Campus Name: Energized for Excellence Academy, Inc.

After comparing our Data on Student Achievement by the TEA Accountability Agency from 2013 to 2014, we determined that our focus this year will be on improving our academic achievement with our Hispanic students who are mainly ELL learners. In 2014, the percentage of our Hispanic students meeting the phase-in satisfactory standard decreased in all areas except Reading, which stayed the same percentage as 2013. The percentage of our African American students meeting the phase-in satisfactory standard percentages decreased in Reading and Science.

Based on our data analysis, Energized for Excellence Academy, Inc., needs to focus on ELL instruction in Reading, Math and Science for our Hispanic students. In addition, we need to improve our instruction for our African-American students in Reading and Science.

SCHOOL IMPROVEMENT PLAN EXECUTIVE SUMMARY 2014-2015

Campus Name: Young Men's College Preparatory Academy

The vision of YMCPA is to prepare male students for the demands of life's challenges for the 21st century. We strive to increase student achievement; provide a safe boy friendly learning environment for all young men. We believe learning is the reason our organization exists and is the fundamental purpose of our daily work. We acknowledge that students learn at different rates and require different levels of support. Thus we are continuously reevaluating our educational practices and strategies. We therefore, affirm that the learning process is more about practice and less about theory. Our teachers work collaboratively and interdependently in Professional Learning Communities use four critical guiding questions to drive instruction: (1) What do we want students to learn? (2) How will we know when students have achieved the learning? (3) How will we respond when students are not learning? (4) How will we deepen the learning for students who have already mastered the essential knowledge and skills?
