- Welcome and introduction

Minutes Approval

- Minutes from the March 17th SBDM meeting were approved by motion.

CNA Discussion

- The group looked over data and demographic information collected to help inform the campus improvement plan discussion next month.
- Visuals from the spring parent survey were not available.
- The data presented indicated a jump in percentage of the “At Risk” category, after remaining steady for several years.
- Principal Carter and group members will try and form a better understanding of the “At Risk” data point.
- If “At Risk” numbers are increasing the school can support this group through after-school programs, mentorships, and other assets available to the school.

Principal update

- The School is fully staffed for 25-26 year. A music teacher and a parent specialist have been hired.
- When registration wraps up Principal Carter will explore hiring a kindergarten and a bilingual teacher.
- Carter would like to task the SBDM group to help make decisions about money.

- SBDM would direct spending of the schools cash gifts in a way that would positively affect the students in a timely manner, so that donors can see the money used.

Reminders/Other

- SBDM would like to expand membership and create more sub committees.
- Cool schools will present to SBDM in the next meeting.
- Next meeting scheduled for May 12th.

- Adjourn
