous, quality education to successfully prepare them to be the leaders of tomorrow. We commit to academic excellence where there is cohesion in curriculum, programs, and philosophies all of which are aligned in order for all children to reach their maximum potential. In order to accomplish this, we, the faculty and staff, strive to be continuous learners, provide high interest lessons with real world applications, and streamline procedures and goals to meet the needs of our students, staff, and community.

Briargrove Elementary has approximately 851 students in grades kindergarten through the fifth grade. Student demographics are as follows during the 2013-2014 school year: 52% male, 48% female, 44% White, 30% Hispanic, 9% African American, 14% Asian, and 4% other. 22% of our students are GT, 23% LEP, 15% ESL, 34% At Risk, and 4% Special Education.

For the past several years, Briargrove has experienced over capacity in all grade levels. Conducting residence checks for the first time in the school's history, administration has identified over 121 students that did not live within the community zone. Streamlining registration to ensure students live within Briargrove's area, our enrollment has dropped and eased class sizes to 23:1.

Briargrove is in year three of a three year transformation process to raise test scores and rebrand the school as a center for accelerated learning. With a growing ESL, LEP, and refugee population, Briargrove has hired 9 new teachers with many speaking additional languages and from a range of cultures reflecting the community. Teachers were also hired with the understanding that all teachers would prepare and pass the ESL and GT certification test within a two year of being hired. We have prepared professional development that will enhance skills to pass these tests.

Parents believe that our students, teachers, and community are safe on our campus. They believe we provide solid academics in reading and our staff is friendly and easy to talk to. They are proud that our campus is clean and in good conditions as well as free from gang activity. Our students feel that they are expected to get good grades and their teachers are knowledgeable in subject matter. According to our yearly Briargrove survey submitted through our website, students do feel more challenged and that teachers care about them as individuals more than last year. Both parents and teachers felt our faculty was not consistent in motivating students or that the campus was free of girl on girl bullying. With an overall school grade of B, we feel we have much work to do.

For the 2013-2014 school year, Briargrove's achievement scores showed strengths in 3<sup>rd</sup> and 5<sup>th</sup> grade math and reading scores. In reading, third grade made a 8.3 point gain with 5<sup>th</sup> grade securing a 6.26 point increase. Third grade had a net change of 17.2 points from 2012 to 2014. Our Hispanic students have the most difficult time with reading in third and fifth with African-American boys struggling in 4<sup>th</sup>. Fourth grade wrestled with producing positive growth in all subject areas on STAAR. Briargrove has restructured teachers to those who have shown gains in lower grades for the 2014-2015 school year to focus on ELL learners and language acquisition.

Our reading focus will shift to include kindergarten through second grade. Grade one showed 9 students and 2<sup>nd</sup> grade had 11 who failed the High Frequency Word Evaluation. Our goal will be 100% passing for students who started the school year with us.

Although this is the last year for the Stanford, Briargrove celebrated gains in all grades except fourth in reading and math. Double digit gains in reading and math were highlighted for third and fifth grade.

We will continue to provide professional development in math, reading, technology, and science consistently throughout the school year during bimonthly PLCs and Job Embedded Learning experiences. Five teachers are Abydos and Neuhaus trained. Tutorials will be provided as well as additional instructional staff will support students with computer-assisted instruction. In alignment with our mission of growing learners and leaders, teacher leaders will be trained to lead PLCs and support new teachers by meeting monthly to discuss students, strengthen teaching practices, and nurture strengths and work through weaknesses.

Data driven instruction will be implemented and monitored in all grade levels encouraging student reflection and ownership of their learning experience. This with differentiation to meet students where they are will occur in an effort to exceed expectations in all content areas.

Stakeholders value a more strategic structure to change the community culture from a comfortable place to that of an academic force. Our community and student identified that more rigor and challenge through differentiation and student engagement was evident over the past year as well as a continued safe environment.

## SCHOOL IMPROVEMENT PLAN EXECUTIVE SUMMARY 2014-2015

**Campus Name:** Cornelius Elementary

During the 2013-2014 school year, eighty-five percent of the bilingual third grade students met the state standard on the 2014 Spanish Math STAAR test. We also had ninety-six percent of the pre-exit transitional bilingual students who met the state standard on the 2014 English Math STAAR test. Cumulatively, seventy-three percent of our regular ed. third grade students met the state standard on the 2014 English Math STAAR test. Upon reflecting on this data, it is evident that we need to improve from seventy-three percent to at least eighty percent on the English Math STAAR test.

Upon looking at the data on the third and fourth grade STAAR test, we need to focus on improving our math scores in the regular ed. classes. Some causal factors as to why our scores may be lower in the third grade Math STAAR test in the regular ed. classes is that there may be a lack of effective instructional strategies being used in the classes. Also, time management as our first year of implementing a departmentalized team could be a potential concern to teacher effectiveness. In the fourth grade, there needs to be improvement with the students in reading and writing in the transitional program from Spanish to English. Some root causes may be the lack of appropriate instruction and differentiation for ELL learners.
