Hey Parents,

We hope your summer is off to a fantastic start! Wishing your family lots of fun-filled days—whether it's splashing in the pool, discovering new adventures at the library, or making sweet memories together in the kitchen. Enjoy every moment!

Just a few reminders...If your child was enrolled at Lagway for the 2024–2025 school year, they will automatically roll over to the next grade level—no action is needed at this time. As we get closer to the end of summer, you'll receive information about beginning-of-the-year forms that will need to be completed online.

If our school nurse has contacted you regarding updated immunization records, please be sure to turn those in to the front office as soon as they're complete.

Our school calendar, including new start and end times is listed at the bottom of the June newsletter. Please plan vacations and appointments accordingly to help support your child's success. Our doors will open at 7:20 AM when school starts. Our instructional day will begin at 7:45 AM and will end at 3:15 PM. If you need assistance with care before school or after school, we will have an Early Bird/Late Bird program. For additional information, please check our website throughout the summer.

Summer hours: Monday–Thursday, 7:30 AM–4:30 PM.

Thank you for helping us prepare for a great new school year!

Mrs. Wilder
