

**Introduction:**

LEA: Natomas Unified School District    Contact (Name, Title, Email, Phone Number): Constituent and Customer Service, customerservice@natomas.k12.ca.us, 916-561-5253\_    LCAP Year: 2016-2017\_

***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

### **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

#### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

#### **B. Pupil Outcomes:**

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

**C. Engagement:**

**Parental involvement:** efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

## **Section 1: Stakeholder Engagement**

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

**Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>The Natomas Unified School District engaged stakeholders throughout the 2015-2016 school year to gather their ideas and feedback about actions and services as well as expenditures for those actions and services to support student success at school. Our five district goals served as the framework for our 2015-2016 LCAP and the stakeholder engagement process.</p> <p>These goals include:</p> <ol style="list-style-type: none"> <li>1. <p>students attend and are connected to their schools</p> <p>5. Recruit, hire, train, and retain high quality staff who are committed, collaborative, caring and exemplary</p> <p>Below is a list of engagement efforts throughout the year where stakeholders shared input about one or more of the actions and services included in the 2015-2016 LCAP as well as future actions and services for student success. Meetings were held with parents, pupils, school site council members, site leaders, District English Learner Advisory Committee members, local bargaining unit members, district staff, and foster youth advocates. NUSD discussed district data, both qualitative and quantitative, and met with stakeholders on this data throughout the school year.</p> <p>Ongoing social media engagement with stakeholders throughout school year</p> <p>8/24/15 - Principal Meeting</p> <p>8/25/15 - Natomas Teacher Association (NTA) President &amp; Vice President monthly meeting with NUSD Administration</p> <p>9/1/15 - California School Employee Association (CSEA) Executive Council meeting with NUSD Administration</p> <p>9/10/15 - Natomas Teacher Association (NTA) President &amp; Vice President monthly meeting with NUSD Administration</p> <p>9/14/15 - Principal Meeting</p> <p>9/15/15 - DELAC Meeting</p> <p>9/16/15 - Superintendent's Parent Advisory Committee Meeting</p> <p>9/19/15 - Parent CORES Event at IHS</p> <p>9/22/15 - Natomas Teacher Association (NTA) President &amp; Vice President monthly meeting with NUSD Administration</p> <p>10/1/15 - California School Employee Association (CSEA) Executive Council meeting with NUSD Administration</p> <p>10/5/15 - Certificated Staff Development Day</p> <p>10/6/15 - Natomas Teacher Association (NTA) President &amp; Vice President monthly meeting with NUSD Administration</p> <p>10/12/15 - Principal's Meeting</p>	<p>committed, collaborative, caring and exemplary</p> <p>Through our surveys, focus groups, meetings with staff, and meetings with Bargaining Units leaders we learned that many of our current programs for students and schools need to continue and we also learned about new supports and programs</p> <ul style="list-style-type: none"> <li>• One of the things we learned through our stakeholder engagement this year is the need to provide a multi-tiered system of supports for our students. Parents and guardians, as well as students, and NUSD all identified the need to provide a combination of academic and social emotional supports for our students in 2016-2017. Next year, NUSD will begin a new MTSS program that is designed to provide both academic and social emotional support to students through multiple sources.</li> <li>• About half of our stakeholders were aware of our work to eliminate disparity and disproportionality for English Learners, which may be because fewer than 1/3 of our students are or were English Learners. Among the half of the respondents who were aware of our programs, 80% believe we are doing a good job in supporting our English Learners. NUSD will continue to support and expand our supports for English Learners.</li> <li>• Along with the work to eliminate disparity and disproportionality for English Learners, much work has been done to eliminate disparity and disproportionality for low income students. Roughly half of our stakeholders were aware, which may be because roughly half of our students are considered low income. Of the respondent who were aware of these programs, 82% believe we are doing a good job in supporting our low income students. NUSD will continue to support and expand our supports for low income students.</li> <li>• There was less awareness for our work to support foster students, possibly because they represent only 1% of our district enrollment. Nevertheless, there was strong support for NUSD to continue to provide financial support for Foster Youth to ensure they can participate in extra-curricular activities, clubs, music, after school enrichment activities and to buy technology and school</li> </ul>

These are especially important for Foster Youth Students and students of poverty because they are less likely to have parents who attended college and less likely to have the means to take college entrance exams on their own.</li> <li>There was also continued support for providing instructional technology resources to our low income students at Natomas Gateways Middle School but respondents suggested that we modify how the program is implemented for 2016-2017 so that students have more access to Chromebooks on a daily basis. Next year teachers and students at NGMS and 9th grade students at NHS will have classroom Chromebooks available in Core classes which they can use on a regular basis to increase learning, achievement, and to prepare 21st Century College and Career Skills.</li> <li>NUSD has implemented a number of programs to help students become more engaged in school including additional music teachers in middle school and elementary athletics, as well as investing additional resources for music and athletics. Of the respondents who were aware of these programs, 83% believe we are doing a good job to help our students become more engaged in school. Nearly 50% of NUSD elementary students in grades 4 and 5 participated in elementary athletics; 57% of those students are students of poverty; and 5 were foster students (out of 91 foster students enrolled in NUSD in the spring). The support by our stakeholders and diverse participation by our students are important data for NUSD to continue these engagement efforts into 2016-2017 and grow to support more students, especially low income, foster, and students of color.</li> <li>The International Baccalaureate program at Inderkum High School and Natomas Middle School received high levels of support</li> </ul>

In 2016-2017, we will continue to support IB programs as H Allen Hight was just awarded IB World School status this Spring. Also, Natomas High School was recently approved to be an AP Capstone School so both of the NUSD traditional High Schools will have a world-recognized college going program to support rigorous college and career preparation.</p> <ul style="list-style-type: none"> <li>• Most stakeholders were aware and supportive of NUSD's college and career pathways including AP, IB, Health and Engineering, Culinary Arts to name a few. These programs will continue into the 2016-2017 school year.</li> <li>• There was a strong awareness to our work to implement Common Core through new math and English textbooks, technology and professional development, probably because CCSS touches every student in every grade. This work will continue into the 2016-2017 school year.</li> <li>• Over 80% of our stakeholders were aware of the work NUSD has done to communicate with parents and provide support through Constituent and Customer Service. This work will continue into the 2016-2017 school year.</li> </ul> <p>The LCAP requires all school districts to identify a number of targets or quantitative measures, referred to as "Expected Annual Measurable Outcomes" (EAMOs). Because Natomas Unified wants to establish thoughtful, student driven outcomes, the district is also mindful that its established outcomes could have an adverse affect on future funding flexibility and are not yet complete at the state level. Since there are no current explanations to help staff identify if targets should be conservative, big and bold, or something in-between, Natomas Unified has taken a two-pronged approach. Each quantitative outcome (a student outcome that can be measured by a number or percent) will have a range assigned. The first number set, like the 2014-2015 LCAP, is a conservative number. This conservative number is our legally mandated EAMO. With undetermined specific expectations and changes in state metrics during the year possible, this minimum number meets the legal guidelines and helps Natomas Unified traverse the uncertainty</p>

This goes beyond the scope of the required LCAP, and is aligned with local accountability expectations. In Natomas Unified, we believe that a culture of Continuous Learning and Improvement must exist to eliminate disparity and disproportionality and ensure that all students learn. We want staff to identify a problem or deficiency in our district using data and evidence. We want staff to discuss possible solutions to those problems, develop a plan and take action. We expect staff will monitor these actions, assess progress and make necessary adjustments based on data and evidence. These steps come directly from Board Policy 0100 (BP 0100), The Theory of Action: “In order to achieve Natomas Unified’s Vision and implement its Core Belief and Commitments, the Board of Trustees commit to a Theory of Action for Student Success. This Theory of Action is intended to provide stability and consistent direction for student success. This theory will drive the Board's policies, budgets, and staff actions to build and maintain the culture of Natomas Unified”.</p> <p>If actions or services are listed in the LCAP and attached to an outcome, we anticipate improvement. When improvement happens, staff must consider the continued use and possible extension of these productive actions or services. When the data or evidence shows that actions and services to did not lead to improvement, then staff must reconsider their assessment of the problem, make plans and implement changes or develop new actions or services that they anticipate will lead to improved student outcomes.</p> <p>The amount of improvement of a quantitative student outcome is directly connected to financial and personnel resources allocated to that outcome. Due to limits in money, personnel and time, not all of the necessary resources can be allocated to solve problems, in particular problems that are long standing and pervasive across the state and country. In addition to the state mandate that some EAMOs have a quantitative metric, Natomas Unified wants to</p>

In alignment with this local Natomas Unified expectation, the second set of numbers which we are calling the Student Target Outcome Range (STOR) has been included within this template. The STOR range takes into account how much money, time and personnel has Natomas Unified has put into a quantitative metric and what level of improvement staff would expect to see from their efforts. This STOR will be monitored (where possible) throughout the year. When appropriate progress (or lack there of) is determined, staff will communicate out to our local stakeholders. Using the Cycle of Continuous Learning and Improvement required in Board Policy staff will focus on progress over time. BP 0100 reads The Board of Trustees believes that “progress over time” is more essential than a snapshot in time of student achievement results.</p> <p>In alignment with the concept of local control, Natomas Unified's LCAP meets both the California Education Code requirements as well as the District practice of continuous learning and improvement on behalf of all the district's students</p>
<p><b>Annual Update:</b>  On February 10, 2016 a presentation was shared with the Board of Trustees on the status of all of the LCAP actions and services as well as the metrics in the 2015-2016 LCAP.  Annual Update:</p> <p>For each action and service, district staff presented the current status, sharing actions that had been successfully completed or were on track to be completed as well as actions and services that were not completed or would not be completed. Additionally, all available data were presented. For example, student attendance data was presented for the district, all schools, all grade levels, all ethnic groups, foster youth, special education students, English Learners, and students of poverty.</p>	<p><b>Annual Update:</b>  Based on the data presented to the Board of Trustees at the mid-year update in February and the ongoing analysis of data and metrics in alignment with the LCAP metrics the district identified areas of both promising practices as well as opportunities for improvement.</p> <p>Following our cycle of continuous learning and improvement, LCAP metrics/targets were monitored at different points in the year by student subgroups, school, and grade levels to make progress over time.</p> <p>For every action and service we monitored progress using the following scale.</p> <ul style="list-style-type: none"> <li>• Making progress, on track at this time</li> <li>• Making progress slower than desired</li> </ul>

<p>Following that Board meeting the presentation was posted on the district website on Feb 12 along with a survey in both English and Spanish to gather critical feedback from stakeholders. The survey was communicated to all staff through district emails, to all families through our Blackboard Connect system, as well as inviting stakeholders to participate by posting it on our district website, Facebook, and App. Invitations to participate in the survey were sent out when the survey was launched and throughout the following weeks to encourage participation.</p> <p>Student focus groups were held at all secondary schools and several elementary sites. In each focus group students of poverty, English Learners, and Foster Youth were oversampled to purposefully get higher rates of participation for the LCFF unduplicated students.</p> <p>After initial survey results were analyzed, staff determined that fewer parents of Hispanic students and African American students had participated than would be representative of the district enrollment. A phone bank was set up in which NUSD staff made more than 300 phone calls to members of those households. In addition to the phone bank NUSD staff met with parents attending "Coffee and Conversations" to present the 2015-2016 LCAP and engage the parents in the LCAP survey.</p> <p>772 people completed the survey as of April 14, 2016, including:</p> <ul style="list-style-type: none"> <li>• 546 parents</li> <li>• 79 have children who are English Learners</li> <li>• 31 have children who are students of poverty (throughout the survey process we learned that many students and parents were unsure whether to self identify as a "student of poverty" because they may not consider themselves as such.</li> <li>• 214 students</li> <li>• 39 are EL</li> </ul>	<ul style="list-style-type: none"> <li>• Behind desired timeline, but still likely implemented</li> <li>• Unable to implement</li> <li>• Not started</li> </ul> <p>For each target/metric, we used the following scale:</p> <ul style="list-style-type: none"> <li>• Met target</li> <li>• Close to meeting target</li> <li>• Missed target</li> <li>• No data at this time</li> </ul> <p>With the use of the NUSD data warehouse district and site leaders have the ability to see real-time student data and information for things such as attendance, suspensions, and assessment results. The data warehouse provides aggregate data for all students in the district or at a school for each metric but also allows leaders to drill down to groups of students by ethnicity, EL status, SPED status, Foster Youth status, grade level, and gender. ## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

**Annual Update**

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the

effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		NUSD will continue implementing actions and services to support student achievement through the implementation of the common core. NWEA assessments will continue to help students and teachers prepare for CAASPP testing. NUSD engaged in a math textbook adoption and the text was utilized in K-12 classrooms during the second semester. In addition to the math text, leaders and teachers engaged in a secondary English textbook adoption, this text will be implemented in the 2016-2017 school year starting with secondary school sites. English Learners students will continue to be supported with the continued funding for EL Coordinators and Lead teachers at school sites. Students will be supported with a Multi-Tiered System of Supports (MTSS) with specific supports for student academic achievement, with a specific focus on English Learners and African American students, through a "Collaborative Team",			

		“Building Leadership Team”, and “District Leadership Team”. One key action of the teams will be to monitor our African American and Hispanic student student achievement in the core instruction, plan for students who need enrichments and those that need supports. Student chromebooks will continue to be provided for our instructional technology programs. Expository Reading and Writing classes will continue to support 12 <sup>th</sup> grade students to increase their college access options. Extended day supports for students will continue in 2016-2017 for English Learners and as a resource at the high schools for the APEX program. Additional support will be provided to African American and Hispanic students through the Freedom Schools Program.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	NUSD will continue to provide programs and services to increase access for students to College and Career opportunities including: graduating from high school; completing the UC/CSSU a-g requirements; accessing exams for 4 year college acceptance; decreasing high school dropouts; and increasing access to College and Career pathways. Transcript analysis will continue for currently enrolled students with a specific focus on African American and Hispanic students as well as those who have already dropped out to identify possible causes. Continued focus on the number of students who complete courses like Chemistry and Physics as well as Algebra. The NUSD course catalog will continue to help align NUSD courses with UC/CSU a-g requirements and also highlight school programs and offerings. The implementation of CAHSEE "Boot Camps" was not executed since the CAHSEE is no longer a requirement for high school students and will no longer be included in the LCAP. Student access to NUSD college field trips will continue with a concentrated focus on college and career. The Coordinator of Foster Youth will continue to provide support and access for Foster students in the 2016-2017 school year. The GATE program will continue to be offered to students. The update of the UC Doorways list,		

		analyzing 11 <sup>th</sup> grade transcripts to identify credit recovery, creating a baseline % of seniors that have passed two semesters of Chemistry or Physics will continue as part of NUSD ongoing work and will not be included in the LCAP. Maintaining World Language in middle and high schools, creating a baseline % of seniors that have at least passed 2 semesters of Algebra 2, measuring students who have at least one AP or IB course will continue but will be included as part of Goal 6. Career Technical Education pathways and opportunities will continue with the addition of a Director to help with program development and growth as well as the addition of a Broadcast Media Pathway at Inderkum High School.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	NUSD will continue implementing actions and services to engage our students' parents and families in their child(ren)'s success in school. During the 2016-2017 school year NUSD will continue using surveys, social media, the NUSD app, the NUSD website, and meetings with students to engage with students and parents. Translation services, DELAC support, Parent University, and parent education opportunities will continue to provide parents with district and student information with a specific focus on English Learner parents. Support for African American and Hispanic students and parents will increase next year through the implementation of the Freedom Schools Summer School program. Parent Ambassadors will not continue next year but these funds will be reallocated to support Parent University supports.

Social emotional supports like Restorative Justice will continue with an expansion into Natomas Gateways Middle School and it will be available to other sites through trained staff. Although HOPE Alliance was not implemented, the funds were used to provide sites with safety equipment. Social emotional and engagement supports will be implemented through Improve Your Tomorrow, Aim High, and Freedom Schools programs, specifically for African American and Hispanic students. To support school safety an additional School Resource Officer will be added. To help support the Multi-Tiered System of Supports one Psychologist and one Health Aid will be staffed at each school site.

**Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.**

### Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ 5,927,522
<p>Natomas Unified School District's projected 2016-2017 LCFF Supplemental and Concentration grant is \$5,927,522. This represents a decrease of \$686,116 in comparison with the 2015-2016 funding level. NUSD serves a very diverse student population of approximately 10,029 students in transitional kindergarten through twelfth grade. Approximately 55.8% of the students in the District qualify for free and reduced price meals and are living at or below the poverty level. 17% of students are designated as English Language Learners and 7.8% are identified as being homeless or residing in a foster home.</p> <p>The majority of students served will be unduplicated students (61.3%) and the actions and services identified in the LCAP will best serve ALL students, including ALL subgroups, socioeconomically disadvantaged students, foster youth, students with disabilities, and English learners by providing increased/improved/targeted actions and services.</p> <p>The LCAP budgeted expenditures including supplemental and concentration dollars are described and justified above in several areas such as support for English Learners, DELAC supports, college assessment opportunities for all students, supports for foster youth, and supports for African American and Hispanic students.</p> <p>Additionally, a portion of supplemental and concentration dollars are being used to increase time for learning. Following research, NUSD increased instructional minutes in 2014-2015 over previous school years to give students the maximum amount of time with their teachers. Natomas Unified is using data to make critical decisions that target resources for students with the greatest needs: English Learners, foster students, ethnic subgroups, socioeconomically disadvantaged students, and students with disabilities. For example, with (61.93%) of our students in the "unduplicated" group, the strategic utilization of LCFF funds district-wide continues to include 50 additional minutes a day for all non-charter middle schools. In one school year, those 50 minutes a day are equivalent to an additional 20-25 school days for our students. Currently, the school serving the largest middle school population in Natomas is Natomas Middle School with over 800 students, and cumulative enrollment of 930 students this year. NMS has some of the lowest student achievement, highest suspension rate, and students with the following demographics: 69% unduplicated pupils, 18% Pupils with Disabilities, 18% English Learners, 16% Redesignated English Fluent Proficient, 62% Socially Economically Disadvantaged Pupils, and 56% students of color (30% Hispanic and 26% African American).</p> <p>While the additional minutes will serve all students, the middle school years were targeted for time based on a combination of student achievement and demographic data. Across the district there are currently more than 1,600 middle school students in NUSD at Heron K-8, Natomas Gateways Middle School, and Natomas Middle School. NUSD middle school students are more likely to be</p>	

low income (63%) student of color (34% Hispanic, 25% African American), and male (52%). Additional 15% of our middle school students are receiving Special Education services. Throughout the school year, many students move in or change schools and collectively, these three schools served nearly 1,850 middle school students this school year. Mobility and transience is a significant challenge in Natomas Unified. In a recent evaluation, NUSD found that only 79 of 100 sixth graders enrolled in NUSD in 2015 were also enrolled as 5<sup>th</sup> graders in NUSD the year before. Also, only 33 of 100 ninth graders at Natomas High School were enrolled at Natomas Middle School the year before. And only 57 of 100 ninth graders at Inderkum High School were enrolled at Natomas Middle School the year before. Natomas Gateways Middle School did not have an 8<sup>th</sup> grade class the year before. These high rates of mobility and transiency affect not only our students individually but also classrooms and schools as they work to support each student and all students.

Natomas Unified also implemented 17 minutes of additional instructional time starting in 2014-2015 in 1st, 2nd and 3rd grades were negotiated district-wide based on data. For example, Jefferson Elementary School has demographic data that shows: 86% unduplicated student, 11% Pupils with Disabilities, 30% English Learner, 83% Socially Economically Disadvantaged Pupils, and 70% students of color (55% Hispanic and 15% African American). Jefferson Elementary School has a student population of 475 in 2015-2016 but throughout the year serves nearly 600 students. While at Natomas Park Elementary school the demographic data show 63% unduplicated student, 6% Pupils with Disabilities, 22% English Learner, 53% Socially Economically Disadvantaged Pupils, and 40% students of color (27% Hispanic and 13% African American). However, Natomas Park had 883 students in 2015-2016 but served more than 1,000 students cumulatively throughout the year. This means that Natomas Park actually has more students of poverty, more English learners, more African American, more Hispanic and more students with disabilities than Jefferson, despite the differences in percentages.

NUSD recently conducted an evaluation of student transiency and mobility among third graders and found that among 100 third graders enrolled in NUSD in the fall of 2015, only 82 were enrolled as 2<sup>nd</sup> graders in 2014 in NUSD, only 69 were enrolled as first graders in 2013 in NUSD, and only 56 were enrolled at Kindergartners in 2012 in NUSD. Even fewer students were enrolled in previous school years at the same school as they were enrolled in third grade with only 77 enrolled at the same school as second graders, 61 enrolled at the same school as first graders, and 46 enrolled at the same school in Kindergarten.

This data-based, targeted decision-making is at the heart of LCFF to improve outcomes for students with the greatest needs. It is clear that the example above clearly indicates, that with nearly 2 out of 3 students meeting the definition of unduplicated students, the most effective use of funds in Natomas Unified is to provide increased and improved actions and services on a school-wide and district-wide basis.

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

9.34%	%
-------	---

The Natomas Unified School District (NUSD) minimum proportionality percentage is 9.34%, or equivalent to \$5,927,522. The majority of students served will be unduplicated students (61.93%) and the actions and services identified in the LCAP will best serve ALL students, including ALL subgroups, socioeconomically disadvantaged students, foster youth, students with disabilities, and English learners by providing increased/improved/targeted actions and services as outlined above. The actions and services described above utilize at least the required minimum proportionality amount. For example some of the actions and services described in this LCAP that serve ALL students to meet the minimum proportionality include:

- Implementation of Expository Reading and Writing (ERWC) classes to provide 12th graders with access to expository reading and writing curriculum necessary for college readiness; ERWC will also be emphasized at the 11th and 12th graded to increase English Learner success (as outlined in the Natomas Unified English Learner Master Plan)
- Continue to provide two English Learner Teacher on Special Assignments (TOSA) to address English Learner needs including redesignation, access/placement and professional development.
- Maintain 2.2 FTE EL Coordinators for Secondary Schools
- Continue to fund EL lead teachers at each school sites.
- Continue to implement 1-to-1 Chromebooks for students at Natomas Gateways Middle School
- Implement 1-to-1 Chromebooks for freshman class at Natomas High School
- Teachers for English Learner extended day supports and targeted summer school for English Learners
- Fund and support professional development provided for English Learners teachers
- Provide supplemental programs and services at all school sites to meet the district Core Beliefs that every student can learn and succeed and disparity and disproportionality can and must be eliminated (previously EIA)
- Continue to provide a summer school program in 2016 that addresses graduation and UC/CSU a-g original credit and credit recovery opportunities at all high schools and for all middle school students who have taken an a-g course but earned a D or F. Explore potential of expanding summer school for targeted elementary school students.
- Continue to implement systemic APEX seats, extended day credit recovery program, to increase grad rate by school and subgroup and increase UC/CSU a-g by subgroup
- Coordinator of Foster Youth to meet regularly with foster youth students; implement systems to measure and collect baseline data about Foster Youth and track foster youth students accurately with Foster Focus and district SIS; develop practices regarding enrollment, placement, and awarding partial credit to Foster Youth transferring into and out of NUSD
- Seal of Biliteracy medals and recognition awards

- Provide 11th graders with access to ACT exams during the school day with NUSD to increase the ACT access for low income students and students from typically underrepresented subgroups
- Provide 10th graders with access to PSAT exams during the school day with NUSD to increase access for low income students and students from typically underrepresented subgroups
- Continue Adult Education
- Maintain access for students at all grade levels participating in Natomas Unified College Field Trips, with a particular emphasis at the high school level for African American and Hispanic students
- Provide parent educational opportunities for UC/CSU a-g via Parent University
- Continue to hold meetings with students to access their perspective of district needs and interests
- DELAC Transportation - providing bussing support for DELAC parents has increased participation, DELAC Support (food, translations, child care), continue to provide increased translation services
- Parent Workshops - Targeted workshop through Parent University for EL Parents
- Increased translation services
- Implement Senior Survey for all 12th grade students
- Continue Constituent and Customer Service as access for information, support and intervention for parents, staff and community stakeholders
- Collaborating with each school, hold district level re-classification recognition events for students and families
- Continue on-going CAC parent meetings
- Restorative Justice offered at two middle school sites as well as targeted work at other school sites that have the need for services
- Ensure Foster Youth have access to extracurricular activities, clubs, music, afterschool enrichment activities, technology and school supplies
- Implement the Aim High program at designated schools to support African American and Hispanic students
- Implement the IYT program at designated schools to support African American and Hispanic students
- Implement the Freedom Schools (including Summer School) Program to support African American and Hispanic students

## **LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is

enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:
