# SCHOOL IMPROVEMENT PLAN EXECUTIVE SUMMARY 2014-2015

**Campus Name:** Thompson Elementary

The first priority need in the Goal Area of Mathematics is a need for highly-qualified, data driven teachers and school wide math systems and routines. This will address the critical success factors of Academic Performance, Quality Data to Drive Instruction, Leadership Effectiveness, and Teacher Quality. The goal for this areas is for Iowa math score percentages in Kindergarten through fifth grades to exceed the 50th percentile and increase at each grade level 10% higher than 2014 Stanford scores. The percentage of students scoring on Level II Satisfactory STAAR math will also increase by 10%. In order to attain this goal, specific strategies include the use of the 5E Planning template for all Math teachers with ongoing coaching from the leadership team, effectively tracking math data in bi-weekly Professional Learning Communities, utilizing interactive math journals along with weekly hands on activities as well as teachers following a daily math block schedule incorporating Math routines, problem solving, and daily think alouds.

The second priority need is consistency of Science inquiry based instruction in grades PK-5th grades on a daily basis. This need addressed critical success factors of Improving Academic Performance, Increased Learning Time, and Improving Teacher Quality. The goal for Science is: By May 2015, the percentage of students scoring at level II Satisfactory on STAAR Science will increase from 28% to 50%. By May 2015, the percentage of students scoring above the 50th percentile on Iowa Test for Basic Skills will increase from 25% (Stanford) to 40%. To accomplish this goal, there is an addition of a 3rd and 4th grade Science teacher, teacher mandate for once a week hands on activities in Science instruction, the purchase of Edusmart software to promote science instruction along with technology as well as the use of interactive Science notebooks in 1st-5th grades to promote authentic student work.

The third priority need this School Improvement Plan addresses is the need for literacy to be taught through all content subject areas with an emphasis on Writing addressing the critical success factor of Increasing Teacher Quality. By June, 2014, 4th grade Writing scores will increase from 60% to 70% at level II on the STAAR test. Strategies in place to meet this need include utilizing interactive notebooks in Math, Reading, Writing, Science, and Social Studies to ensure students write across disciplines, the addition of a 3rd grade Writing teacher, and the division of labor in 4th grade adding a 4th grade Writing teacher along with a 4th grade Reading teacher.

To address our priority need of increasing student engagement to increase student attendance, strategies to occur include: creation of an Attendance Committee to monitor student attendance and provide incentives, the annual GE bike giveaway with attendance incentives for students, and the daily tracking of attending with classroom monthly incentives. Through these strategies, the goal is to increase our YTD attendance rate from 94.8% to 98%.

The next priority need for Index 4 is to exceed indexes in 2014 – 2015 as this index was barely met for the 2013 – 2014 school year. By May 2015, the percentage of students scoring at Level II: Advanced performance on STAAR tested grade levels will increase in Math from 1% to 10%, 6% to 15% in Reading, and from 5% to 10% in Science. This goal will be met through consistent feedback to teachers from leadership team regarding differentiation and rigor of lesson plans, action based PLC data digs and data analysis of student progress and the creation of intervention groups, as well as active monitoring of high performing students to ensure value is added.

To ensure at least 90% of the staff is considered Effective based on the 2014 – 2015 appraisal ratings will ensure all teachers, administrators, and paraprofessionals are accurately appraised, build staff capacity through consistent feedback and coaching, create content based model classrooms to serve as a campus support, as well as monthly paraprofessional meetings in addition to faculty meetings to continue supporting the campus expectations.

Thompson Elementary – CONTINUED

In the area of Safety, Public Support, and Public Confidence, our need is to ensure we provide a safe learning environment for all students and staff at Thompson Elementary. The goal is to decrease the out of school suspensions from 63 to 30 or less for the 2014 – 2015 school year. This will occur through implementation of a Discipline Committee to create school wide discipline plan as well as increased school awareness of bullying prevention through an ongoing school wide campaign. Teachers will also receive training in conflict resolution to assist in character education with their students.

There is also a need to provide an instructional program that adequately addresses the needs of all special populations. The goal in this regards is for the percentage of special education students meeting performance standards on the state assessment will meet or exceed 70%. This goal will be accomplished through establishing a vanguard program for G/T students as well as ensuring instruction for special education students is aligned with the expectations of the TEKS.

In order to increase parent involvement for the 2014 – 2015 school year, several actions will occur including the creation of a Parent Teacher Association and multiple school involvement activities including Literacy Nights, Science Nights, Math Nights, and college days/nights to involve parents and the community. None of these events have occurred in the past.

The Index 2 (Student Progress) mark (57 index score) was carried primarily by overall gains in math (65% of eligible points earned) while reading progress (48% of eligible points earned) was not as pronounced. Travis was ranked No. 29 among the same 40 schools in Index 3 (Closing Performance Gaps) with an index score of 44, showing a critical need to raise 'satisfactory' and 'advanced' standard achievement rates among Economically Disadvantaged and Hispanic subgroups. Academic goals (75% of students in Grades 3-5 scoring at Phase 3 Recommended level on the STAAR reading test; 80% of students in Grades K-5 achieving Istation Tier I status; 75% of students in Grades 1-5 scoring at or above the 50$^{th}$ percentile in total reading on the Iowa Assessment; 83% of students in Grades 3-5 scoring at Level II Proficiency on the STAAR math test) align with the need to increase Student Progress rates in reading and to close performance gaps. We will provide for pertinent professional development opportunities as described previously.

To meet our attendance goal (Average Daily Attendance will increase by 0.6% from 97.4% to 98.0%), we will track absence trends and totals, directly communicate with families regarding excessive absences and document with warning letters as applicable, and host incentive special events for students with perfect attendance. Travis **will continue developing a safe and respectful environment for students, parents, and staff (the results of the Your Voice survey in May, 2015 will show that at least 94% of students agree or strongly agree that they are satisfied with the school environment, up from 90% in 2013-2014) by implementing a character education program that combines elements of the Six Pillars of Character, No Place for Hate, and Welcoming Schools. Positive behavior interventions will be employed and a new Safe Driver Policy with parent acknowledgement will be implemented to ensure safe crosswalks for our pedestrians.**

Student achievement on Math and Science is generally higher than in Reading and Language Arts. A major concern is that students are not extending what is learned in the classroom to real life experiences or challenged to think critically. Our review of instruction and assessment scores indicate that although teacher are working diligently with all students, much of our effort is channeled into getting students to pass assessments but not necessarily excel.
