Playing it Safe on the Playground

Miller Children's & Women's Hospital offers tips to help keep children safe on the playground.

Visiting the playground is more than fun. It's an opportunity for children to develop physically, mentally, and socially through unstructured play. However, in the United States, approximately 200,000 children seek medical attention in emergency departments each year for injuries related to playground equipment.

The key to preventing playtime injuries is safety education. At Miller Children's & Women's Hospital, the Injury Prevention Program is dedicated to providing safety education to children and families in our community.

Playground safety tips:

- Supervision isn't negotiable; it's imperative
- Ensure playground equipment is suitable for your child's age
- Check for hazards such as broken equipment, sharp edges or protruding screws
- Teach children how to use equipment properly and avoid risky behaviors like pushing or shoving

"Even on safe, age-appropriate playgrounds, adult supervision is the best way to prevent injuries," says Jennifer Rodriguez, injury prevention coordinator, Miller Children's & Women's Hospital. "Nearly half of all playground injuries could be avoided with proper supervision. It's crucial to maintain a visual line of sight with children at all times and be ready to intervene at any moment."

Avoid playgrounds with concrete footings, rocks or tree stumps. The safest surfaces around playground equipment are wood chips, mulch, sand, or mats made of safety-tested rubber.

"Concussions are a common injury on playgrounds," says Rodriguez. "I urge parents to learn the symptoms, and if you think your child has a concussion, seek medical attention right away."

Additionally, encourage children to drink water regularly, especially on hot days. Sunscreen and hats should be used to protect against ultraviolet rays, even if it is an overcast day. Avoid clothing with drawstrings or accessories like necklaces that could pose a safety risk.

Finally, having a first aid kit handy is paramount; scrapes and bruises are bound to happen on the playground, but being prepared can help address minor injuries and prevent infection – keeping playtime on track.

Learn more about the Injury Prevention Program.

At 11 months, Pablo was fighting for his life.

Today, he's got six candles on his cake.

Failing organs. Eight months in a coma. Fighting for every breath. At 11 months old, this is what Leukemia brought Pablo. The one bright spot, he was at MemorialCare Miller Children's & Women's Hospital where a team of top doctors, nurses, and specialists helped save his life. For over a year in the PICU, our highly-trained staff never stopped caring for Pablo and his family. Caring is our calling.

Celebrating the People Who Make Ocean View Thrive

At Ocean View School District, it's the people, not just the programs, that make our schools exceptional. Behind every successful student, event, and initiative are dedicated staff and selfless volunteers working together to support our learning community. Their dedication, passion, and care create the foundation on which our students thrive.

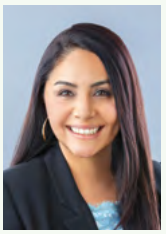

Recently, we took a moment to shine a spotlight on those who often work behind the scenes but whose contributions are felt in every classroom, hallway, and event. During a special ceremony, we proudly recognized one outstanding volunteer from each of our schools. These individuals consistently go above and beyond to support our students, staff, and campuses in countless meaningful ways. Whether it's lending a hand in the classroom, organizing school events, or simply being a reliable presence, their generosity of time and spirit makes a lasting difference in our school communities.

In addition, we celebrated Week of the Employee, a District-wide opportunity to honor the incredible staff who are the heart of Ocean View. From those guiding our students in the classroom to those working tirelessly behind the scenes, every employee plays a vital role in shaping the educational experience we're proud to offer.

To our staff and volunteers: thank you for your unwavering commitment. You are what makes Ocean View truly exceptional.

Reflecting on a Year of Achievement, Creativity, and Community

By Patricia Singer, Board President

As the 2024–25 school year draws to a close, Ocean View School District celebrates a year filled with accomplishments, creativity, and strong community connections. From academic honors to artistic showcases and vibrant campus events, this year has been one to remember.

Among the many highlights, Golden View Elementary earned the prestigious Golden Bell Award, a statewide recognition presented by the California School Boards Association. This honor reflects the school's Environmental Innovation is Golden program, a hands-on environmental science initiative featuring an on-campus farm, sustainable practices, and civic engagement projects that empower students to become thoughtful stewards of their world.

The District also proudly showcased its dedication to the arts through the highly successful Music Festival and the Festival of the Arts, where students' musical and creative talents were celebrated in performances and exhibitions that engaged families and the broader community. Throughout the year, students had multiple opportunities to display what they've learned—not only in traditional academic settings but through creative expression, critical thinking, collaboration, and real-world problem solving. Whether through classroom projects, public performances, or hands-on initiatives, students demonstrated their growth, curiosity, and passion for learning in inspiring ways.

Across the District, our campuses came alive with community events that brought everyone together through open houses, movie nights, school dances, carnivals, dance showcases, and cultural celebrations, all of which served as meaningful reminders of the strength and joy that come from shared experiences.

As we close out the year, we extend our sincere gratitude to our educators, support staff, students, families, and volunteers. Your partnership and energy make Ocean View a place where students are supported, challenged, and inspired every day.

Here's to a restful summer and an exciting year ahead!

Level Up at Your Library!

By Kimberly Tran-Hoang, Children & Teen Librarian

OC Public Libraries' Summer Reading Program will run this year from June 16 to August 3, 2025. Read for 20 days to enter into an opportunity drawing for a really cool prize! Sign up online at ocpl.beanstack.org starting June 1st, or you can go into any OC Public Libraries branch and obtain a paper log beginning June 16. Check out ocpl.org for more information!

Summer Reading Program Highlights for Children & Families

- Lego Party Hour – 1st Saturdays at 3pm – June 7, July 5, August 2
- Read to a Dog – 2nd Mondays at 4pm – June 9, July 14, August 11
- Garden Bugs – 3rd Saturdays at 4pm – June 19 & July 17
- Chess Club – 4th Mondays at 3pm – June 23, July 28, August 25
- Movies at the Library – Final Thursday of the month at 4pm – June 26, July 31, August 28
- Kickoff with David Skale Magician – Monday, June 16 at 2pm
- Doodlebugs Animal Adventures –Tuesday, June 17 at 2pm
- Plaster Art with Indigo Cook Crafts – Tuesday, July 8 at 4pm
- Charge it Up With Mr. Electric – Tuesday, July 15 at 2pm
- Bubblemania – Thursday, July 24 at 2pm

Teens

- Resin Charm Workshop – Friday, June 20 at 2pm
  Learn to make keychains out of resin! Registration is required. Recommended for ages 13-18.
- Ice Cream Tasting – Wednesday, July 23 at 3pm
  Chill out from the hot weather to taste some familiar and odd flavors from all over the world! While supplies last. For ages 11-18.

Adults

- Illusions by Allen Magic Show – Saturday, June 23 at 3pm
- Mindfulness Workshop with OCAPICA – Tuesday, July 15 at 5pm
- Author Talk with Naomi Hirahara – Saturday, July 26 at 2pm

Check out our Program Calendar for all of our events at www.ocpl.org/libraries/fountain-valley

Ocean View Students Shine in Project-Based Learning Showcase!

By Kari Grace, Childcare Supervisor

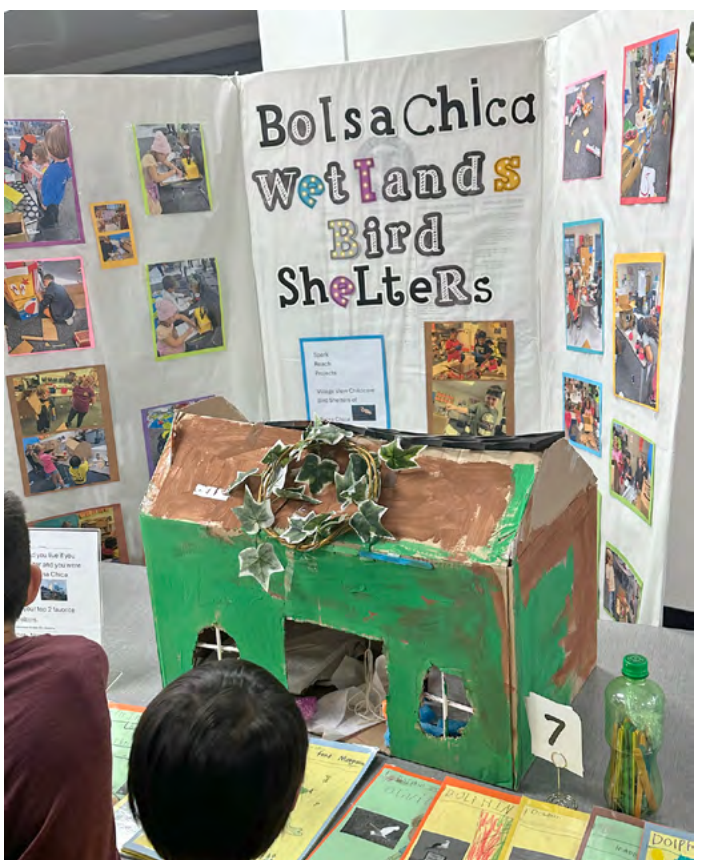

This March, the Ocean View School District's afterschool childcare program transformed the District Boardroom into a vibrant hub of creativity and curiosity! Students from College View, Hope View, Harbour View, Star View, and Village View, came together to present their Project-Based Learning (PBL) masterpieces — and what a showcase it was!

From intricate models to eye-catching displays, the room buzzed with energy as proud students stood by their projects, eager to explain their ideas and creative process. A standout moment? The impressive Bolsa Chica Wetlands Bird Shelters exhibit, where young innovators demonstrated not only what they learned but how they brought their ideas to life.

The event was more than just a presentation — it was a celebration of collaboration, imagination, and critical thinking. Families, staff, district administrators and school board members explored each project, asked questions, and applauded the hard work behind every display. It was learning in action, and the excitement was contagious!

Stay curious, Ocean View — the best is yet to come!

Adventure at AstroCamp

Circle View Elementary's fifth graders recently journeyed to AstroCamp in Idyllwild, CA for a three-day, two-night science adventure nestled in the trees. This immersive outdoor experience brought science to life with hands-on learning, exploration, and unforgettable memories.

From zip lining and rock climbing to team-building challenges like the thrilling Sky Coaster, students pushed themselves beyond their comfort zones and built lasting connections with classmates. They explored STEM concepts through interactive labs, including experiments with gases and the science of pressure, temperature, and density.

Evening activities were a highlight, especially Space Night, where students viewed the breathtaking night sky through high-powered telescopes at the camp's professional observatories. Surrounded by stars, they deepened their understanding of astronomy while igniting their natural curiosity about the universe.

Beyond academics, AstroCamp helped students grow socially and emotionally. They practiced teamwork, developed life skills, and strengthened friendships—all in the inspiring setting of nature.

AstroCamp was more than a field trip—it was a launch into lifelong learning. Our students returned with new confidence, stronger friendships, and a renewed wonder for the world around them.

Epic Night: STEM Night at College View Elementary!

College View Elementary hosted an unforgettable STEM Night filled with discovery, exploration, and excitement! Students and families came together to celebrate the wonders of science, technology, engineering, and math through a variety of hands-on activities and interactive exhibits.

Throughout the evening, students explored everything from launching rockets and building circuits to experimenting with chemistry and coding. Laughter, curiosity, and the buzz of learning echoed all over campus. The energy was electric!

At STEM Night, students were also given STEM-related books to excite them about learning and reading! This special addition helped connect scientific exploration with literacy and fostered a love of learning that extends beyond the classroom.

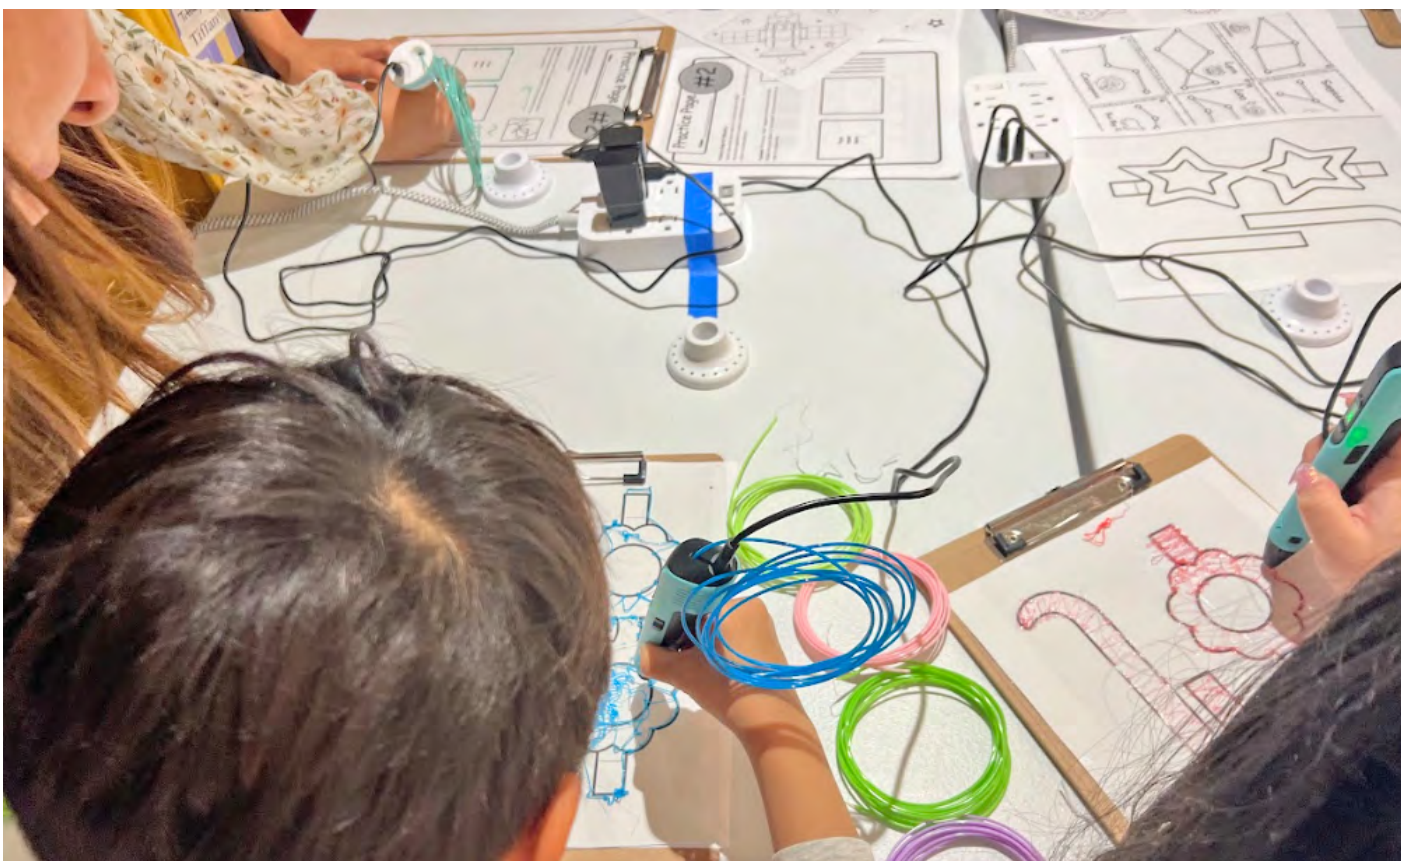

STEM Night offered students the opportunity to see real-world applications of what they learn in school and sparked excitement for future possibilities. Parents and caregivers joined in the fun too, turning it into a true family learning experience.

At College View, we believe in fostering curiosity and a love for learning at every level. STEM Night was a perfect example of what can happen when educators, families, and community members come together to support student success.

It was a night to remember—one filled with innovation, teamwork, and endless smiles. We're already looking forward to next year!

Science rules!

Golden View Hosts Joyful and Impactful Color Fun Run for TK-5 Students

Golden View Elementary recently brought a burst of color and energy to campus by sponsoring a vibrant Color Fun Run for all students in grades TK-5. The event, made possible through a dynamic partnership between Golden View staff, the PTO, and APEX, was a school-wide celebration of community, fitness, and leadership. Students dashed through clouds of bright color, cheered on by peers, parents, and staff, creating memories that will last far beyond the finish line.

While the fun and excitement were undeniable, the event was about much more than just running through colorful powder. Students participated in daily leadership lessons leading up to the run, designed to build character, confidence, and a stronger sense of responsibility. A total of 90 engaging leadership lessons were taught, equipping students with valuable attributes that support a positive school climate and prepare them to lead with kindness, empathy, integrity, and perseverance.

The impact of the Color Fun Run was both measurable and meaningful. Together, students completed an astonishing 11,536 laps, totaling 721 miles run—an impressive feat that reflects their enthusiasm and determination. In addition to promoting physical activity and fun, the event raised funds to support Golden View students and drew strong family participation, with even parents joining the race. This colorful, high-energy day showcased the strength of community spirit and the powerful outcomes of blending fitness, fun, and leadership development. Without a doubt, it was meaningful way to wrap up the school year with yet another success on the Golden path.

Harbour View Elementary Closes the Year with "Survivor" Spirit and Celebration

As the school year draws to a close, Harbour View Elementary School is brimming with excitement and energy thanks to a series of memorable end-of-year activities—most notably, the 5th Grade "Survivor" competition. This spirited tradition pits 5th grade classes against each other in a friendly contest for the ultimate bragging rights, where students work together to earn points through a variety of dynamic challenges. From the daring Egg Drop and the thrilling Rocket Launch to the brainy Academic Competition and the fun-filled Knowledge Carry, every student has a role to play. Teams rally behind their class chants, fostering unity and school pride. Students from other grades join the excitement by attending events as spectators, while the grand Rocket Launch draws enthusiastic parents on the final day of school.

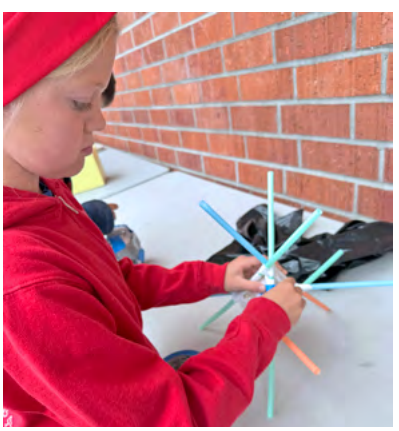

Harbour View also makes the most of its coastal location with annual Beach Days. Each grade level enjoys a day of sunshine, games, and community at nearby Davenport and Humboldt beaches. These cherished outings offer students a chance to bond and reflect on the year's achievements in a relaxed and beautiful setting.

Another heartwarming tradition marks the transition from elementary to new beginnings: Harbour View alumni returning as graduating high school seniors are welcomed back to walk the halls in their caps and gowns, inspiring our younger students. The celebration culminates with a 5th Grade Clap Out, as the entire school gathers to cheer on the departing class.

As we wrap up a focused and full academic year—highlighted by the successful completion of State Testing—these end-of-year events bring joy, recognition, and a true sense of community to Harbour View. We're proud of all our students and wish our 5th graders the very best as they soar into the future!

Christina Luckey
Principal

Overnight Field Trip

Hope View's recent overnight field trip was a tremendous success! Students embraced the opportunity to learn in the great outdoors, immersing themselves in nature while expanding their education beyond the classroom walls. The enthusiasm and energy sparked by this unique learning environment were truly inspiring.

In the accompanying photos, you'll see students sharpening their archery skills, pausing for a memorable group photo, and bravely tackling the high ropes course. Accompanying them on this exciting journey were Mrs. Paulino, Mrs. Sjogren, Miss Yamaguchi, and Yoda, our trusty guide dog. According to the chaperones, the learning never stopped—it was hands-on, dynamic, and deeply engaging throughout.

Upon their return, many students couldn't stop talking about their experience. They described the camp as "amazing" and "super fun", with several even giving the camp food high praise, calling it "delicious"! Whether mastering the ropes course, practicing archery, or participating in nature-based lessons, our students elevated their learning to new heights, literally and figuratively.

As we look ahead, our upcoming fifth graders are already buzzing with excitement, eager to follow in their classmates' footsteps. The success of this year's trip has set yet another year of high expectations as our 4th graders look to what is in store for them during next year's outdoor adventure.

Kids Run the OC

Our school's annual Kids Run the OC event was a resounding success, thanks to the dedication of our students, coaches, and families. For weeks leading up to the big day, students woke up early for morning practices, lacing up their sneakers and putting in the hard work necessary to prepare for the run. Rain or shine, our young athletes showed up with determination and enthusiasm, building not only their endurance but also their confidence.

The heart of the event was our incredible team of volunteer coaches. They gave countless hours before school, encouraging every runner and making each practice both fun and challenging. Their commitment transformed training into a rewarding journey, filled with laughter, teamwork, and personal growth.

Kids Run the OC isn't just about crossing the finish line—it's about promoting healthy habits that last a lifetime. Through running, our students learned the importance of regular exercise, goal-setting, and perseverance. The event fostered a sense of community spirit and showed everyone that fitness can be fun and achievable.

We are proud of every participant and grateful to our coaches and families for supporting this memorable event. Together, we celebrated health, hard work, and the joy of achieving goals as a team!

Principal

Kindness Week

The first week of May brings our annual Kindness Week at Marine View. Throughout the week, students participated in various activities to promote and spread kindness throughout our campus and community. The week started off building a Kindness Quilt where students designed a square with a positive and kind message, all the squares were joined together to create a Marine View Kindness Quilt. The week continued with various activities such as creating friendship bracelets at lunch, an advisement class door-decorating contest, as well as kindness challenges that promoted our motto of "Do Good, Be Good" around our campus and community. The positive energy and compliments radiated the campus during this week and have continued throughout the month!

Mesa View Middle School's Garden Blooms: Students Dig Into Learning

A quiet corner of Mesa View Middle School is transforming into a lively, green oasis where students not only get their hands dirty but also plant the seeds for lifelong learning. The Nutrition through Gardening class, led by dedicated instructors Sandi Lewis and Frank Spates, is much more than just an elective—it's a hands-on journey into agricultural science, nutrition, and environmental stewardship.

"Over the years, our Mesa View Garden has blossomed into a thriving space for students to explore the science of growing food," says Lewis "It's been incredible to watch students take ownership of their plots and learn through teamwork."

In this dynamic program, students work in plot groups, each responsible for a section of the school garden. They learn how to read seed packets, plant seeds, weed, water, and maintain their plots. Responsibilities rotate, so students also contribute to composting, maintaining perimeters, and helping with other garden areas. It's a community effort where every pair of hands makes a difference.

Class time is split between outdoor learning- hands-on gardening—and indoor instruction, where students dive into topics like nutritional science, botany, composting, and soil amendment.

Safety is paramount, with clear expectations for tool use, teamwork, and respect. The teachers emphasize the importance of working safely in the garden, sharing practical tips like wearing gloves, handling pruners carefully, and cleaning up after each session.

The program has blossomed thanks to generous support from community partners and community volunteers. "It's wonderful to see our students not just learning about plants but also about responsibility, collaboration, and the impact of growing your own food," adds Spates. "They're harvesting more than just vegetables—they're harvesting life skills."

The Mesa View garden is more than just a class—it's a living, growing classroom that teaches students to respect nature, take pride in their work, and reflect on their contributions. As the seasons change, so too does the garden, offering new lessons in growth, patience, and resilience.

Fifth Graders Dive into Learning on First-Ever Overnight Field Trip!

Oak View Elementary Celebrates a Milestone Experience at the Ocean Institute

Earlier this month, our adventurous fifth graders made history at Oak View Elementary by embarking on our school's very first overnight field trip! Students from all three 5th grade classes traveled to Dana Point to participate in the Ocean Institute's Watershed Overnight Program, an immersive, hands-on learning experience focused on marine science and environmental stewardship.

From the moment they arrived, our students were scientists in action, exploring tide pools, conducting water quality tests, and learning about local marine life and the importance of protecting our watersheds.

More than just a science lesson, this overnight trip offered a powerful opportunity for personal growth. For many of our students, it was their first time away from home overnight. They practiced independence, collaboration, and resilience, skills that are as essential as anything taught in the classroom.

We are incredibly proud of our 5th grade team for organizing this unforgettable experience and grateful to the families and staff who supported this milestone event. This trip is sure to be remembered as a foundational memory in our students' academic journeys.

Way to go, Oak View Owls, soaring to new heights, one wave at a time!

Jeanne Bentley
Principal

Pages & Portraits: Author Encounters and Artful Storytelling

Star View students are learning how literature, storytelling, art, and writing collectively enrich students' learning experiences through creativity and critical thinking. Together, these skills foster a deeper understanding of narratives, helping students to express themselves and explore diverse perspectives through multiple forms of expression. To make this process come alive for our students, we have hosted several events bringing in experts to let our students know that they, too, are artists, authors, and storytellers.

On May 2nd, we celebrated Author's Day, an exciting event for students and families!. We hosted two acclaimed authors, Adam Newman and Joshua Hauke, who gave students the unique opportunity to engage with literature in an interactive and fun way. Both authors shared how they capture ideas to write about, personal experiences in the writing process, and how they make the power of storytelling engaging and personal. Both authors were witty and connected with the students with silly stories, crazy drawings, songs, and chants. Families were invited after school to join us in asking questions, taking photos, and purchasing personalized autographed books.

Kyle Tiernan came to Star View on May 13th, with kinesthetic engagement throughout the day. Every student, every teacher, and every family member was asked to participate in the experience, drawing a narrative with the artist and making characters come alive. Storyboarding is a valuable tool that helps students organize their thoughts and visualize the structure of their stories before they begin writing. Students can outline the plot and setting through pictures by breaking the narrative down into key scenes or events, helping them pace their story and empowering them to express their ideas more effectively.

Principal

Leadership In Action!

This spring, our kindergarten playground received a thoughtful and colorful transformation, thanks to the hard work and generosity of Village View's Junior Girl Scout Troop 8340. Their contributions have created a more engaging and welcoming space for our youngest learners to play, explore, and grow.

Back in February, the troop met with Principal Mudry to present their vision for enhancing the kindergarten area. With confidence and care, the girls proposed a refreshed kindergarten garden, an updated art wall, and a new activity bed—all designed to support hands-on learning and joyful experiences for our students.

Now, just a few months later, their vision has come to life. The garden beds are blooming with student-planted greenery, the art wall adds vibrant color to the play area, and the activity bed offers exciting opportunities for sensory and imaginative play.

Village View's kindergartners are absolutely loving the new additions, and it's made a real difference in the outdoor learning environment.

This project is a shining example of community partnership and student leadership. It is a reflection of Village View students' commitment to grow both inside and outside of the classroom, giving them voice, choice, and ownership over their learning. It is amazing to see what is possible when young leaders take action to improve the world around them!

We extend our heartfelt thanks to our Village View students in Girl Scout Troop 8340 for their vision, effort, and care. Your hard work has brought joy to so many and will continue to support our kindergarteners' growth and learning for years to come.

Thank you, Troop 8340, for making our school a brighter and more beautiful place to learn and grow!

Manny Quezada
Principal

Vista View Celebrates Cinco de Mayo with Vibrant Performance

Vista View Middle School celebrated Cinco de Mayo in style with a spirited cultural performance by the Spanish Club from Westminster High School. The event, held in the school's gym, featured traditional Folclórico dances that captivated students and staff alike. Dressed in colorful, flowing costumes, the high school performers showcased the rich traditions of Mexican heritage through a series of lively dances representing different regions of Mexico.

Beyond the dancing, the Spanish Club also engaged the audience with interactive questions about Mexican history and the significance of Cinco de Mayo. Vista View students responded eagerly, making the event both educational and entertaining.

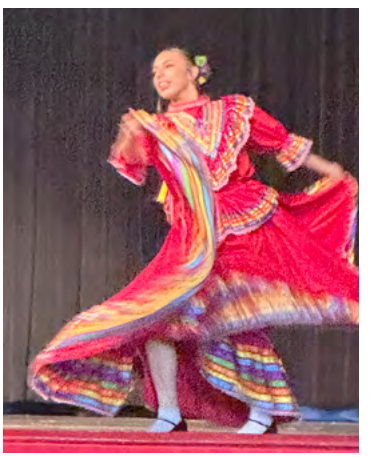

Principal Manny Quezada praised the performance, noting how it helped students connect with history and culture in a dynamic, memorable way. "It's important for our students to celebrate cultural diversity and appreciate traditions beyond the textbook," he said.

The celebration underscored the importance of culturally responsive programs and events that bring our diverse community together. By honoring heritage and creating space for student voice and cultural pride, Vista View continues to foster an environment where all students feel seen, valued, and a genuine sense of belonging.

Westmont Wows with *The Lion King*: A VAPA Showcase of Talent and Teamwork

Westmont's stage came alive with color, music, and movement as over 50 fourth and fifth grade students performed Disney's *The Lion King* to enthusiastic crowds.

As a proud VAPA (Visual and Performing Arts) school, Westmont showcased its commitment to innovative arts education through this vibrant production. Students dazzled in bold costumes and detailed makeup, bringing characters to life with expressive acting, energetic dancing, and heartfelt singing.

The musical reflected Westmont's integrated approach to the arts — combining theater, music, dance, and visual design into a powerful learning experience. From start to finish, it was a shining example of how creativity and collaboration can elevate student voice and confidence.

A dedicated team of volunteers, including parents and staff, worked tirelessly behind the scenes to support the production, from set construction to costume assistance.

Closing night drew a crowd of over 200 people and ended in a standing ovation. The success of *The Lion King* was a testament to the students' hard work and Westmont's thriving VAPA program.

Congratulations to the incredible cast, crew, and volunteers for an unforgettable show!
