- 1. To confirm –we should submit two paper versions and a flash drive containing our proposal.**

Yes, two paper versions and a flash drive containing your proposal in a single sealed envelope.

- 2. In Section VI Proposal Requirements, what does “tab” mean? Does this mean we should submit in Excel?**

No, it should be PDF or word format and the tab here just means that if you were to submit a bound proposal or a proposal in a binder, these would be the sections.

There is a word limit on the Executive Summary, but there is not an overall page limit for the proposal

- 4. Should we include anything about performance metrics in our proposal?**

Yes, please list potential performance metrics in the scope of work / project plan section. We would recommend that you review the Turnaround Action Plan (TAP) and look to align your performance metrics to the TAP where possible.
