

FACILITIES UPDATE

2022 – 2023

COMMUNITY SUPPORT

Lynwood Unified School District continues to make the improvements and repairs necessary to ensure our students and staff have access to safe and modernized campus facilities, thanks to the unwavering support of the Lynwood community.

To date, nearly \$42 million in expenditures have been allocated through two bond measures – the \$93 million Measure K, passed in 2012, and the \$65 million Measure N, passed in 2016 – which have been used to fund safety and beautification projects at every Lynwood Unified school. Such projects include playgrounds, fire alarms, portable buildings, electrical equipment, interior painting, HVAC replacement, secure entrances, marquees, bleachers, storm drains, elevators and other District-managed projects.

These facility improvements help Lynwood Unified students expand their knowledge and skills, ensuring their continued growth as they progress through LUSD schools.

COMPLETED PROJECTS IN 2021-22

Lynwood High School Bullis Campus (formerly Lynwood Middle School)

Upgrades to prepare Lynwood High students to *Return to the Castle* during the closure of the Imperial Campus:

- Auditorium demolition
- Refresh of 23 existing portable classroom buildings
- Installation of 24 new portable classroom buildings and two restroom buildings
- New exterior lighting
- New LED lighting, ceiling tiles and floors in all classrooms
- New exterior and interior paint on all buildings, including doors
- New quad configuration
- Locker room installation
- Restroom renovations
- Motorized gates installation
- Replaced Lynwood Middle School sign with a Lynwood High School marquee

Ongoing upgrades are being made in phases to ensure the District continues to meet the needs of students and staff on the Bullis campus throughout the duration of LHS Imperial reconstruction.

Thank you to our Citizens' Bond Oversight Committee for their supervision of bond funds for our community!

¡Gracias a nuestro Comité Ciudadano de Supervisión de Bonos por su supervisión de los fondos de los bonos para nuestra comunidad!

COMPLETED PROJECTS

Abbott Elementary School

- Renovation of two staff and two student restroom facilities, including new plumbing fixtures, finishes, partitions and lighting to make them accessible for people with disabilities.

Marshall Elementary School

- Interior painting of classrooms and the multipurpose building.

Cesar Chavez Middle School

- Interior painting of classrooms, library, band room and multipurpose building.
- Exterior painting of administration building, library, multipurpose room (MPR), kitchen, locker room building and classroom buildings A, B and C.

Will Rogers Elementary School

- HVAC replacement at classroom building B, including new ductwork, ceilings, insulation, electrical system upgrades and stage modifications.

Lindbergh Elementary School

- Foundation replacement of existing portable classrooms for compliance with the Division of the State Architect.

Secure Entryways

Reconfigured entrances, restrooms and offices to ensure controlled access for visitors and safe exits for our campus communities. Restroom reconfiguration included plumbing replacement, new plumbing fixtures and new lighting as well as meeting access needs for people with disabilities.

- Lincoln Elementary School
- Washington Elementary School
- Wilson Elementary School

Fire Alarms

Replaced and updated the aging fire alarm infrastructure in all buildings and between buildings.

- Abbott Elementary School
- Lincoln Elementary School
- Lindbergh Elementary School
- Lynwood High School Bullis Campus
- Mark Twain Elementary School
- Rosa Parks Elementary School
- Washington Elementary School
- Will Rogers Elementary School
- Wilson Elementary School

PROJECTS UNDERWAY

(To Be Completed by 2023)

Lynwood High School Bullis Campus

- Interior refresh of outdated restrooms throughout the campus, including paint, plumbing upgrades, new plumbing fixtures, partitions and toilet accessories. Wall tiles and floors were treated with an epoxy finish to help mitigate vandalism and for ease in cleaning.

Helen Keller Elementary School

- New security fencing along Carlin Avenue and a new service gate to improve campus safety.

Lindbergh Elementary School

- New security fencing and gate at the intersection of Lindbergh Avenue and Banning Avenue on the west side of the school to improve campus safety.

Lynwood High School Imperial Campus

- Full demolition of existing three-story building G in preparation for reconstruction.

PLANNED PROJECTS

Lynwood High School Imperial Campus

- Emergency repair of soffits.

Lynwood High School Bullis Campus

(formerly Lynwood Middle School)

- Barrier removal to make the campus more accessible for those with disabilities.

Hosler Middle School & Firebaugh High School

- Update landscaping, entryways, marquee signs, and exterior paint on street-view buildings.
