The following questions were provided as part of the pre-Bid meeting on December 22, 2020, or were questions provided via email subsequent to the Pre-Bid meeting:

Ques. 21: The Master List provided has 'gate time' and 'arrival' times listed. Do you have a document that includes miles per route?

Ans. 21: Please refer to Attachment #1 for details on mileage per route.

Ques. 22: The table on page 20 refers to Special Runs. Are the hours included attributable only to field/athletic trips, or do they include late runs?

Please indicate the number of annual field/athletic trips, as well as the number of trips that exceed the 12-mile limit.

- Ans. 22: The Special Runs data in the table on page 20 includes late runs and field/athletic trips.
- Between 7/1/18 and 6/30/19 the District had approximately 1,900 trips, including athletics. Out of the approximate 1,900 trips, approximately 745 of the trips exceeded 12 miles.
- Ques. 23: Please provide copies of the fuel adjustments for the first 2 quarters of the 2019-20 school year.
- Ans. 23: Please refer to Attachment #2 – First Student Invoices for 2019-2020 and Attachment #3 – First Student Invoices for 2020-2021 to identify any fuel adjustments applied to the contract.
- Ques. 24: Please provide a copy of the most recent fleet listing provided by First Student.
- Ans. 24: The Fleet Listing is included in Attachment #4 to this Addendum #3.
- Ques. 25: If available, please provide a copy of the current First Student Teamsters Seniority List.
- Ans. 25: The Union Representation and Contact information for First Student's employees at the Providence Public Schools is as follows:
Teamsters Local 251
Tony Suazo
Vice President / Assistant Business Agent
(401) 434-0454 Ext. 229
- Ques. 26: While the RFP is specifying 71px vehicles, could we cascade in larger vehicles, i.e. some 84px Type Ds? And if some larger vehicle are allowed, could we balance that increase in capacity with a few 65/66px buses?
- Ans. 26: Yes, the District is agreeable to this request, but the full-size buses must be a minimum of 65/66 passenger.
- The District is agreeable to the concept of integrating in some larger, 84 passenger buses, but places a limit on the number of 84 passenger vehicles at 5% of the total number of full-size buses (defined as any buses 71 passenger and larger) in the fleet. Likewise, the District is agreeable to allow the integration of 65/66 passenger buses, with the same 5% cap on the number of 65/66 passenger buses allowed at any one time.
- Additionally, the District will not allow for any increase in the rates for the 84 passenger buses should they be integrated. The rates requested for the 71 passenger buses in the RFP, will also be applicable to the 84 passenger buses.
- Ques. 27: Item 21 (a) on page 18 indicates the new contract will expire on 8/31/26. With the large bus terminal on Ricom Way under lease to your incumbent through the end of the current contract on 8/31/21, and with the new contract due to start on 9/1/21, it will be impossible for an operational transition at that facility.
- As it seems that the Ricom Way bus yard is the best site available for an operation of this size, we'd like to strongly suggest the district consider revising the term for the new contract, and put summer school for 2026 in the subsequent contract. Having the 5-year term end on 6/30/26 instead of 8/31/26 will allow for a comfortable facility transition over that summer, should there be a change in contractors.
- Ans. 27: The District is agreeable to the revision of the expiration date of the proposed new contract from August 31, 2026 to June 30, 2026. Therefore, the new contract will be awarded for a period of five years, 2021-2022 (9/1/21-8/30/22) school year through the 2025-2026 (9/1/25-6/30/26) school year.
- Ques. 28: Where is the current contractor's facility located?

Ans. 28: The current contractor's facility is located at 3 Ricom Way, Providence, RE 02909.

Ques. 29: Is there a Union in place for the current Contractor's employees?

Ans. 29: Please refer to Answer #25 for additional information on the Contractor's Union representation.

Ques. 30: If there is a Union, would you please provide a copy of the most recent CBA.

Ans. 30: Please contact the Union directly for this information. Refer to Answer #25 for the contact information for the Union.

Ques. 31: Being the District has released this RFP while the COVID-19 Global Health Crisis is still very much disrupting school calendars, will the District consider adding language to the contract whereas the District will pay the awarded contractor a percentage of their bid price (i.e.: 80%) during closures lasting more than three (3) days?

Ans. 31: As the bid documents state, vehicle prices will be based upon the time the vehicle is serving the Providence Public Schools, for the transportation of students. No payment shall be made for runs not provided. Notwithstanding the foregoing, the District reserves the right, in its sole discretion, to consider the payment of some negotiated percentage of a verifiable portion of fixed costs to the contractor under these circumstances however, the District is under no obligation to do so.

Ques. 32: Can you provide a Seniority List with rates of pay for the current Contractors driver pool?

- a. If it isn't possible for you to provide the above request for the Seniority List with rates, can you please provide how many drivers for each years of experience group below:
 - i. 0-1 Years
 - ii. 2-3 Years
 - iii. 3-4 Years
 - iv. 4-5 Years
 - v. 5-6 Years
 - vi. 6+ Years

Ans. 32: Please contact the Union directly for this information. Refer to Answer #25 for the contact information for the Union.

Ques. 33: If you cannot provide the Seniority list, can you please provide the total number of drivers currently employed by the current Contractor to provide all services necessary?

Ans. 33: Please contact the Union directly for this information. Refer to Answer #25 for the contact information for the Union. The District states approximately 153 Drivers plus 10% spare factor.

Ques. 34: Can you please provide at minimum 2 years of invoices and payments?

Ans. 34: Please refer to Attachment #2 and Attachment #3 for the 2019-20 and the 2020-21 contractor invoices.

Ques. 35: Can you please provide detail lists of current routes, including miles and route times for each section (Regular education, Special Education, Summer School)?

Ans. 35: The Master Route Listing for 2019-2020 was provided in Addendum #1, issued on December 29, 2020.

Ques. 36: Can you please provide total billable and non-billable miles accrued during the past fiscal year?

Ans. 36: The District does not have this information readily available. Please refer to Attachment #2 and Attachment #3 for the 2019-20 and the 2020-21 contractor invoices.

- Ques. 37: Can you please provide live hours and deadhead hours for the previous fiscal year?
- Ans. 37: The District does not have this information readily available. Please refer to Attachment #2 and Attachment #3 for the 2019-20 and the 2020-21 contractor invoices.
- Ques. 38: Can you please provide the CPI rate used each year during the current contract?
- a. If not, can you provide the current rates being paid for each service provided by the current contractor?
- Ans. 38: Please refer to the requested Contractor's invoices for the 2019-20 and 2020-21 school year included in the attachments to this Addendum #3.
- Ques. 39: Can you provide the liquidated damages assessed for the past fiscal year?
- Ans. 39: There were \$0 liquidated damages assessed for the past fiscal year.
- Ques. 40: Have there been any driver retention or hiring issues in the past few years?
- Ans. 40: It is the understanding of the District that First Student has not had any hiring or retention issues as it relates to First Student Drivers hired to provide service to the Providence Public School District.
- Ques. 41: What is the current staffing levels for the current contractor to perform the duties of this contract?
- Ans. 41: The best estimate of the staffing levels the District can provide is as follows:
- Approximately 153 Drivers plus 10% spare factor
 - Approximately 15 full time mechanics (this is a shared resource with other District(s))
 - Approximately 8 front office staff (Dispatchers, Clerks, Supervisors etc.) as a shared resource with other District(s)
- Ques. 42: Just to clarify, who is responsible for all fuel costs incurred for each route?
- Ans. 42: Please refer to page 36, Item D for the fuel requirements for the contract. All vehicles provided to the Providence Public Schools under this contract will be fully fueled by the Contractor.
- Ques. 43: Just to clarify, who is responsible for any tolls incurred for each route?
- Ans. 43: If any tolls are incurred by the Contractor during the provision of services to the District, such as an out of District trip, the District will reimburse the Contractor if a valid receipt is provided to verify the tolls paid.
- Ques. 44: What is the computerized routing software being utilized to track mileage?
- Ans. 44: The District utilizes the EduLog Routing Software to design the routes and stops, but the District does not utilize the Edulog Software to track the mileage.
- Ques. 45: Given the current timeline, and the complexities involved in preparing a comprehensive response to the RFP, would the District consider an extension of time for the Bid Opening deadline.
- Ans. 45: Yes, the District is agreeable to extending the deadline of the Bid Opening from January 20th, 2021 at 1:00pm. **The updated Bid Due and Opening Date is January 27, 2021 at 1:00pm.**
