## *Live Music Performance Returns to Mears*

Mears Middle School was thrilled this week to reintroduce live music performance to the community. For the first time in 20 months, Mears music program hosted a concert featuring its advanced jazz, orchestra, and concert bands. The school's student-musicians performed exceptionally well under the inspired direction of Mr. Matthew O'Connor and Mr. Jason Edwards. Hundreds of parents and family members relished in the sound of young people performing music together again.

# Nutrition Unit Includes Cooking

This week in Mears Health class, Mr. Jason MacDonld taught cooking lessons as part of a larger unit focused on nutrition. Students were excited to work in small groups, as they learned how to make tacos and chimichangas.

# Celebrating Heritage Month

Students in Mears Indian Education program enjoyed a program this week that celebrates Native American Heritage Month. Facilitated by Ms. Benita Holt, Mears Indian Education Coordinator, students decorated cookies, painted birch trees and watched a salmon demonstration.

# Stay Informed/Get Involved

Wednesday, Nov. 3 -- Collaborative Team Leaders, 3:00-4:00pm

Planning Ahead:

Thursday, Nov. 11 -- Cross-District Professional Development Day for Teachers and Staff; No School for Students

## New Bathroom Pass Procedures

Mears will institute a new plan for restroom/out-of-classroom passes. Students will sign out and use a link. They will also leave their cell phone when they sign out of class in a secure place. The intention is to better quantify student time spent outside of class. If you have any questions, please feel free to email or call.

## Safety Minute:

### Warm Clothing and Safe Walking-Reflective Clothing

Mears Families:

Remember, students should wear **suitable footwear; students may not wear open-toed shoes 2nd and 3rd quarter for safety reasons.** Additionally, students should be certain to wear school-appropriate clothing: warmth is key. Finally, bright, **reflective clothing should be considered if your student walks to school,** for it's tough to see students on these dark mornings. I'll continue to remind students in the announcements, too.

Enjoy the start of winter! --Mike Scott, Mears AP

## Exciting Exterior Renovation is Planned for Mears Middle School

Community Input is Still Welcomed  
Survey Feedback Window is Open Until Friday, Nov. 12.

Link: [Community Feedback Form for Mears Exterior Design Project](#)

Planned for summer, 2022, the Mears Exterior Design Project will provide new replacement siding to the entire school. To update the school building to current energy efficiency codes, a construction team will remove all existing siding and add 2" of continuous exterior rigid insulation outside of the existing studs. New construction will also include a new rainscreen exterior siding, which are offered in two distinct, separate concept options. Both concept construction plans have similar costs for materials and construction.

Mears Middle School's current brick exterior is in need of repair and provides poor insulation throughout much of the building.

## Concept A: Kincaid Tree Facade

**Concept A:** Exterior Tree Facade, inspired by vintage photos of Jane Mears. Tree images are based on photographic replications of the Kincaid Park treeline and are created by perforating holes into the siding.

### Key elements:

- Modern and unified design
- Aluminum siding with higher gauges down low for maintenance and longevity
- Monochrome panels to aesthetically tie into remaining indoor and outdoor elements
- Underside of entry soffits (hidden at a distance) are painted brightly in vibrant school colors, so building remains appropriate to middle school feel
- Option to add a textual historic recollection about Jane Mears or a Jane Mears quote
- Option to add a textual Dena'ina quote or visual tribute in recognition of Dena'ina land in Anchorage

## Concept B: Traditional Mears

**Concept B:** Inspired by original colors and proportions of the school's exterior design.

### Key elements:

- Red wood veneer bands on fiber resin panels visually connect to some brick tile that remains on exterior and interior
- Flexible color selection possibilities
- Dark metal steel siding with higher gauges down low is used for longevity and maintenance
- Subtle reference to Mears' school colors of black and gold through contrast of dark siding and bright painted soffits above entryways.
- Concept B offers flexibility of color choice for wood veneer bands.
