- Beginning Friday June 6th, 2025, TREX notification emails will be paused for the Summer Break. All records and requests will be retained during this time. Although emails will be paused, LEAs are still expected to fulfill requests within the normal 10-day (14 calendar days) timeframe. If you have any questing, you may enter a TIMs ticket by clicking on the TREx Support portal icon from the TREx application or send an email to trex@tea.Texas.gov
- To assist LEAs with data verification for the upcoming PEIMS Summer Submission, the [2024-25 Academic Accountability Data Sources / PEIMS Summer Submission](#) document provides a side-by-side comparison of data sources for selected indicators impacted by updates to TSDS PEIMS for the 2024-25 school year. LEA verification of PEIMS data prior to the final submission is an essential step that helps both the district, and the local system vendor ensure the data entered accurately reflects LEA performance. As a reminder, LEAs, not their information system vendors, are ultimately responsible for the accuracy of the data submitted to PEIMS. Data submitted through working collections are not used for accountability purposes.

PEIMS- HB 1416 Accelerated Instruction FAQs

13. If a student completes accelerated instruction in another district and then transfers into new district, does the new district have to submit the student's accelerated instruction information with the new PEIMS coding?

- Yes, the district where the student is enrolled at the end of the school year must report the student's participation in accelerated instruction. This includes reporting the cumulative hours completed even if some of the hours were completed in another district.

14. If a student withdraws during the school year, should school systems report the student as part of their PEIMS Summer submission?

- No, if a student is no longer enrolled in that school district, the district will not include the student's accelerated instruction information in their PEIMS Summer submission. The receiving district will include the student in its summer submission. (TREX should include this information for the transferring student.) School systems will only report students who are actively enrolled on the last day of school.

For the 2024-25 school year, school systems will report all students in their PEIMS Summer Submission.

PEIMS- HB 1416 Accelerated Instruction FAQs

12. Can you provide a brief description of the reason for difference in hours codes?

- 01- Student Withdrew- Student did not complete hours because he/she withdrew to **leave the country, state, or enrolled in a private school or homeschool program.**
- 02- Parent Opt Out After Initial Acceptance- Student completed hours but then the parent decided to opt the student out of accelerated instruction.
- 03- Student Did Not Attend Assigned Hours- Student was present during the school day but did not attend the scheduled tutoring hours outside of regular school hours.
- 04- Failure To Meet Compulsory Attendance Requirements- Student was absent during the school day and missed scheduled tutoring hours, whether they were during school hours or outside of regular school hours.
- 05- Hours Not Completed Before Next Test Administration- Test administrations were too close together (EOC), the student transferred from another school district without completing some or all hours, or the school did not schedule accelerated instruction with enough time to meet requirements.
- 06- Unexpected School Closure- Natural disasters, pandemic, etc. (infrequently used)
- 07- Unable To Participate Homebound Or Other Off-Campus Instruction Arrangement- Student has medical condition or is in a rehab clinic. (DAEP **does not** qualify.)
