

NE5 interview – Head of Curriculum, Principal, or Health/Nutrition Teacher	
Do all high school students receive sequential and comprehensive nutrition education?	
0	Nutrition education is not provided.
①	Nutrition education is provided to only some high school grades.
2	Sequential and comprehensive nutrition education is provided to all high school grade levels.
N/A	No high school in district / interview not at a high school.
NE5: All high school students receive sequential and comprehensive nutrition education.	

NE6 Interview – Head of Curriculum, Principal	
Is nutrition education integrated into other subjects beyond health education? If yes, what are some examples? [Examples include: using nutrition facts labels to learn percentages; using a vegetable garden to learn plant biology.]	
0	Nutrition education is not integrated into other subjects.
1	Instructional staff are encouraged to integrate nutritional themes into lessons when appropriate, but the interviewee cannot provide examples.
②	Instructional staff integrate nutrition into other lessons, and interviewee can provide specific examples. <i>FFVP, science class/labs - food labels, collages</i>
NE6: Nutrition education is integrated into other subjects beyond health education.	

NE7 Interview – Principal, Food Service Director, Head of Curriculum, Health/Nutrition Teacher	
Is nutrition education linked with the school food environment? If yes, what are some examples? [Examples include: teachers and food service staff collaborate in connecting nutrition education with the foods and beverages that are in school.]	
0	Nutrition education is not linked with the school food environment.
1	Interviewee believes nutrition education is linked with the school food environment, but cannot provide specific examples.
②	Nutrition education is integrated into the school food environment in concrete ways and interviewee can provide examples (e.g., displaying educational materials in the cafeteria that reinforce classroom lessons; providing food for use in classroom nutrition education lessons; teaching lessons to students about the nutritional value of school meals; providing cafeteria tours for classes).
NE7: Links nutrition education with the food environment.	

NE8 Interview: Head of Curriculum, Principal, Health/Nutrition teacher	
Does nutrition education address agriculture and the food system?	
0	Agriculture and the food system are not included in nutrition education.
①	The respondent believes agriculture and the food system are addressed in nutrition education, but cannot provide any specific examples.
2	Students receive education about agriculture and the food system, and the respondent can provide specific examples (e.g., the school has a garden club; the garden is used as a teaching tool; children visit local farms and see where foods are purchased as part of the school meals).
NE8: Nutrition education addresses agriculture and the food system.
