School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

MISSION

The mission of Benjamin Franklin Elementary is to foster the creative minds, healthy bodies, and ethical spirits needed to contribute wisdom, compassion and leadership to society. Our academic program is rigorous and constantly evolving; we lead students to be flexible and take responsibility for learning and good choices. Franklin Flyers are respectful; they resolve conflicts honestly and fairly, right their wrongs, and celebrate learning each day.

VISION

Benjamin Franklin Elementary aspires to be a school community in which:

Teachers and staff hold all students to the highest expectations that will prepare them to read, compute, and think critically at levels that prepare them for success on all measures of accountability as well as college and career.

Students learn not just academic content, but the value and joy inherent in learning. They develop perseverance, flexibility, a commitment to becoming the very best they can be, and an understanding of their role and responsibility in an increasingly connected world. They feel safe and cared for on campus, and we teach character skills.

Families commit and work toward the development of the school as a community. They understand the synergistic nature of working together for the benefit of all children. Families support their own child's success and contribute to the financial and volunteer needs of the school.

COLLECTIVE COMMITMENTS

- We commit to literacy and numeracy by 3rd grade as our primary focus, as these skills are the gateway to learning. By extension, we commit to reading for comprehension and conceptual understanding of mathematics at grade level rigor for all students.
- We commit to the highest standard of communication with our parents and community.
- We commit to a flexible and open-minded approach for teaching and learning that utilizes the best technology and research available to us.
- We commit to personal integrity, a positive attitude, and the highest caliber of professionalism in all areas.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: 10/16/2017

The table displays information collected in 10/16/17 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

Comprehensive curriculum (ELA, Math, Science, History-Social Science) Pearson: Opening the World of Learning (OWL) adopted in 2015.

Riverside Unified School District maintains both 5 and 15-year major maintenance plans for all schools. These plans are located at the District's Maintenance and Operations Office and are available for review.

Riverside Unified School District has instituted a formal school facility inspection system based on State of California School Facility Condition Criteria. The State criteria consist of 13 building components typically found in school facilities.

Riverside Unified School District has allocated funds for the sole purpose of school maintenance pursuant to Education Code sections 17002(d), 17014, 17032.5, 17070.75(a), and 17089(b). The information below displays the number of individual maintenance work orders completed in the last 12 months and the assessed value of the work completed.

Franklin has a full time custodial staff who along with other district personnel maintain the grounds and facilities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	55	60	48	47	48	48
Mathematics (grades 3-8 and 11)	58	55	35	34	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	512	508	99.22	59.84

English Learners	38	38	100	28.95
Students with Disabilities	64	63	98.44	22.22
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	16.2	30.1	36.8

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

There are many opportunities for parental involvement at Benjamin Franklin Elementary School, beginning with our Benjamin Franklin Parent Teacher Organization. The PTO supports various school events such as the Welcome Tea, Book Fair, Red Ribbon Week, Read Across America, "Oh the Places You Will Go!" College and Career Fair, after school enrichment classes, and many other family-oriented events such as the Father/Daughter Dance, Mother /Son Sports Day, and school-wide Winter Festival. They also raise money to help fund field trips, assemblies, awards, and science camp. Every classroom invites parents in to support student achievement as well as enrichment.

Our Parent Advisory Committee is a branch of PTO and is another opportunity for parents to participate in the development of student centered programs and the monitoring of instructional programs. Parents are also invited to volunteer in their child's classroom. When children see their parents participating at the school, they recognize that school is an important part of their lives and that a good education is a family value. Parents can contact the school at 951-571-6502 for more information.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State

Expulsions	0.0	0.0	0.0	0.2	0.2	0.2	0.1	0.1	0.1

School Safety Plan (School Year 2017-18)

The School Site Council or its delegate is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Assistant Superintendent of Operations to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by March 1 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, and lockdown drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any schoolwide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school also has an assigned School Resource Officer (SRO).

Professional Development (Most Recent Three Years)

Professional development is an ongoing effort at Benjamin Franklin Elementary School. Areas for Professional Development are determined from student achievement data and staff surveys. During the 2015-16 school year teachers participated in a variety of Professional Development offerings through the school site as well as the District. These trainings included the following:

1. Our staff attending publisher presentations for Amplify, the publisher of an ELA program that incorporates Core Knowledge content, in preparation for Franklin becoming a Core Knowledge school.
2. RTI Model Training for all grade levels, including K-2 Institute and Read 180/System 44. We received extra licenses for third graders who were not reading at grade level to receive daily reading intervention through System 44.
3. Grade Level planning for the new language arts adoption, concept mapping in mathematics and diagnosing results using the Math Diagnosis and Intervention System as well as Dreambox.
4. Targeting English Learners (ongoing)
5. Personalized Learning with Discovery Education, Haiku, Dreambox (staff meetings, team meetings)
6. Formative Assessment DIBELS testing and assessments in Illuminate and Pearson Realize
7. Technology training in the use of new instructional technology and monitoring student data online.
8. CCSS implementation and academic vocabulary training
9. We continue our focus on grammar and writing instruction. Our LCAP focus this year is writing, and we are using a graphic organizer model systematically throughout the grades.
10. We have been approved to become a Core Knowledge school. This would involve switching to the Amplify CKLA (Core Knowledge Language Arts) in grades K-5 and Amplify 6-8 digital middle school curriculum for our 6th graders. We prepared an application for the school board that was presented in January of 2017. We anticipate that this will support our reading comprehension and writing goals. Core Knowledge has a specific body of knowledge that starts in Kindergarten and builds each year, giving students a broad knowledge background in literature, history, geography, and the arts.

In the 2016-17 School Year teachers attended professional development in the areas of:

- Project Read (support for early reading intervention)
- Read 180 (Core replacement program to support struggling readers in the upper grades)
- Google Apps for Education through the Riverside County Office of Education
- Three full days of textbook adoption review for one teacher per grade level for Amplify CKLA
- Two days of training in Amplify English Language Arts
- STEP (training for teaching students computer coding skills)
- Four teachers completed two weeks of training in NGSS science using the FOSS program, with additional follow-up days during the school year.
- Full day of technology integration for our seven P-1 teachers.

Depending on the grade level, subject or school focus, teachers participated in 3 – 10 days of professional development.

2017-18 School Year

The total number of school days dedicated to staff development were as follows: 4

Franklin is now a full Core Knowledge school, which means we have adopted the Amplify Core Knowledge Language Arts program for grades K-5 as well as Amplify ELA middle school curriculum for grade 6. All teachers have had access to a third day of professional development and planning.

Additionally, we have hired a 40% Reading Intervention teacher, and purchased "Burst Reading" as a Tier 3 reading intervention program. With the help of our R.I. teacher, all staff members are being trained in the use of the mClass digital platform for DIBELS. Through this we are able to drill down and identify more specific skill deficits, create groups by name and need, and use the Burst program to generate 10 day cycles of lessons. After each "Burst" students are monitored for progress in mClass. In-class coaching will be provided through the R.I. teacher and administration.

One full day of planning and data analysis is being offered during the month of December.

Two days of training in the area of Google Certification are being offered by grade level in the months of January and February.
