Mr. Hamel

On behalf of the members of the Hallwood Women's Club, I would like to thank you for allowing us to host a raffle table at the annual Yuba County Office of Education Roll and Stroll on May 10th. Please accept this donation of \$930 earned from the raffle table.

This donation is being made to assist you in your dedication to the Career Technical students in Yuba County.

Again, thank you for allowing our club to participate in this amazing community event. We look forward to being able to attend next year's event.

Sincerely,

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

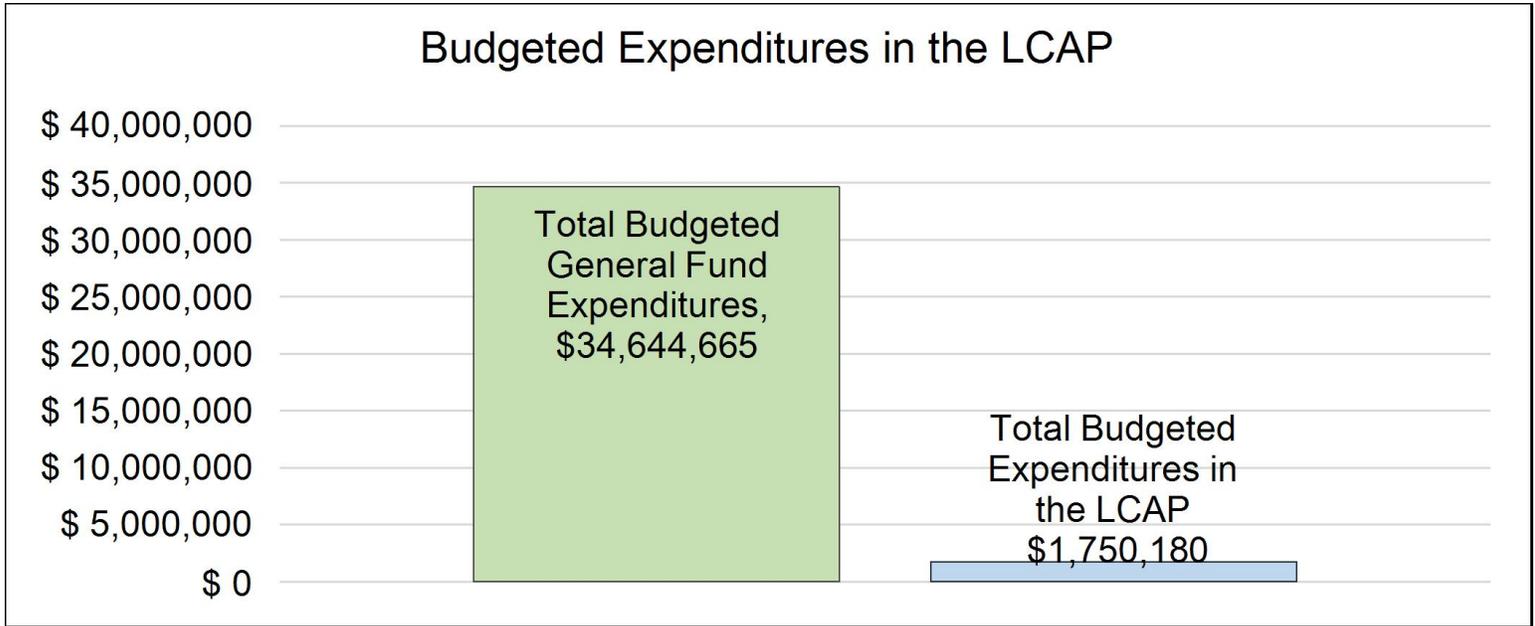

This chart shows the total general purpose revenue Yuba County Office of Education (YCOE) expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Yuba County Office of Education (YCOE) is \$33,883,436, of which \$9182743 is Local Control Funding Formula (LCFF), \$6758603 is other state funds, \$14636332 is local funds, and \$3305758 is federal funds. Of the \$9182743 in LCFF Funds, \$436912 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Yuba County Office of Education (YCOE) plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

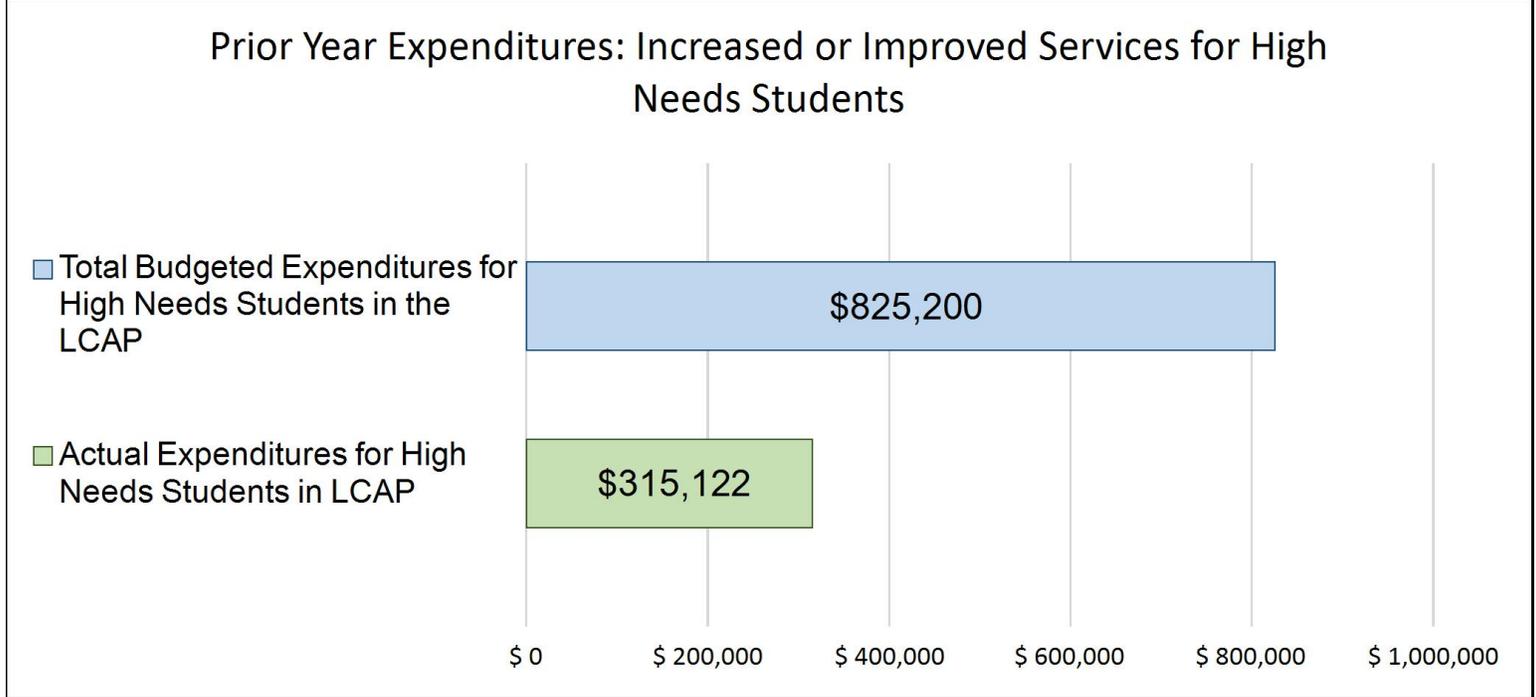

The text description of the above chart is as follows: Yuba County Office of Education (YCOE) plans to spend \$34,644,665 for the 2025-26 school year. Of that amount, \$1,750,180 is tied to actions/services in the LCAP and \$34,644,665 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Yuba County Office of Education (YCOE) is projecting it will receive \$436,912 based on the enrollment of foster youth, English learner, and low-income students. Yuba County Office of Education (YCOE) must describe how it intends to increase or improve services for high needs students in the LCAP. Yuba County Office of Education (YCOE) plans to spend \$825,200 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Yuba County Office of Education (YCOE) budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Yuba County Office of Education (YCOE) estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Yuba County Office of Education (YCOE)'s LCAP budgeted \$825,200 for planned actions to increase or improve services for high needs students. Yuba County Office of Education (YCOE) actually spent \$315,122 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$510,078 had the following impact on Yuba County Office of Education (YCOE)'s ability to increase or improve services for high needs students:

the difference between the 2024-25 budgeted planned actions to increase or improve services for high needs students and the actual expenditures to increase or improve is due to the LCAP calculation limitation of only being able to count actions that are funded from general LCFF funds. Many actions that were successfully implemented utilized the many other funding resources with short expenditure timelines. So although the actions were implemented, the all available funding was maximized, YCOE is not allowed to report the actions as increasing and improving services for high needs students.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Yuba County is an agriculture-based community situated in the northern Sacramento Valley. The County has one of the highest unemployment rates in California and the United States. According to a 2015 USA Today article, Yuba County had the sixth-highest unemployment rate nationwide. The county also faces high rates of teen pregnancy, drug use, and generational poverty.

The Yuba County Office of Education (YCOE) provides educational services to meet the needs of students in Court and Community School Programs.

- H.P.B. Carden School, located at the Tri-County Juvenile Rehabilitation Center, offers a Western Association of Schools and Colleges (WASC) accredited alternative learning program for incarcerated students. The school serves two programs within the facility. One supports students from Colusa, Sutter, and Yuba counties who are temporarily held in Juvenile Hall while awaiting disposition before the Juvenile Court. The other, the Maxine Singer Youth Guidance Center, is a long-term commitment center serving incarcerated youth from multiple counties across a broader region, with a minimum 365-day court commitment.
- Thomas E. Mathews County Community School provides educational services for Yuba County students who are expelled from their school of residence, on probation, referred by probation, on truancy contracts, or exhibiting out-of-control behavior.

Over the past five years, enrollment at H.P.B. Carden School in the Tri-County Juvenile Rehabilitation Center has steadily declined due to lower youth incarceration rates. Average daily attendance fluctuates between 18 and 25 students. Although the county has seen an increase

in students with significant social-emotional and behavioral challenges, enrollment at Thomas E. Mathews has trended lower in recent years due to the program's success in referring students back to their district of residence.

Both Thomas E. Mathews and H.P.B. Carden are Title I Targeted Assistance Programs and are designated as Equity Multiplier Schools.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

For the development of the 2025 LCAP, based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, and educational partner input, it was determined that a focus on mitigating the learning gaps, and social, emotional wellness barriers with evidence-based practices and processes will continue to be a priority in the current and upcoming school years.

AREAS OF STRENGTH

An area of strength has been a thorough implementation of a multi-tiered system of supports (MTSS), extended supports and interventions to increase services and accessibility for foster youth, English learners, and low-income students, continued evaluation of the curricula, and instructional delivery, and focused development of tier 3 intensive academic and behavioral interventions, all documented and monitored in Individual Learning Plans (ILP).

IDENTIFIED AREAS OF NEED

For the 2025-26 school year, the LEA will implement targeted interventions to address previously identified priorities: reducing suspensions, decreasing chronic absenteeism, and improving academic achievement. Building on the completed root cause analysis and needs assessment, the LEA will deploy evidence-based strategies, including, but not limited to, restorative discipline practices, attendance incentive programs, and differentiated instructional supports. Progress will be monitored through regular reviews of state and local data, stakeholder feedback from parents, staff, and students, as well as evaluations by contracted external agencies. The LEA will adjust its strategies as needed, based on data trends and ongoing collaboration with all stakeholders, to close performance gaps and enhance student outcomes.

It was again determined, as a result, that countywide and site-based PBIS training be implemented on an ongoing basis, a Youth Advocacy Director and SEL Prevention Assistant be maintained and actively engaged with students and families, and that the Alternative Education Director continue to work directly with the county C & I Director and site leadership team to maintain current CTE course offerings and increase course program offerings to expand the CTE program, as well as implement project-based learning strategies in an effort to increase positive student engagement.

RED CA DASHBOARD INDICATORS (Required to Remain Unchanged for the Three-Year Cycle)

The following student groups were identified as "red:"

Thomas E Mathews Suspension:

- All students, socio-economically disadvantaged, Hispanic, and White.

Yuba County Office of Education LEA level:

- All students, socio-economically disadvantaged, students with disabilities, Hispanic, Two More Races

NEXT STEPS

Goal 1

Provide a multi-tiered system of intensive support and interventions to address learning gaps, credit deficiency, and social-emotional wellness barriers to ensure that students meet reinstatement goals and return to their district of origin on track to graduate (or equivalent), enroll in post-secondary education, and/or successfully enter the workforce.

The following Actions will support Goal 1:

1.1, 1.2 Develop and implement a project-based curriculum

1.3, 1.4, 1.10 Implementation of a school-wide formative assessment system, monitoring the delivery of instructional practices and content area standards.

1.6, 1.7 Provide Career Technical Education (CTE) courses, college and career readiness, and Hall to Home transition support.

Goal 2

Develop and implement an integrated support services model for students and families to address the social-emotional well-being of students and barriers to their successful engagement in school, the workplace, and the community.

The following Actions will support Goal 2 and address the Red Dashboard indicators for overall, socioeconomically disadvantaged, Hispanic, Students with Disabilities, and White student groups.

2.3, 2.4, 2.6 Implement Positive Behavior Intervention & Supports (PBIS), School Wide Intervention System (SWIS).

2.11, 2.13, 2.15 Provide Tier 3 intensive interventions to mitigate social-emotional wellness barriers.

2.2, 2.5, 2.7, 2.12, 2.14 Provide meaningful and relevant parent and family engagement opportunities.

2.8, 2.9, 2.10 Provide support to ensure a safe school and effective learning environment.

Goal 3

Collaborate with countywide partners to coordinate a continuum of instructional programs and comprehensive services for Yuba County expelled youth.

The following Actions will support Goal 3:

Goal 3 Actions 3.1 Coordinate an improved system of countywide services for expelled youth

Goal 4

Yuba County Blue Ribbon Commission (BRC) has served as the Executive Advisory Council (EAC) for the FYSCP for over 20 years. The BRC comprises agency directors and the courts, all of whom develop policies. The FYSCP will expand the EAC to include direct service staff

from various organizations currently participating in the BRC. In addition, by meeting with direct service providers, the EAC will also expand the participation to other providers and encourage resource families, Foster Family Agencies (FFA), and current and former foster youth. This change aims to encourage more discussion and focus on implementing policy and adopting model practices.

The following Actions will support Goal 4:

4.1, 4.2, 4.3, 4.4, 4.5

Provide staff, data systems, and conferences to support effective, collaborative countywide services for foster youth.

Equity Multiplier funding has been allocated to Thomas E. Mathews School and Harry P B Carden School.

Goal 5

Equity Multiplier Funding will be utilized to provide instructional staff, materials, and supplies to implement evidence-based programs and practices that address learning barriers and improve student outcomes in reading and literacy.

The following Actions will support Goal 5:

5.1, 5.2, 5.3

Provide staff to implement evidence-based programs and practices to address learning barriers and improve student outcomes in reading and literacy.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
<p>Yuba County Office of Education engaged with the following educational partners through this process. These partners included: Teachers, Principals, Administrators, other school personnel, local bargaining units, parents, and students Local law enforcement County probation department Behavioral health Social Emotional Learning staff Youth Advocacy program staff Community Schools staff</p>	<p>Since the inception of the first LCAP following the transition to Local Control Funding Formula in 2013-14, Yuba County Office of Education has been committed to purposeful engagement of all educational partners, including parents, students, educators, school staff, local bargaining units, partner service providers and community agencies.</p> <p>Through this on-going, systematic and authentic engagement, Yuba COE has utilized the LCAP process as a comprehensive strategic planning process to address the significant needs of our students and to ensure alignment throughout and across all school level and LEA level plans.</p> <p>Therefore, in 2024-25, LCAP remained a reoccurring agenda discussion item on Court & Community School meeting agendas including Parent Advisory Committee (parents), School Site Council (administrators including principals, teachers, school staff, students, parents and community partners), school staff meetings (teachers, administrators, school staff, students), Independent Learning Plan (ILP) meetings (students, parents and school staff), Yuba County Institutions/School meetings (probation, school site leadership team), LCAP Stakeholder Engagement Meeting (local bargaining units), and Student Transition meetings (Youth Advocacy staff and referring LEA staff) and lastly, Community School Advisory Council (teachers,</p>

Educational Partner(s)	Process for Engagement
	<p>administrators, school staff, students, parents and community members).</p> <p>Yuba COE Court & Community School does not have a numerically significant English Learner student group, therefore, does not have an English Learner Parent Advisory Committee. However, California Community School Partnership Program (CCSPP) Advisory Council, Parent Advisory Committee and School Site Council membership is representative of all student group demographics and feedback from all parents are included in the analysis of educational partner engagement.</p> <p>The Improvement Science model strategies including root cause analysis, empathy interviews, and fish bone continue to be used in various educational partner engagement processes to identify program needs, possible change ideas, and guide the action and services included within the LCAP.</p> <p>CCSPP needs assessment and survey collected input and feedback from educational partners on the following topics; integrated student supports, family and community engagement, collaborative leadership practices and extended learning time and opportunities.</p> <p>The requirement to consult with the Yuba County SELPA administration was met by the collaborative root cause analysis process which includes the Yuba County SELPA Director, and is included in the Why Statement of Goal 1 and Goal 2</p> <p>Consultation with Educational Partners included Equity Multiplier funding.</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Feedback received from administrators, teachers, school staff, parents, students, partner service providers, and community agencies is consistent with feedback from the previous two years and includes the following:
 Focus Area- Safe school and effective learning environment

- Continue to provide a low student-to-school staff ratio to provide the necessary behavior interventions and supports to maintain a safe school and effective learning environment.
- Continue to provide the on-site Student Resource Officer (SRO) and the Probation Officer (PO) with the necessary support and interventions to maintain a safe school and effective learning environment.
- Provide an on-site, visible, and engaged site leadership team to provide necessary support and interventions, maintaining a safe school and effective learning environment.
- Provide a stipend for a Teacher-In-Charge model to expand the site leadership team.

Focus Area- Engaging and accessible curriculum for all students, including English Learners, Foster Youth, Low Income, and Students with Disabilities

- Consider supplemental instructional materials to support the board-adopted Edgenuity curriculum to address the instructional needs of students performing below grade level.

Continue informal classroom walkthroughs to provide feedback regarding the implementation of standards-based instructional strategies. (new)

- Develop project-based learning curricular units that integrate content areas and increase student engagement. (new)
- Continue to provide Career Technical Education and career courses and training to ensure that students have both the technical skills and the soft skills to be successfully employed.
- Provide Physical Education classes to allow students to increase physical activity and enhance their health and wellness.
- Revise and update YCOE Instructional policies.
- Develop teacher and staff onboarding and mentoring process for new staff.
- Review English Learner curriculum for middle school grade levels. (new)

Focus area- Provide interventions and supports to address social-emotional, health, and wellness barriers

- Continue to provide a Multi-Tiered System of Support (MTSS) to include counseling and support in Social-emotional Learning (SEL) to address the significant student needs in this area.

- Provide a wellness center model to address overall health and wellness barriers to school success. (new)

- Continue to support Positive Behavior Intervention and Supports (PBIS) and Multi-Tiered System of Support (MTSS) to address the significant student needs in academic, behavioral, and social-emotional areas.

- Continue to address the high level of student truancy, substance abuse, and gang involvement.

Continue to address the difficulties parents experience and offer parent classes.

- Increase parent engagement in students' school programs by improving Independent Learning Plan (ILP) development during enrollment processes (new)

- Hold quarterly parent engagement sessions in coordination with Probation at Tri-County Youth Rehabilitation Center.

Additionally, consultation with Educational Partners resulted in the development of Goal 5, as required for school sites with prior-year non-stability rates greater than 25 percent and prior-year socioeconomically disadvantaged pupil rates greater than 70 percent.

- Provide staff to implement evidence-based programs and practices to address learning barriers and improve student outcomes in reading and literacy at Thomas E Mathews

- Provide staff to implement evidence-based programs and practices to address learning barriers and improve student outcomes in reading and literacy at Harry P B Carden

While most of the feedback focus areas remain consistent from the 2024-25 school year, it is worth noting that the above-mentioned continuing areas need to be effectively monitored for implementation fidelity during the 2025-26 school year. It is also noted that it is necessary to continue evaluating the support systems in place at the COE level that provide support to the school sites.

Goals and Actions

Goal

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Based on recent 2024-25 data analysis using multiple measures, as detailed in Increased Improved Services section of this LCAP, all program students continue to experience significant barriers to being on track to graduate, college and career ready. As part of the enrollment and orientation process, students and parents meet with administration and go through an Independent Learning Plan development process. ILP review shows that most students are credit deficient and have significant academic achievement gaps. Additionally, empathy interviews and focus groups with students indicate that students lack motivation to engage in traditional instructional programs and would benefit from a project based learning curriculum to increase connectedness to real world applications. Feedback from both students and parents also suggest a high interest in obtaining work related skills.

In 2025-26, the following actions and services will continue to support progress towards Goal 1 by ensuring the teachers receive professional development to implement project based learning curriculum (1.1), are provided with curriculum and materials (1.3) (1.8) and use a robust assessment system (1.4) to identify targeted areas of need to be addressed in Intervention (1.3) thereby resulting in students receiving effective instruction and intervention necessary to meet grade level academic standards and obtain credits towards graduation.

Specific English Learner actions and services are not included in the LCAP as EL student group is not numerically significant with less than 10 enrolled in the Court and Community School program. All EL students receive integrated English Language Development (ELD) support in content area classes, as well as specific ELD instruction during targeted intervention, both based on individual student ELD level.

Students that are eligible for Special Education services receive services by a Special Education teacher in collaboration with General Education teachers as determined by their Individual Education Plan (IEP).

Additionally, in 2025-26, based on consultation with SELPA administration and on-going review of root cause analysis findings during Special Education services review indicated a continued need for processes and procedures to monitor ILPs, implement multi-tiered systems of support (MTSS) with fidelity, and provide staff on-board training with all school systems to address "out" indicators of graduation rate and college and career.

Yuba COE Court & Community School program focuses on credit recovery, improving social emotional learning and behavior skills and reinstating students to their district of residence. Successful completion of courses that satisfy the requirements for entrance to the University of California and the California State University is not a primary focus for our student population. However, A-G course offerings are available for students identified for placement.

Lastly, the implementation during the 2024-25 school year, of the Community Schools Partnership Program at each site continues to highlight the need for the on-going exploration and increased incorporation of community curriculum and pedagogy. This includes the exploration and adoption of a curriculum that supports project based learning and though community connections to support real world problem solving and skill development for pathways to college and career readiness (1.4, 1.5, 1.6 and 1.8).

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The analysis of the actions to achieve Goal 1 during 2024-25 determined the following actions were carried out and demonstrated an increase in student engagement, and/or access to instruction and curriculum as measured by attendance and qualitative teacher and staff feedback. The following actions were successes:

- 1.1 Professional Development in Positive Behavior Intervention and Supports (PBIS), Trauma Informed Practices (TIPs), and Crisis Prevention and Intervention (CPI), provided a Multi- tiered System of Support (MTSS) implementation to support the significant social emotional and behavioral needs of the students.
- 1.2 Instructional Intervention Teacher position was maintained to provide academic, social emotional and behavior supports to students.
- 1.4 Renaissance Learning was utilized to provide on-going and regular local assessment data in reading and mathematics.
- 1.5 Technology work plan was updated and implemented to continue to provide technology access for teachers and students.
- 1.6 Provided Career Technical Education (CTE) courses and career readiness skills to students.
- 1.7 Prevention Assistant provided college readiness workshops, supported students who were enrolled in college courses, and mentored students to increase engagement and improve academic and behavioral outcomes.
- 1.9 Food Services Assistant position was maintained.

The following actions were challenges:

- 1.3 A new curriculum was not piloted as it was determined that the best course of action was to work with staff to develop scope and sequence with the current board adopted curriculum.
- 1.8 Supplemental curriculum and materials to support students accessing grade-level content subject material for each English Learners, Foster Youth, and Low Income students was not piloted as focus was on developing scope and sequence in all core content areas in preparation for WASC visit in spring of 2025.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 1.1 Professional development was focused on instructional practices aligned with WASC areas of identified need, resulting in no cost.
- 1.2 Intervetnion teacher salary difference.
- 1.4 Local Assessment system cost difference.
- 1.5 Technology Work Plan no major expenditures.
- 1.6 CTE Teacher salary cost difference.
- 1.7 College and Career staff cost difference.
- 1.8 Supplemental curriculum and materials were not piloted. Scope and sequence development for current curriculum was conducted.
- 1.9 Food Service Assistant salary difference
- 1.11 Nucleos contract negotiated savings difference

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Goal 1 during 2024-25 the following actions were EFFECTIVE as demonstrated by an increase in student engagement, and/or access to instruction and curriculum as measured by attendance and qualitative teacher and staff feedback:

- 1.1 Professional Development in Positive Behavior Intervention and Supports (PBIS), Trauma Informed Practices (TIPs), and Crisis Prevention and Intervention (CPI), provided a Multi- tiered System of Support (MTSS) implementation to support the significant social emotional and behavioral needs of the students.
- 1.2 Instructional Intervention Teacher position was maintained to provide academic, social emotional and behavior supports to students.
- 1.4 Renaissance Learning was utilized to provide on-going and regular local assessment data in reading and mathematics.
- 1.5 Technology work plan was updated and implemented to continue to provide technology access for teachers and students.
- 1.6 Provided Career Technical Education (CTE) courses and career readiness skills to students.
- 1.7 Prevention Assistant provided college readiness workshops, supported students who were enrolled in college courses, and mentored students to increase engagement and improve academic and behavioral outcomes.
- 1.9 Food Services Assistant position was maintained.

The following actions were NOT EFFECTIVE as evidenced by lack of implementation:

- 1.3 A new curriculum was not piloted as it was determined that the best course of action was to work with staff to develop scope and sequence with the current board adopted curriculum.
- 1.8 Supplemental curriculum and materials to support students accessing grade-level content subject material for each English Learners, Foster Youth, and Low Income students was not piloted as focus was on developing scope and sequence in all core content areas in preparation for WASC visit in spring of 2025.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 1 was updated to reflect feedback from educational partners and focus on desired student outcomes. Changes were also made to the Goal 1 metrics to ensure that data collected is relevant to student goals.

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Develop and implement an integrated support services model for students and families to address the social emotional wellbeing of students and barriers to successfully engaging in school, workplace and community.	Broad Goal

State Priorities addressed by this goal.

- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Based on 2024-25 data analysis of multiple measures as detailed in the Increased and Improved Services section of this LCAP, all program students are experiencing significant barriers to being academically and socially and emotionally successful. As part of the enrollment and orientation process, students and parents and referring school district staff meet with site and COE leadership team and go through a student need analysis or an Independent Learning Plan (ILP) development process. The results of these analysis continue to show that most students are experiencing or have experienced high levels of trauma, and have significant social-emotional issues that prevent them from being fully engaged in their education. Additionally, in consultation with SELPA administration, findings from previous root cause analysis activities it was determined that there is still the need to continue to monitor processes and procedures to consistently implement and monitor ILPs, implement multi-tiered systems of support (MTSS) with fidelity, and provide staff training with all school systems to address indicators of suspension rate as well as all social emotional and behavioral barriers. Lastly, through the implementation of the Community Schools Partnership Program (CCSPP), integrated student supports will focus on decreasing individual barriers to resources for students and families to improve students' social and emotional well-being, physical health, and mental health.

In 2025-26 the following actions and services will continue to support progress towards Goal 2 by having parent engagement activities for parents to learn about how the school is supporting their student's academic, behavioral and social emotional needs (2.2), increasing students' connectedness to the school community by providing system wide implementation of PBIS (2.3), Restorative Practices (2.6) to develop pathways to re-enter back into the school site and relationships when there has been conflict. SWIS data shows student discipline for major incidents are reduced when provided a timely intervention and ongoing support. Behavior Specialist, Probation Officer, Student Resource Officer, Social Emotional Learning Team and Youth Advocate positions provide intensive levels of support (2.4,2.8,2.10, 2.11) Parent project and SARB Coordinator provide support for families to overcome the barriers to positive school outcomes as identified by Independent Learning Plan assessment data and educational partner feedback.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The analysis of the actions/services to achieve Goal 2 during 2024-25 determined the following actions/services were carried out and demonstrated an increase in fostering respectful, collaborative, and reflective school community practices that ensure each student develops the necessary skills to be academically, socially and emotionally successful:

2.1 Student activities were conducted to increase student school connectedness.

2.2 Parent engagement activities were held to improve home to school connectedness.

2.3 Provided PBIS training, coaching and mentoring to all staff to foster a positive learning environment. The TFI monitoring instrument resulted in 83% fidelity implementation score. (80% is required)

2.4 Behavior Specialist provided necessary direct services and consultation, training for staff to provide supports and interventions to address student needs

2.5 Assistant Principal position was not filled due to decreasing enrollment and budget constraints.

- 2.6 Provided Restorative Practices training and coaching to increase positive behavior outcomes for students by increasing connectedness to school community.
- 2.7 Provided Parent Project Facilitator training to increase number of Parent Project class offerings.
- 2.8 Provided an on-site Probation Officer to provide necessary supports and services to probation referred students, and students on formal probation.
- 2.9 Provided a SARB Coordinator to provide cohesive support and services to SARB referred youth. 2.10 Student Resource Officer to provide increased safe school environment.
- 2.11 Youth Advocacy Director provides coordination of services and linkages to county wide agencies.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- The material differences between budgeted expenditures and estimated actual expenditures and/or planned percentages of improved services and estimated actual percentages of improved services:
- 2.1 Student Activities cost difference.
 - 2.2 Parent Conferences were conducted at no cost.
 - 2.4 Behavior Specialist salary savings due to position vacancy.
 - 2.5 Parent Engagement material and supplies cost difference.
 - 2.6 Restorative Practices implementation was supported internally resulting in no expenditures. Additional training days and Trainer of Trainers training may be conducted in 2025-26 fiscal year.
 - 2.7 Parent Project workshops were held in June 2023, after the 23-24 LCAP development but prior to the closing of the 2022-23 fiscal year. In 2024-25, workshops were held with existing facilitators, therefore no facilitator training costs were incurred.
 - 2.12 Parent Workshop material and supplies cost difference.
 - 2.13 Wellbeing Screener not adopted until 2025-26.
 - 2.15 Parent Engagement this is a duplicate action (2.2, 2.5, 2.12 & 2.14).
 - 2.16 Wellness Center cost of materials and supplies difference.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- The following actions for Goal 2 are effective based on the reduction in behavior incidents for disruption, an increase in attendance rates, and the increased number of students being reinstated to their district of residence.
- 2.1 Student activities were conducted to increase student school connectedness.
 - 2.2 Parent engagement activities were held to improve home to school connectedness.
 - 2.3 Provided PBIS training, coaching and mentoring to all staff to foster a positive learning environment. The TFI monitoring instrument resulted in 83% fidelity implementation score. (80% is required)
 - 2.4 Behavior Specialist provided necessary direct services and consultation, training for staff to provide supports and interventions to address student needs
 - 2.5 Assistant Principal position was not filled due to decreasing enrollment and budget constraints.

2.6 Provided Restorative Practices training and coaching to increase positive behavior outcomes for students by increasing connectedness to school community.

2.7 Provided Parent Project Facilitator training to increase number of Parent Project class offerings.

2.8 Provided an on-site Probation Officer to provide necessary supports and services to probation referred students, and students on formal probation.

2.9 Provided a SARB Coordinator to provide cohesive support and services to SARB referred youth. 2.10 Student Resource Officer to provide increased safe school environment.

2.11 Youth Advocacy Director provides coordination of services and linkages to county wide agencies.

Goal 2 actions continue to be necessary to support the comprehensive multi-tiered system of support to provide wrap around services such as counseling, social emotional skills, and behavior support. Positive Behavior Intervention and Support processes provide additional targeted staff to provide a safe school environment, counselors and mentors to provide behavior strategies and encourage students to positively engage in the school environment which reduced the number of both minor and major discipline referrals. Parent engagement activities for parents to learn about how the school is supporting their student's academic, behavioral and social emotional needs. These actions will support by reducing suspensions, behavior referrals, emotional outbursts as measured by PBIS/SWIS discipline data, suspension rates, and SEL assessments.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 2 was updated to reflect feedback from educational partners and focus on desired student outcomes. Changes will also be made to the Goal 2 metrics to ensure that data collected is relevant to student goals. Data collection and reporting continues to be an area of needed focus. As a California Community School, there is an opportunity to collaboratively review relevant metrics, evaluate data collection and reporting processes and implement an effective system for making data driven decisions.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Collaborate with countywide partners to coordinate a continuum of instructional programs and comprehensive services for Yuba County expelled youth.	Broad Goal

State Priorities addressed by this goal.

Priority 9: Expelled Pupils – COEs Only (Conditions of Learning)

An explanation of why the LEA has developed this goal.

County Office of Education has the responsibility to Coordinate the Countywide Plan for Expelled Youth per AB922. Providing specific coordinator duties to oversee the countywide plan for expelled youth will ensure program sustainability and that each expelled youth is placed in the least restrictive educational setting during their expulsion term, and also transitioned into their district of residence once their expulsion term is expired.

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	Yuba County Blue Ribbon Commission (BRC) has served as the Executive Advisory Council (EAC) for the FYSCP for over 20 years. The BRC comprises agency directors and the courts all of whom develop policies. The FYSCP will expand the EAC to include direct service staff from various organizations currently participating in the BRC. In addition, meeting with direct service providers the EAC will also expand the participation to other providers and encourage resource families, Foster Family Agencies (FFA), and current and former foster youth. This change intends to encourage more discussion and focus on implementing policy and implementation of model practices.	Broad Goal

State Priorities addressed by this goal.

Priority 10: Foster Youth – COEs Only (Conditions of Learning)

An explanation of why the LEA has developed this goal.

County Office of Education has the responsibility to coordinate Foster Youth Services county wide. Providing a Foster Youth Coordinator, educational caseworker, program secretary, and other program staff will ensure program sustainability and that all LEAs within the county are providing the required services to all foster youth.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The analysis of Goal 4 indicates that actions and services were carried out as planned. Staff positions were restructured in the 2022-23 school year.

Analysis of the metrics to measure the number of services provided for 2021-22 (100 services provided) to 2022-23 (400 services provided); showing a significant increase in the services being provided to the foster youth in Yuba County.

In 2023-24, with the addition of staffing the FYSCP has provided increased services to students and families. With the two Education Caseworkers (ECW) one was able to provide services to students at the elementary and the second was able to provide services to high school students. Our collaboration with child welfare services allowed us to co-locate while evaluating educational services and providing educational options through consultation.

The following services were successes:

4.1 Provide .54 FTE coordinator to act as Foster Youth Director to work with Foster Youth Executive Council to continue to coordinate all services described in Education Code Section 42921 county wide.

4.2 Prevention Secretary/Accountant .15 FTE to support countywide Foster Youth programs

4.3 Foster Focus Data System

4.4 Foster Youth Educational Caseworker 1 FTE

4.5 Foster Youth Conferences

The following services were challenges:

5	Equity Multiplier Funding will be used to provide instructional staff, materials and supplies to implement evidence based programs and practices to address learning barriers and improve student outcomes in reading and suspension for socioeconomically disadvantaged students (SED), students with disabilities (SWD), and Hispanic students.	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

An explanation of why the LEA has developed this goal.

The Local Control Funding Formula (LCFF) Equity Multiplier (Equity Multiplier) provides additional funding to local educational agencies (LEAs) for allocation to school sites with prior year non-stability rates greater than 25 percent and prior year socioeconomically disadvantaged pupil rates greater than 70 percent. Pursuant to California Education Code (EC) 42238. Equity Multiplier funding is required to be used to provide evidence-based services and supports for students at these school sites. LEAs are also required to document the efforts to improve outcomes for students at these school sites beginning with the 2024–25 Local Control and Accountability Plan (LCAP).

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The analysis of the actions/services to achieve Goal 5 during 2024-25 determined the following actions/services were carried out and demonstrated an increase in reading and literacy outcomes, and decrease in suspension rates for the following student groups: Socio-economic Disadvantaged, Hispanic and White.

Baseline Data was collected and reported in Year One outcomes.

5.1 Provide staff to implement evidence based programs and practices to address learning barriers and improve student outcomes in reading and literacy and 5.2 Provide staff to implement evidence based programs and practices to address learning barriers and improve student outcomes in reading and literacy

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted expenditures and estimated actual expenditures and/or planned percentages of improved services and estimated actual percentages of improved services were based on the difference between estimated planned budget expenditures and estimated actual budget expenditures due to timeline for staff assignment to position, and actual cost of those staff.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The following actions for Goal 2 are effective based on the local assessment indicators in reading and literacy (5.1) and suspension rates for socio-economically disadvantaged, Hispanic, and white student groups)5.2)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

The unduplicated student count in Yuba County Office of Education court and community schools continues to be nearly 100%. Therefore, ALL services in 2024-27 LCAP continue to be aligned specifically to the intensive needs of the English Learners, Foster Youth and Low Income students which make up the unduplicated at-risk student groups served. These research-based services will be continued to meet the academic, social emotional and college and career readiness skill needs of Foster Youth, English Learner and Low Income students in our programs.

There are no limited contributing actions, all are school wide

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Not applicable to county Offices of Education

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of EC Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> • Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

JUVENILE FACILITY EDUCATION PROGRAM REVIEW AND EVALUATION
Juvenile Halls and Camps

FACILITY NAME: Yuba County Juvenile Hall		COUNTY: Yuba
FACILITY ADDRESS (STREET, CITY, ZIP CODE, TELEPHONE): 1023 14 th Street, Marysville, Ca 95901		
CHECK THE FACILITY TYPE AS DEFINED IN TITLE 15, SECTION 1302	JUVENILE HALL X	CAMP X
DATE EVALUATED: May 27, 2025		
EDUCATION PROGRAM EVALUATOR(S) (NAME, TITLE, TELEPHONE): Barbara Mandelbaum, Educational Consultant CA Administrative Credential (559) 583-0663		
EDUCATION STAFF INTERVIEWED (NAME, TITLE, TELEPHONE): Bobbi Abold, Deputy Superintendent, Yuba County Office of Education Sherry Fortner, Principal Ken Hamel, Director, Adult Education/CTE Jessica Geireman, Director, Curriculum and Instruction		

Purpose

The facility administrator is required to request an annual review of each required element of the facility's education program by the Superintendent of Schools. A report or review checklist on compliance, deficiencies, and corrective action needed to achieve compliance with this section must be provided to the facility administrator.

The Superintendent of Schools shall conduct this review in conjunction with a qualified outside agency or individual. It is important to note that the regulation prohibits the Superintendent of Schools from delegating this review to the principal or any staff of a juvenile court school site; the intent of this regulation is that an independent third-party review is conducted.

Upon receipt of the review, the facility administrator or designee shall review each item with the Superintendent of Schools and shall take whatever corrective action is necessary to address each deficiency and to fully protect the educational interests of all youth in the facility.

Instructions

To complete the review, assess each element listed in the checklists and document the findings in the "comments" section. Columns in the checklist identify compliance as "Yes", "No", or "N/A" (not applicable). When the evaluator assessing the education program "checks" a column to indicate that the facility is out of compliance with all or part of a regulation, or indicates that all or part of a regulation is not applicable, a brief explanation is required in the comments section. This explanation is critical; it assists both the BSCC and facility staff in understanding the rationale for the decision and highlights what needs correction. **Policies and procedures must be written and implemented to be in compliance.**

Education program evaluators may elect to assess areas that are not covered by the inspection checklists. If this is done, the additional issues must be clearly delineated on a separate sheet to maintain their distinction from the BSCC Title 15 checklist. For information purposes, this additional sheet should be attached and distributed with the checklist.

Checklists and regulations are available on the BSCC website (http://www.bscc.ca.gov/s_fsoresources). Please contact the BSCC Field Representative assigned to your county at the number below or through e-mail access on the website.

Charter School Request for Material Revision to Charter

School: Yuba Environmental Science TK-12 Charter Academy

Date submitted: 4/15/2025

E.C. 47607(a)(2)

Material revisions of charters are governed by the standards and criteria in Section 47605. They shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

This document is a template for your revision request. Please use as many pages as needed to describe your request thoroughly.

Please complete all parts of each of the following sections:

1. Summary of Request and Board Approval

Provide the following information on an attached sheet/letterhead:

- a. A request for material revision. Include:
 - i. a description of the proposed material revision, including sufficient detail and background information as to why the material revision is necessary*
 - ii. how it will impact the charter and authorizing entity**
- b. The estimated fiscal impact of the material revision.*
- c. The charter school governing board approval date for this material revision. Include a copy of the approved minutes.*

Yuba Environmental Science Charter Academy (“YES” or the “Charter School”), which currently serves grades TK-12, submits this request for a material revision (the “Material Revision”) of its charter (the “Charter”) to the Yuba County Office of Education and Yuba County Board of Education (collectively, the “County”). YES is seeking this Material Revision to memorialize in its charter petition the long-term independent study¹ program that has been offered since its inception. (See, Attachment 1.)

The Charter School stopped allowing new students to participate in long-term independent study immediately, to comply with the County’s request. Because the long-term independent study program has been in operation since 2008 for elementary and middle school grades, the Material Revision will not impact the Charter School, the County, or neighboring school districts, in that YES already has the structure in place to fulfill the requirements for independent study, and has been serving this student population for years. While the high school program is newer, the Charter School does not advertise the program and does not seek to recruit students for the long-term independent study program, especially at the high school level. The Charter School is gratified to be able to offer

¹ As used herein, the phrase “long-term” means students participating in independent study for sixteen (16) days or more in a school year.

this program to support students and families who need it. The fiscal impact of the material revision is little to none.

Our governing board, the YES Council of Directors (“COD”), has directed this process, and has taken formal action related to this Material Revision. At a regularly scheduled meeting on February 27, 2025, the YES COD approved a motion to authorize submission of the charter Material Revision to memorialize the Charter School’s long-term independent study program, and the other related document be approved and submitted to YCOE.

Please see the attached cover letter for additional information.

2. *New Legal Requirements*

Address any new legal requirements of charter schools enacted into law after the charter was originally granted or last renewed. If none are relevant to your school, please indicate so with ‘NA’. Otherwise, please turn on ‘Track Changes’ in Microsoft Word to record these legal updates.

In accordance with County policy, the Charter School lists below a summary of updates to the charter reflecting new requirements of charter schools enacted into law after the charter was last renewed and relevant to the Charter School. The petition review matrix further outlines these changes based on the redlined version of the Material Revision. In addition to the redlined updates to the charter submitted herewith, a summary of these changes include, but are not limited to:

- Throughout: Statutory updates to all governing law and references thereto throughout the charter.
- Affirmation and Declaration: Updates to reflect changes in law.
- Element 1: Updates to reflect graduation requirements for students with exceptional needs; TK classroom requirements; the independent study program description; special education revisions to reflect the current legal status; and additional legislative requirements.
- Element 2: Updates to Local Control and Accountability Plan mid-year updates.
- Element 5: Updates to credentialing requirements and CTE teacher qualifications.
- Element 6: Updates to reflect additional health and safety policies and procedures.
- Element 8: Updates to reflect McKinney-Vento Act requirements.
- Element 10: Updates to reflect changes in law related to suspension, expulsion, and involuntary removal policies and procedures.

3. *Acknowledge Inclusion of Requested Revision(s) to Existing Charter Document*

Include all the following:

a. original language of the approved petition

- i. Continue to ‘Track Changes’ to document revisions. Track Changes will strike out language to be deleted (~~language to be deleted~~) and underline language to be added (language to be added)*
- ii. Attach the redlined Word document to this template.*
- iii. Minor editing changes and formatting should not be included.*

Please see the redlined version of the Material Revision with all requested updates.

4. *Acknowledge that the Safety Plan is current and includes all legal requirements.*

I acknowledge that the School Safety Plan is current and includes all legal requirements.

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Yuba County Career Preparatory Charter School

CDS Code: 58105875830112

School Year: 2025-26

LEA contact information:

Cynthia A. Soares, M.S.

Director

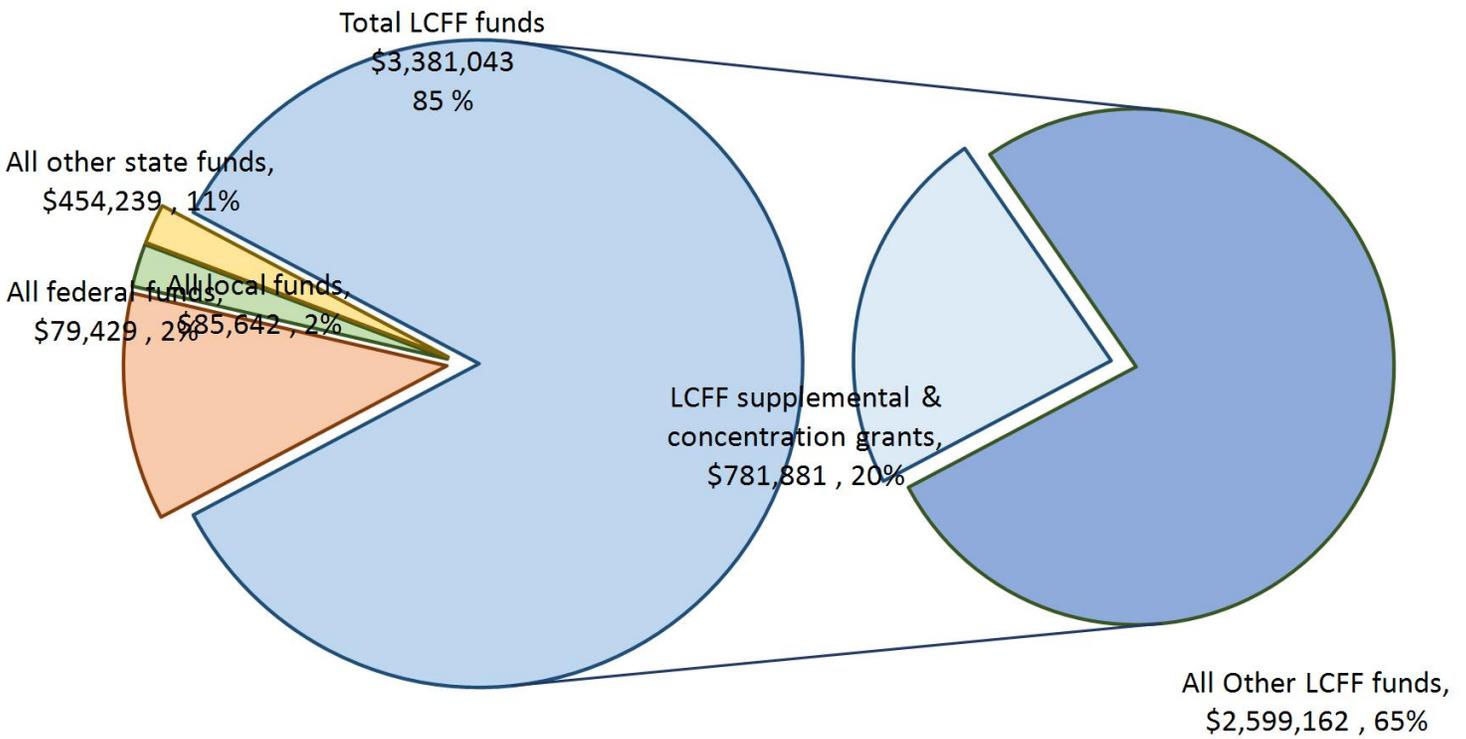

cynthia.soares@yubacharterschool.org

530-749-4000

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

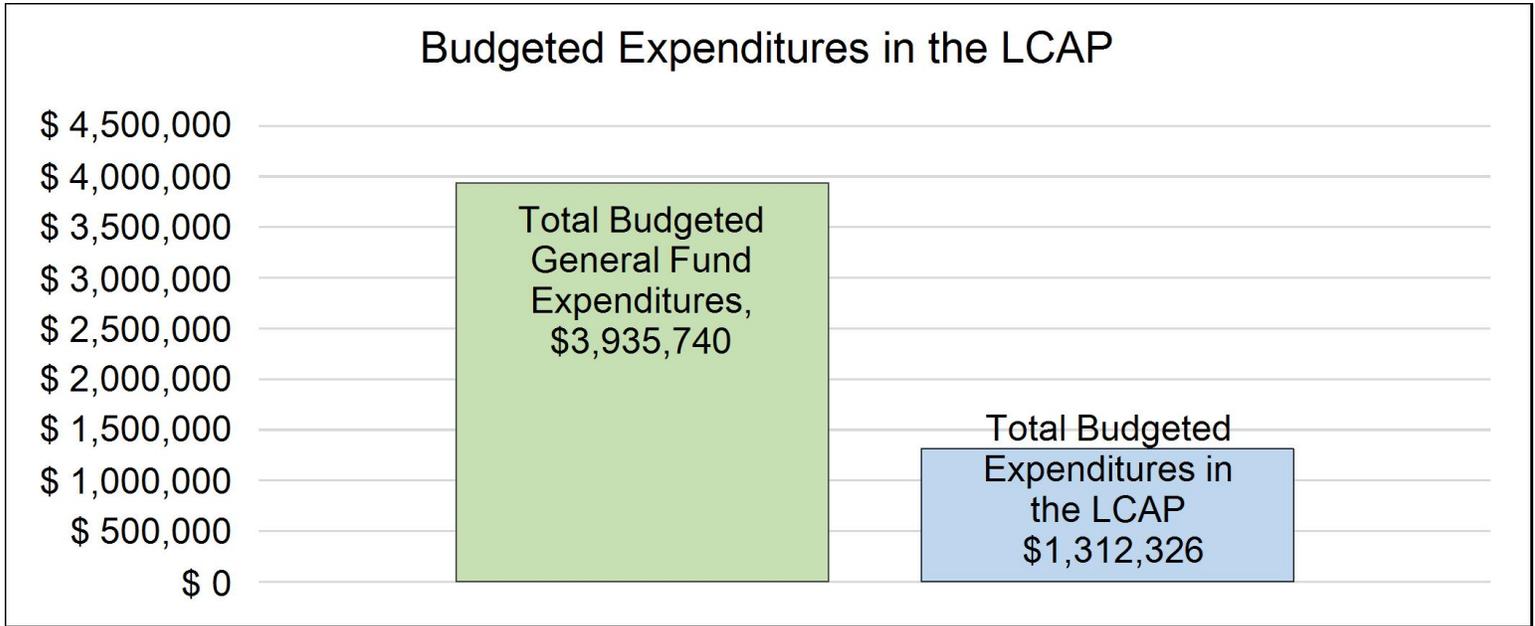

This chart shows the total general purpose revenue Yuba County Career Preparatory Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Yuba County Career Preparatory Charter School is \$4,000,353, of which \$3,381,043 is Local Control Funding Formula (LCFF), \$454,239 is other state funds, \$85,642 is local funds, and \$79,429 is federal funds. Of the \$3,381,043 in LCFF Funds, \$781,881 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Yuba County Career Preparatory Charter School plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Yuba County Career Preparatory Charter School plans to spend \$3,935,740 for the 2025-26 school year. Of that amount, \$1,312,326 is tied to actions/services in the LCAP and \$2,623,414 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

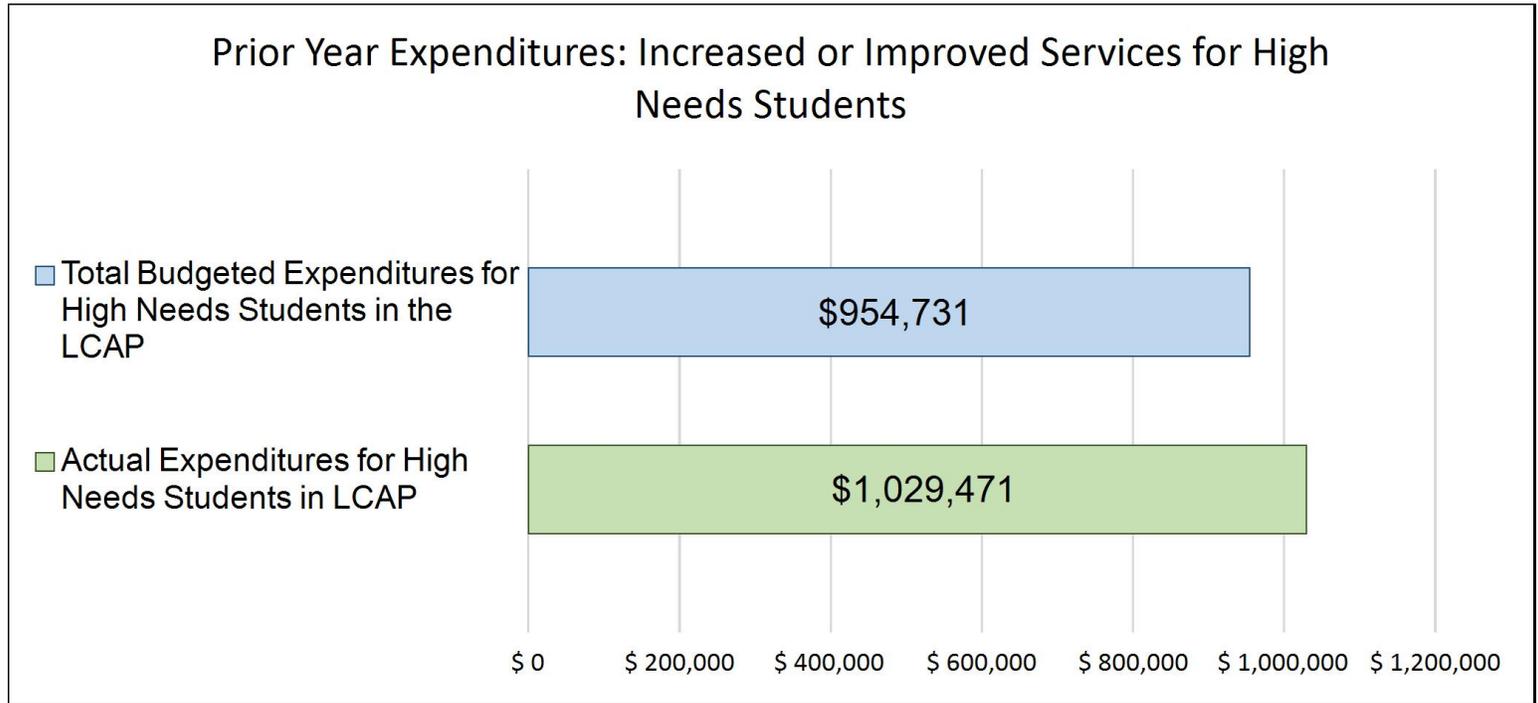

Base operating costs, including utilities, insurance, core curriculum, oversight costs, and administrative costs paid to the county office, as outlined in a Memorandum of Understanding (MOU), are not included in the Local Control and Accountability Plan (LCAP).

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Yuba County Career Preparatory Charter School is projecting it will receive \$781,881 based on the enrollment of foster youth, English learner, and low-income students. Yuba County Career Preparatory Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Yuba County Career Preparatory Charter School plans to spend \$780,316 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Yuba County Career Preparatory Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Yuba County Career Preparatory Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Yuba County Career Preparatory Charter School's LCAP budgeted \$954,731 for planned actions to increase or improve services for high needs students. Yuba County Career Preparatory Charter School actually spent \$1,029,471 for actions to increase or improve services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Yuba County Career Preparatory Charter School (YCCPCS) is a WASC-accredited institution that proudly holds the Dashboard Alternative School Status (DASS), reflecting our commitment to serving students with unique educational needs. Founded in July 1995, YCCPCS emerged to address a gap in Yuba County, offering an alternative for students who struggled to thrive in traditional school programs, including those at the elementary and secondary levels. From the start, we emphasized a strong vocational focus, introducing Career Technical Education (CTE) programs to inspire students and provide practical pathways to completing their education. This need had previously gone unmet in our community.

Our students often arrive after facing challenges in conventional school settings. They're drawn to YCCPCS for our flexible scheduling, hands-on CTE training opportunities, small class sizes, and personalized, engaging learning experiences. Many seek credit recovery to catch up on credits or to pursue early graduation. Over 74% of our students are considered at-risk and navigate chronic absenteeism, credit deficiency, emotional or behavioral difficulties, teen parenting, socio-economic hardships, health challenges, or unpredictable, traumatic circumstances. Trauma includes absent parents, emotional, physical, or sexual abuse, neglect, mental health struggles, homelessness, or time in foster care. Often, staff uncover these deeply personal stories when responding to students' behaviors—whether they are acting out or falling behind academically. The barriers to achievement these students face require staff to have the capacity to build trust and understanding with students along their educational journey.

YCCPCS serves a diverse population, reflecting the school's dedication to supporting learners from varied backgrounds and needs. In 2024, this included 238 students across grades K-12. Ethnically, YCCPCS served approximately 50% Hispanic and 40% White populations. A

striking 90% of students were socioeconomically disadvantaged, underscoring the economic barriers faced. Additionally, 24% were Students with Disabilities, another 9% were Homeless, and 6% were Foster Youth. This mix highlights our role as a vital resource for students overcoming systemic and personal challenges.

At YCCPCS, creating a safe and supportive environment is at the heart of what we do. Our teachers, administration, and staff dedicate a significant amount of time to counseling students, de-escalating conflicts, and fostering meaningful connections to guide them toward success. Collaboration is key—our team regularly discusses how to best meet each student’s needs. Through our Independent Study (IS) program, students benefit from individualized pacing and one-on-one meetings with a Supervising Teacher, allowing them to focus on credit recovery or explore career and technical education (CTE) options tailored to their interests. We also offer a unique "Cohort" IS model, where two or three teachers work together in a classroom, each supporting up to five students during each Cohort time. These three-hour sessions include one hour of direct instruction and two hours for students to complete assignments, collaborate with peers, or meet with their Supervising Teacher.

While YCCPCS does not receive Equity Multiplier funding, we are committed to continuous improvement. We utilize the Local Control and Accountability Plan (LCAP) to meet planning requirements and align goals and actions for Comprehensive Support and Improvement (CSI), Differentiated Assistance, grants (e.g., the Learning Recovery Emergency Block Grant), and WASC accreditation. Having a set of aligned plans ensures we address the evolving needs of our students and community. By blending academic support with vocational training and a nurturing environment, we strive to empower every student to overcome obstacles and build a brighter future.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

2024 ANNUAL PERFORMANCE REVIEW

YCCPCS evaluated its 2024 performance using the California School Dashboard, state/local data, and stakeholder input. This summary highlights achievements, challenges, and strategies to address identified needs.

SUCSESSES

Academic Progress:

- CAASPP ELA improved by 45 points (yellow rating, 57 points below standard).
- CAASPP Math gained 22 points (orange rating, 164 points below standard, 0% proficiency).
- Participation rates: 97% ELA (+1%), 96% Math.
- STAR Assessments: Over 50% met/exceeded Reading standards; nearly 50% met/exceeded Math standards.

Graduation Rates:

- The 4/5-year rate increased from 14% to 51%.
- The 1-year rate (alternate metric) rose to 96% overall, with 89% White, 98% low-income, and 100% of students with disabilities and Hispanic students graduating.

School Climate:

- Suspension rate: 1% (+1%); zero expulsions.
- 100% access to standards-aligned materials and a broad course of study.
- CoVitality screener shows strong student connectedness, empathy, and emotional regulation.

Staff Satisfaction:

- 80% of staff completed the 24-25 Climate Survey; all areas met/exceeded 85% expectations.
- High satisfaction with leadership (89%), workplace safety (91%), mission implementation (89%), and school culture (85%).
- Over 80% of staff value professional development; 60% apply learned strategies.

ANNUAL NEEDS ASSESSMENT

Math Performance:

- Despite improvement, math achievement remains a priority for all students (orange, 164 points below standard).

Attendance:

- K-8 chronic absenteeism is high (29%, red), especially for Hispanic (39%) and socioeconomically disadvantaged students (35%).

Graduation & College/Career:

- The 4-/5-year graduation rate (51%) and college/career readiness (0%) remain red.
- First-year graduation plan completion dropped to 65% (-26%).

CAASPP Participation Gaps:

- ELA and math participation are below 95% for students with disabilities (88%), homeless students (89%), and American Indian/Alaska Native students (50%, two students).

Student Well-Being:

- CoVitality data indicates that students exhibit low persistence, zest, and optimism.

Parent Engagement:

- Annual survey participation is low (~10%), limiting input.
- Parents as part of the Charter Advisory Council (CAC) provided input for our local indicators and LCAP goals and metrics at our March 25, 2025.

2023 DASHBOARD RED INDICATORS (Remains unchanged for LCAP cycle)

- Overall red on ELA, math, graduation rate indicators, and 'very low' college/career readiness indicator.
- Red for low-income students in ELA, graduation rate, and college/career.

2024 DASHBOARD UPDATE

- Red: Graduation rate, college/career readiness.
- Yellow: ELA

-Orange: Math

-No student groups are red on the ELA/math indicators.

EXISTING STRATEGIES ADDRESSING IDENTIFIED NEED

1. Math Support: Foundational math classes (grades 6-12), drop-in tutoring, and paraeducator-led sessions.
2. Attendance: Tiered support, family engagement events, and surveys.
3. College/Career Readiness: Job fairs, dual enrollment, articulated courses, and graduation plan support.
4. Professional Development: 36 training days (e.g., PBIS, CoVitality, alternative education).
5. Continuous Improvement: Teacher surveys, leadership team, Charter Advisory Council, and data monitoring.
6. Data Systems: Local assessment tracking for actionable insights.
7. Student Support: Academic/social-emotional counseling and outreach.

2025-26 STRATEGY ENHANCEMENTS

1. Targeted Math Interventions (Goal 2.1):

- Train educators in differentiated instruction and CTE applications during PLC days.
- Boost participation for homeless students and students with disabilities.

2. K-8 Attendance & Engagement (Goal 1.2):

- Use Parent Square for attendance incentives.
- Co-design campaigns with the Charter Advisory Council.
- Ensure math intervention attendance via STAR results.
- Address barriers for Hispanic and low-income students.
- Work with community partners to improve CoVitality outcomes. Research indicates a priority focus on gratitude and persistence for maximum gains.

3. College/Career Pathways (Goal 1.3):

- Expand CTE articulations (e.g., Natural Resources).
- Offer more FAFSA and college workshops, including families.
- Ensure equitable pathway access for unduplicated students and those with IEPs.
- Increase first-year graduation plan completion.

4. Data-Driven Decisions (Goal 1.1):

- Refine data systems with YCOE/PCOE.
- Train staff on STAR report analysis.
- Observe high-performing DASS schools by Spring 2026.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

TECHNICAL ASSISTANCE

Due to the red performance level on the College/Career Indicator, YCCPCS qualifies for technical assistance under Education Code sections (e.g., EC 52071). The school is partnering with the Placer County Office of Education (PCOE) to address these challenges through targeted support in the following areas:

- Data Analysis: Review the Dashboard and local data to pinpoint the root causes of low performance.
- Data Systems: Refine systems for accurate, timely collection, disaggregation, and reporting of state and local assessment data.
- Strategy Refinement: Enhance interventions, including tiered support systems (Action 1.2) and professional development (Action 2.1).
- Implementation Monitoring: Track progress via leadership teams (Action 1.1) and continuous improvement processes (Action 2.2).

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

YCCPCS is identified for Comprehensive Support and Improvement (CSI) for Graduation Rate.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Based on CSI allowable items identified in ESSA, Section 1003, YCCPCS developed a plan to support CSI strategies and activities in collaboration with education partners and conducted a needs assessment and root cause analysis to identify and implement appropriate evidence-based interventions, strategies, and activities. State and local data are being used to monitor and evaluate improvement efforts and review/identify resource inequities, which may include a review of the school budgets.

Beginning 2024-2025, YCCPCS site plans (LCAP, WASC, and the Charter) are aligned to focus staff efforts on continuous improvement based on identified needs. The Yuba County Office of Education (YCOE) Superintendent and Deputy Superintendent provide direct supervision over the school and support or delegate support of CSI plan implementation to the Director of Curriculum and Instruction and or other support positions.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

YCOE/YCCPCS recently established a system to track state and local data, regardless of student group size, and is tracking and monitoring site plan implementation and effectiveness through the advisory council and leadership team. YCCPCS uses multiple data sources, including an annual needs assessment, to drive decision-making and plan refinement. This supports actions tied to key DASS indicators, such as increasing graduation and attendance rates and decreasing dropout rates. Student achievement data continues to be an area of focus.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
ADMINISTRATION/COUNCIL & BOARD	<ol style="list-style-type: none"> 1. YCCPCS reports data annually to the Charter Advisory Council (CAC) and YCOE Board, including, at a minimum, CA Dashboard presentation, climate survey results, a Mid-year LCAP update, and staff PD survey results. 2. The Director prepares CAC updates, which allow for conversation and input on school improvement, professional development, and fiscal allocations. 3. The CAC reviews existing LCAP goals each spring and provides input on proposed goals and actions. 4. A public hearing on the proposed LCAP and budget is held during the regularly scheduled May Board meeting. The public can comment, and the YCOE will respond as the law requires. The LCAP and budget are adopted at a subsequent June board meeting. 5. YCCPCS administration reports to the YCOE Superintendent, who also provides program input.
TEACHERS	<ol style="list-style-type: none"> 1. Teacher input is elicited through annual climate and professional development surveys. 2. Teachers provide feedback during weekly staff meetings. 3. Teachers provide input during WASC Committee and CAC meetings. 4. Teacher input is provided during professional development days and leadership team meetings.

Educational Partner(s)	Process for Engagement
OTHER STAFF	Based on the small number of staff at YCCPCS, input is solicited from other Staff in the same manner as listed for Teachers.
PARENTS	<ol style="list-style-type: none"> 1. Parent input is solicited through "Parent Voices" and in an annual parent survey. 2. Parents participate on the WASC Committee and CAC. 3. Parent feedback is received during regularly scheduled independent study meetings and via email/Parent Square.
STUDENTS	<ol style="list-style-type: none"> 1. Student input is solicited through "Student Voices" and surveys. 2. Students participate in the WASC Committee and CAC. 3. A bi-annual climate survey is administered to all grades 6 -12 students. 4. An annual student engagement survey is administered to 3-12 grade students.
EDUCATIONAL PARTNERS	Educational partner input is actively solicited throughout the year via various channels such as surveys, social media, all-calls, emails, texting, orientations, site meetings, CAC, and collaboration with YCOE, our authorizer.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The following priorities were elicited from educational partners and incorporated into the 25-26 LCAP. The Charter Advisory Council concurred with the identified needs.

1. The 2024 Parent Survey received approximately 13% participation. Five participating parents indicated that there remains a need for some trauma support. More than half of responding parents/guardians indicate a need for continued mental health and counseling services. Nearly half of parents/guardians indicate they would benefit from instruction on strategies to support learning and behavior at home.
2. Staff priorities include a small number of staff looking for consistent behavior expectations and better strategies to address behavior; a need for more communication and collaboration on consistent student support and follow-through; social time among staff; a virtual option for CTE courses; and a broader variety of CTE options that allow students with different aptitudes and interests to participate.
3. Certificated staff professional development requests are as follows:

LCAP Goal 1

- Interventions/supports to increase academic engagement (56%)

- Interventions/supports for career pathways (56%)
- Knowing more about community agencies and collaborating with community partners (63%)
- Selecting and using designated supports and accommodations (50%)

LCAP Goal 2

- Opportunities to increase student connectedness to school (56%)
- Opportunities to increase family connectedness to school (44%)

Technology/Online Platform Support

- Organizational best practices for using Google Drive (56%)

4. Classified staff professional development requests are as follows:

LCAP Goal 1

- Supporting SEL skills
- Supporting college/career transitions (44%)
- Supporting goal setting/progress monitoring (56%)
- Knowing more about community agencies (40%)
- Preparing students for standardized assessments (30%)

LCAP Goal 2

- Opportunities to increase connectedness to school (78%)
- Understanding charter school accountability (44%)

Technology/Online Platform Support

- Intermediate MS Excel (57%)

An explanation of why the LEA has developed this goal.

WHAT YCCPCS PLANS TO ACHIEVE
 In alignment with the WASC Mid-Cycle Review process and based on a review of multiple years of low achievement, climate, and engagement data, committee members, including staff and educational partners, identified the need to build on recognition and reinforcements for positive behaviors established in Spring 2024, including building staff capacity to implement effective practices that support educational partners as decision-makers, improve school climate and culture, and increase communication and access to resources, tools, and events. Additionally, staff will fully implement the YCCPCS MTSS Tiered System of Support, including home visits, increased direct instruction and intervention lessons, tutoring groups, and counseling and field trip participation to address identified needs.

YCCPCS will also increase resources to support mental health and wellness, including revising the SST process and providing students with a food bank, food distribution, and volunteer opportunities; building capacity for early identification of needs and support, earlier intervention, wrap-around services with an onsite counselor, and administering the CoVitality Survey, completing the Community of Practice and further implementing change ideas and seeking further community involvement in planning and implementation (e.g., via Community Schools Grant implementation).

EXPECTED OUTCOMES
 Staff will track and monitor implementation and effectiveness, including increasing and tracking onsite tutoring and field trip participation. As a result of meeting basic needs and effective implementation, YCCPCS strives to increase the number of students completing college courses and CTE Pathways, as well as grad rates and attendance rates. By implementing the MTSS System of Support, YCCPCS will see more students responding positively to the climate screener.

YCOE and the WASC Visiting Committee have endorsed this plan.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The actions under Goal 1 address student and family engagement, improved graduation rates, and increased college and career readiness, particularly for low-income and other underserved student groups. All four actions were fully implemented in 24-25. Below is an overview of the implementation status, including challenges and successes:

Action 1.1: Systems to Support Student & Family Engagement & Connectedness; Metrics 1.9 (CoVitality) and 1.2 (Parent Participation):

Implementation successes include updated enrollment procedures, increases in CoVitality survey participation (6% in Fall 2024), and an 8% improvement in students classified as "getting by" or "thriving" (66%). Family events have been held, one in Fall 2024 and another for Spring 2025. Challenges include limited parent participation in surveys (approximately 13%; +3% from the previous year), suggesting improved outreach strategies are needed to identify underserved populations' needs better.

Action 1.2: Tiered Support Procedures; Metrics 1.5 (Attendance) and 1.6 (Graduation Rate)

Successes include progress in aligning interventions with the MTSS framework and SST processes within the Student Information System (SIS). However, challenges persist in fully operationalizing these systems, as classified staff are still working on alignment, indicating slower-than-anticipated progress.

Action 1.3: College & Career Procedures & Supports; Metrics 1.4 (A-G/CTE), 1.11 (College Courses), and 1.12 (Grad Plans)

Successes include a robust CTE program provided to all students. Challenges include limited data on graduation plan completion, low engagement in college/career events, and low college/career readiness rates. This reflects the need for better promotion efforts or reevaluation of the action to better align with the CCI requirements.

Action 1.4: Additional Resources & Staffing; Metrics 1.1 (Materials), 1.7 (Course Access), and Metric 1.8 (Unduplicated/IEP Access)

Successes include a full staff to support students' academic and social-emotional needs. A challenge is the lack of quantitative data to assess progress fully.

No substantive differences exist between the planned and actual implementation of these actions as described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences in 24-25 projected and estimated expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 1.1 has been effective in incrementally improving student engagement metrics but ineffective in achieving robust family engagement. The 6% increase in CoVitality survey participation and 8% improvement in students classified as "getting by" or "thriving" reflect progress in supporting student connectedness as YCCPCS moves from a baseline of 58% toward the >85% target. Metric 1.2 shows parent survey participation rising from 50%. Satisfaction dipped slightly to 93% (still above the 85% goal). With the limited parent/guardian survey responses, outreach efforts have not significantly engaged families, a critical component of the goal.

Action 1.2 has effectively driven progress toward graduation and attendance outcomes. Metric 1.6 shows the 4/5-year graduation rate rising from 37% to 51% (+14%), with equitable gains for low-income (51%), disabilities (63%), and Hispanic (49%) students, aligning with the goal's focus on achievement through graduation. Metric 1.5 reflects attendance improving from 89% to 90% (+1%), meeting the =90% target, with underserved groups within 5% of overall (e.g., low-income 90%, disabilities 94%), supporting consistent learning. The narrative notes progress in aligning supports and Student Study Teams within the Student Information System, but slow staff alignment has delayed full implementation.

Action 1.3 has been somewhat effective in producing results toward college/career readiness. Metric 1.4 shows 0% A-G completion (target >0%), 4% CTE completers (target >25%), and 0% A-G + Pathway completion (target >1%), however, locally tracked CTE cohort gains (e.g., 41% intro courses, +18%) indicate a significant number of students are exposed to career options. Metric 1.11 shows minimal concurrent and dual enrollment outcomes with little progress toward the >30 student target. Low engagement in college/career events and limited graduation plan data indicate a need to address promotion efforts. Monthly food bank partnerships provide some community connection but may not significantly advance college/career readiness, especially for underserved students.

Action 1.4 YCP has been effective in maintaining the necessary support. Metrics 1.1 (100% standards-aligned materials), 1.7 (100% broad course access), and 1.8 (100% access for unduplicated/IEP students) consistently meet targets, providing a stable base for learning and engagement. Metric 1.3 (0 facility repair instances) further supports a conducive environment.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes are being made to planned goals or outcomes for the coming year.

Actions were reworded for clarity and concision. Additionally, actions were added to align LREBG, Prop 28, and A-G Access Grant actions and expenditures.

The following actions were adjusted to align with the annual reflection and incorporate educational partner input:

1.1 was updated to address

- next steps, including working with Placer COE for differentiated assistance and the Community Schools Grant team to increase engagement and
- specificity regarding action taken, including working with staff to review STAR assessment reports for immediate instructional decision-making and personal calls/invitations to parents to increase participation.
- leadership teamwork was moved to 1.2 based on locally identified needs.

1.2 was updated to

- monitor and evaluate the effectiveness of the local MTSS Framework and
- refine the academic support process to increase access and attendance. This action was moved to the Learning Recovery Emergency Block Grant (1.6).
- the leadership team was moved to 1.2 to support reduced chronic absenteeism and improved attendance, including ongoing progress monitoring of the plan implementation and effectiveness.

1.3 was updated to include

- grad plan updates each semester and embedding plans in the local SIS if possible and
- add clarity in action details
- ensure equitable access to pathways for unduplicated students and students with IEPs

Metric 1.12 was updated to reflect local data collection, not SIS (Academic Planner).

No ineffective actions were required to change.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

1.5	Learning Recovery Grant: Increase Instructional Learning Time	<p>Description: In 25-26, offer an 18 - day voluntary (approximately 10%) and referred (approximately 90%) 9-12 summer school program to maintain student and family engagement and provide:</p> <ul style="list-style-type: none"> a. instructional support for credit recovery in core subjects and b. 1:1 and small group math intervention. Conduct specific outreach to enroll low-income/Hispanic students. <p>Expand the summer program to 20+ days beginning in 26-27.</p> <p>Impact Metric: Track the 25-26 school year 4/5-year and 1-year graduation rates, dropout, and attendance rates.</p> <p>Rationale: YCCPCS, a DASS school, serves primarily low-income, at-promise students needing substantial support for graduation and college/career readiness. A summer learning program will make graduation attainable for some students and support voluntary enrollments with learning acceleration. Additionally, it will support the improved attendance in 25-26.</p> <p>Research Support: The Wallace Foundation's Summer Learning Toolkit highlights evidence for well-designed summer programs:</p> <ol style="list-style-type: none"> 1. A RAND study for the NSLP showed students attending voluntary summer programs for 20+ days over two summers significantly outperformed peers in reading and math on standardized tests. 2. Research confirms low-income students face summer learning loss in math and reading. Quality summer programs with academics and enrichment prevent this loss and advance skills. 3. 		<p>4. The RAND study noted enhanced social-emotional skills, like empathy and teamwork, in students with high attendance, supporting long-term success.</p> <p>5. Structured programs foster supportive relationships, promoting positive behavior and reducing disciplinary issues.</p>		
1.6	Learning Recovery Grant: Accelerating Progress with Learning Supports	<p>TUTORING Description: The staff will provide 1:1 and small-group instructional support (tutoring), both assigned and voluntary, in-person and virtually, to boost engagement and provide first instruction support, especially for low-income students.</p> <p>Impact Metric: Because YCCPCS is a non-classroom-based program, attendance (based on work completion) and average credits (9-12) will be tracked.</p> <p>Rationale: YCCPCS serves a low-income, at-promise student population. As a DASS school, students typically lag in graduation and college/career readiness. Flexible tutoring options will enhance work completion and support attendance, driving gains in reading and math.</p> <p>Research Support: The National Student Support Accelerator (NSSA) District Playbook from Stanford University highlights evidence for high-impact tutoring, which is similarly supported by the Anneberg Institute at Brown University's "Design Principles for Accelerating Student Learning with High-Impact Tutoring:"</p> <ol style="list-style-type: none"> 1. It outperforms other interventions, delivering significant academic gains across grade levels and subjects. 2. Defined by frequent, consistent, trained tutors using quality materials and data-driven methods, it yields over four months of extra learning in elementary literacy and nearly ten months in high school math. 3. It effectively addresses learning gaps widened by COVID-19 and systemic inequities through personalized instruction, particularly for low-income students and students of color. 	\$101,029.00	No

<p>WHAT YCCPCS PLANS TO ACHIEVE</p> <p>In alignment with the WASC Mid-Cycle Review, the WASC Committee, including staff and educational partners, the ongoing need to increase educator efficacy in the areas of instruction, implementation of standards-based curriculum, and meaningful assessment to guide instruction. Including differentiated instruction, accommodations, and modifications when appropriate with clear and consistent protocols for supporting students in their learning.</p> <p>EXPECTED OUTCOMES</p> <p>In addition to meeting basic needs, YCCPCS will strive to see increases in staff implementation of professional learning and local assessment proficiency, which will over time, impact statewide assessment scores. In addition, staff strive to decrease chronic absenteeism and dropout rates.</p>

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2 focuses on enhancing educator capacity through professional learning and continuous improvement. Action 2.1 is fully implemented. Action 2.2 is almost fully implemented.

Action 2.1: Staff Professional Learning; Metrics 2.3 (CAASPP), 2.11 (Local assessments), 2.12 (SEL/Trauma Informed)

Successes: Implementation successes include 100% of staff trained in SEL and trauma-informed practices during 36 protected workdays, consistent with the prior year. This training contributed to student learning gains, as evidenced by Metric 2.3's Spring 2024 ELA proficiency increase from 15% to 33% (+18%), surpassing the 30% target, and Metric 2.11's local assessment growth (57.2% in ELA, 60.2% in math), nearing or exceeding targets (60% ELA, 40% math). These outcomes suggest that educator capacity in evidence-based practices positively impacted student achievement, particularly in ELA.

Challenges: Despite full implementation, challenges emerged in translating training into practice. Metric 2.12 indicates a drop in implementation from 82% to 60% (-20%) for certificated staff and from 66% to 55% (-11%) for classified staff, falling short of the >75% target. This suggests logistical or support gaps in applying PD content. Additionally, Metric 2.3 shows math proficiency declining from 2% to 0%, moving away from the 10% target, highlighting a challenge in effectively addressing math instruction despite focused pedagogy efforts. There was also a drop in credentialed teachers (100% to 82%, Metric 2.1), potentially impacting instructional quality.

Action 2.2: Continuous Improvement; Metrics 2.1 (Credentials), 2.2 (Standards Implementation), 2.6 (Absenteeism), 2.7 (Dropout Rates), 2.10 (Staff PD Survey)

Successes: Key successes include the full transition of the YCCPCS governance structure, ongoing data systems development, and implementing a site-level leadership team. Additionally, the sustained monitoring of standards implementation, with Metric 2.2, indicates YCP remains on track for the =4 target. The 100% survey completion rate (Metric 2.10) identified all staff learning needs, informing PD adjustments. Additionally, Metric 2.7's high school dropout rate decreased from 13% to 11% (-2%) in Spring 2024, meeting the <15% target, indicating some success in supporting student engagement and retention through informed educator practices.

Challenges: Implementation faced significant challenges in staffing and engagement outcomes. Metric 2.1 reveals a drop from 100% to 82% (9/11) of appropriately assigned and credentialed teachers in Fall 2024. Metric 2.6 shows chronic absenteeism only slightly reduced from 28% to 27%, far above the <15% target, suggesting a limited impact on engagement despite monitoring efforts. Similarly, Metric 2.7's middle school dropout rate rose from 0% to 8% (+8%), contrary to the 0% target, reflecting a challenge in preventing disengagement.

There are no substantive deviations from the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences in 24-25 projected and estimated expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 2.1 has been partially effective in improving student learning outcomes. Metric 2.3 shows ELA proficiency rising from 15% to 33% (+18%) in Spring 2024, exceeding the 30% target, with gains for low-income (32%), disabilities (14%), Hispanic (23%), and White (42%) students, though gaps remain (e.g., disabilities 19% below overall). However, math proficiency dropped from 2% to 0%, moving away from

the 10% target across all groups. Metric 2.11 shows 57.2% of students in reading and 60.2% in math showed one year's growth (60% ELA, 40% math) using the grade equivalent (GE) measure. This suggests some success in building educator capacity for local growth measures, particularly in math, despite CAASPP results. Metric 2.5's ELA readiness increase (17% to 33%, +16%) also suggests some success in building educator capacity, though math readiness remains 0% (target >5%).

Metric 2.12 indicates 100% of staff were trained in 2024-25, but implementation dropped to 60% for certificated staff (-20%) and 55% for classified staff (-11%), well below the >75% target. This decline suggests that while training occurred, translating it into practice has been ineffective, potentially limiting the impact on student outcomes.

Action 2.2 contains mixed results, indicating limited effectiveness in sustaining engagement. Metric 2.1 shows a drop from 100% to 82% (9/11) of appropriately assigned and credentialed teachers in Fall 2024, moving away from the 100% target. This decline could impact engagement and learning support. Metric 2.6 indicates chronic absenteeism improved slightly from 28% to 27% but remains far above the <15% target, with low-income (28%) and White (28%) students within 5% overall, though not a significant enough change to meet the intended target. Metric 2.7 shows middle school dropouts rising to 8% (+8%) from 0%, moving away from the 0% target, while high school dropouts decreased to 11% (-2%), putting YCCPCS on track to meet the <15% goal.

Metric 2.2 reports a state standards implementation score on track for the greater than or equal to '4' target, suggesting effective monitoring of instructional practices. Metric 2.10 confirms that 100% of teachers were surveyed for PD needs in 2024-25, aligning with the 100% target and supporting continuous improvement.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes are being made to planned goals for the coming year.

Actions were added to align LREBG, Prop 28, and A-G Access Grant actions and expenditures.

The following actions were adjusted to align with the annual reflection and incorporate educational partner input:

2.1 was updated to

- emphasize the need for math professional development
- emphasize the need for professional development that supports staff with addressing barriers faced by underrepresented groups.

2.2 was updated to identify the leadership team for planning one or two observations of similar school models/programs.

Metric and Outcome 2.11 were modified to measure grade level equivalency change overall and by student group. Based on the functionality of the platform and the impact student transiency has on available data, this measure provides more consistent information for annual decision making.

No ineffective actions were required to change.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

1.1	<p>Action: Student & Family Engagement Plan</p> <p>Need: YCCPCS serves students and families disenfranchised by the traditional school system. Re-engaging these families can be complicated and time-consuming, as additional resources and varied strategies may need to be employed to 'hook' them based on individual barriers affecting them.</p>	YCCPCS staff will focus on developing and implementing systems that engage/re-engage students and their families in short—and long-term educational goals. This work will include implementing onboarding and orientation procedures, refining and improving existing events and support tools, gathering more effective student SEL data, and implementing support in response to student data. While YCCPCS strives to affect change for its largest student group, low-income students, all students will benefit from this work. <p>1.2</p>	<p>Action: Tiered Support & Procedures Plan</p> <p>Need: YCCPCS serves an at-promise population comprised mainly of students classified as low-income. By definition of a DASS school, these students enroll at YCCPCS credit deficient, work significantly below grade level, and need additional tiered support to 'catch up' and graduate on time.</p> <p>Scope: LEA-wide</p>	<p>Students attending YCCPCS have become disenfranchised by the traditional education system. As staff work to build trusting relationships with families and students, they must also establish a high bar for perseverance and long-term success. Staff will continue to develop a robust support system students and families need to attain long-term goals, including increases in academic achievement leading to graduation. While YCCPCS strives to affect change for its largest student group, low-income students, all students will benefit from this work.</p>	<p>Graduation and dropout rates, attendance rate, CoVitality results</p>

While we strive to implement evidence-based practices, such practices are not well-defined for DASS and independent study models. Research practices might be implemented where sufficient research and/or suggested data support effectiveness. Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

There are no limited actions.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

This prompt is not applicable to YCCPCS.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> • Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024

Yuba COE
2025-26 Proposed Budget Report and Multiyear Fiscal Projection

Public Hearing – June 11, 2025

Adoption – June 18, 2025

Local Educational Agencies (LEAs) are required to adopt a budget prior to July 1 of each year to authorize the expenditure of funds. The proposed budget is only an initial blueprint for revenues and expenditures since the preparation of the adopted budget occurs before the State has enacted its budget, and before actual revenues and expenditures are known for the current year. In the event material revisions are necessary, a revised budget will be presented to the Board no less than 45 days after the enacted State budget.

Illustrated below is a summary of the proposed State budget and budget guidelines as provided by California Association of School Business Officials, County Office of Education Common Message and School Services of California. The proposed budget report also contains financial summaries, multi-year projections and detailed financial state reports relating to the projected financial activity for 2025-26 through 2027-28 specific to the Yuba COE.

The County's budget represents the office's mission statement and program goals and objectives expressed as a financial plan. The adopted budget is the first step in creating a working document that constantly changes to reflect the revenue adjustments and expenditure needs of the organization. The County School Service Fund (CSSF) or General Fund is used to account for the general operations of the office. All transactions except those required to be in another fund are accounted for in the CSSF fund.

Governor's Revised State Budget Proposal "May Revision"

On May 14, 2025, Governor Gavin Newsom released the May Revision for the proposed 2025-26 State Budget. At May Revision the budget includes an increase of approximately \$2.9 billion in Proposition 98 guarantee funding over the three-year period relative to the 2024 Budget Act and a decrease of approximately \$4.6 billion from the Governor's Budget in January. The revision proposes to appropriate only \$117.6 billion for education programs in 2024-25, instead of the current calculated Proposition 98 level of \$118.9 billion. The difference between the appropriated and the calculated levels is less than at Governor's Budget, \$1.3 billion instead of \$1.6 billion. This is intended to mitigate the risk of appropriating more resources than are ultimately available when the final calculation for 2024-25 is made during the 2025-26 fiscal year. The 2025-26 budget includes \$114.6 billion in Proposition 98 funding for all TK-12 programs for continued fiscal stability to meet the obligations to TK-12 education.

LCFF Cost-of-Living-Adjustment (COLA): The LCFF for County Offices of Education (COE) has three main components: Operations Grant, Alternative Education Grant, and Differentiated Assistance. The operations grant is intended to fund the basic operations of the COE. The Alternative Education Grant funds the juvenile court and county community schools. Differentiated Assistance provides funding for the county office to provide increased assistance to districts and charters to address identified performance issues, including significant disparities in performance among student groups.

Operations Grant:

The Governor proposes an increase to the Local Control Funding Formula (LCFF) by 2.30%. The Operations Grant increases by the COLA of 2.30% with no further changes. This is reduction from the 2.43% that was proposed in the January release of the Governor’s Budget.

Alternative Education Grant:

The LCFF for the Alternative Education Grant also increases by 2.30%.

Differentiated Assistance (DA):

DA funding is based on three main components:

LCAP Support: The greater of \$24,844 per school district within the county or \$106,298 (increased by 2.30% statutory COLA).

DA Support: Multiplied by three-year average: Small District \$100,000, Medium \$200,000 and Large \$300,000.

Charter schools: Multiplied by the three-year average (current and prior two years) of charter schools on the LCFF assistance status report.

Other Program Cost-of-Living-Adjustment (COLA): The increase to other categorical grants is also 2.30%.

Rainy Day Fund:

Adjusts the 2024-25 mandatory Proposition 98 Rainy Day fund deposit of \$1.2 billion down to \$540 million due to adjustment of capital gains revenues for the year.

Additionally, a decrease in Proposition 98 guarantee triggers a mandatory withdrawal of \$540 million in 2025-26 exhausting the remaining fund balance of the reserve account.

Deferrals: A deferral is proposed from June 2026 to July 2026.

Learning Recovery Emergency Block Grant: The May Revise does not include any changes to Governor’s Budget proposal to restore \$378.6 million in one-time funding to support the Learning Recovery Emergency Block Grant (LREBG) through 2027-28.

Additional May Revision Proposals: Additional components of the Governor’s May Revision for 2025-26 provide for the following items. Please note that the items below are not in the Yuba COE’s 2025-26 budget, due to their uncertainty, timing, relevance and/or the need to increase additional expenditures. Once the state budget is enacted and amounts available to COEs are known and measurable, and if relevant to YCOE, they will be added to the budget.

Budget Component	Description
Student Support and Professional Development Discretionary Block Grant:	<ul style="list-style-type: none"> The block grant maintains the flexibility to use the funding for discretionary purposes and to fund statewide priorities including: (1) professional development for teachers on the ELA/ELD framework; (2) professional development for teachers on the mathematics framework; (3) teacher recruitment and retention strategies; and (4) career pathways and dual enrollment. Proposed funds will be disbursed based on average daily attendance (ADA) and will be available through June 30, 2029. Final expenditures must be reported to the CDE by September 30, 2029.
California Preschool Program	<ul style="list-style-type: none"> Suspension of State COLA for 2025-26.
Universal TK	<ul style="list-style-type: none"> Provides a total of \$2.1 billion in ongoing funding (inclusive of all prior years’ investments) to support the full implementation of universal transitional kindergarten (TK) so that all children who turn four years old by September 1 of the school year can enroll in TK. This is a slight decrease from the Governor’s Budget estimate of \$2.4 billion. The budget also provides an accumulated amount of \$1.2 billion in on-going funding to support lowering the average student-to-adult ratio from 12-to-1 to 10-to-1 in every TK class. This is also lower than the \$1.5 billion included in the Governor’s Budget for this purpose.
Expanded Learning Opportunities Program	<ul style="list-style-type: none"> Increases the proposed adjustment for the Expanded Learning Opportunities Program from \$4.435 billion to \$4.515 billion in total ongoing funds for full implementation of the program increasing the number of LEAs that offer universal access to students from those with an unduplicated pupil percentage of at least 75% to those with an unduplicated pupil percentage of at least 55%. This funding also includes ongoing support to LEAs with less than 55% unduplicated pupils to provide access to all unduplicated pupils. Trailer bill also provides for a one-year grace period in transitioning from Tier II to Tier I. Additionally, the May Revise includes an additional \$10 million to increase the minimum grant amount from \$50,000 to \$100,000 per LEA.
ELA and Literacy	<ul style="list-style-type: none"> The May Revise includes \$200 million in one-time Proposition 98 funds to support evidence-based professional learning for elementary school educators aligned with the English

	<p>Language Arts/English Language Development Framework, and \$10 million in one-time Proposition 98 funding for the Sacramento County Office of Education to partner with the UCSF Dyslexia Center to support the Multitudes screener. These funds are in addition to the following investments included at the Governor’s Budget to support literacy instruction: \$500 million in one-time funds for TK-12 literacy and mathematics coaches, \$40 million in one-time funds for purchase of screening materials and training for educators to administer literacy screening, \$25 million to spend by 2029-30 to launch Literacy and Mathematics Networks within the Statewide System of Support, and \$300,000 in one-time non-Proposition 98 in 2024-25 for the Instructional Quality Commission to develop a curriculum guide and resources for teaching personal finance per Assembly Bill (AB) 2927.</p>
School Facility Programs	<ul style="list-style-type: none"> To address the projected budget shortfall, the May Revision includes a reduction of \$177.5 million in remaining, unused General Fund from a \$2 billion one-time allocation provided to the Office of Public School Construction in the 2023 Budget Act for TK-12 school facilities. These funds were made available on an as-needed basis for fire-impacted LEAs through August 2025; however, impacted schools have indicated that they do not plan to apply for the funds by this date. Proposition 2 facilities funds will be available as needed for fire-impacted LEAs moving forward.
Student Nutrition and SUN Bucks	<ul style="list-style-type: none"> May Revise proposed \$90.7 million in additional ongoing funding to fully fund the universal meals program in 2025-26 and provides \$21.9 million in additional ongoing Proposition 98 funds for the Summer Electronic Benefits Transfer (SUN Bucks) program, which provides nutrition funding to eligible students during the summer months.
Secondary School Redesign Pilot Program	<ul style="list-style-type: none"> May Revise includes \$15 million in one-time Proposition 98 General Fund for Secondary School Redesign Pilot Program for a COE to administer a pilot program to redesign middle and high schools to better serve the needs of all students and increase student outcomes, and to manage a network of grantees to support peer learning and documentation of practices.
English Learners	<ul style="list-style-type: none"> Includes \$2 million in ongoing Proposition 98 General Fund to support Regional English Learner lead agencies that help schools provide focused support to English learners.

Routine Restricted Maintenance Account:

Per Education Code Section 17070.75, school districts and COEs are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total unrestricted general fund expenditures and other financing uses for that fiscal year. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total unrestricted CSSF expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the CSSF)
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures
- The actual contribution will be audited as part of the School Facility Program Bond Audit

2024-25 Yuba COE Primary Budget Components

- ❖ LCFF is funded with a COLA of 2.30% to the Alternative Education Grant and the Differentiated Assistance Grant. This funding supports Juvenile Hall, Community School, Career Prep Charter School, and County Office operations. The Alternative Education Grant is augmented by providing \$200,000 for Carden and another \$200,000 for TE Mathews. The ADA used to determine funding will be the highest of current year, prior year or the average of the past three years. In addition, \$3,000 more per ADA is allocated for student support and enrichment opportunities. Differentiated Assistance is augmented by 50% for each district identified for differentiated assistance. Differentiated Assistance decreased in 2025-26 by \$100,000 and is decreasing another \$66,667 for 2027-28 since some of the districts fell out of the criteria for assistance.
- ❖ Average Daily Attendance (ADA) is estimated at:

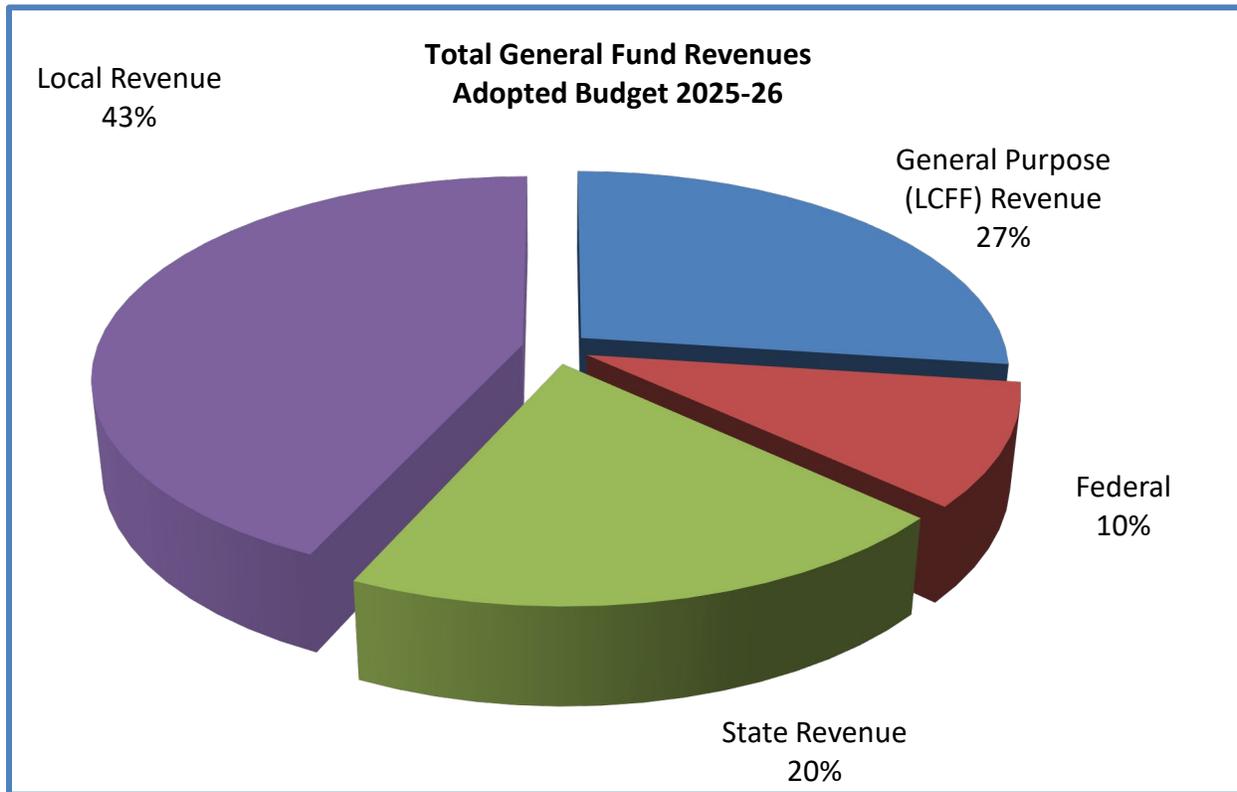

Program:	ADA:	Funded ADA:
Special Education – SDC	161.18	161.18
Juvenile Hall – LCFF	25.99	28.54
Community School	20.05	21.88
Charter School – LCFF	207.78	207.78
County Operations ADA	15,200.10	15,200.10

- ❖ The YCOE’s estimated unduplicated pupil percentage for supplemental and concentration funding is estimated to 95.45% for non-juvenile hall. The percentage will be revised based on actual data.
- ❖ Lottery revenue is estimated by SSC to be \$191 per ADA for unrestricted purposes and \$82 per ADA for restricted purposes.
- ❖ Mandated Cost Block Grant for COE programs are \$39.09 for K-8 ADA, \$75.31 for 9-12 ADA and \$1.31 for countywide ADA. For Yuba County Career Preparatory Charter the rates are \$20.52 for K-8 ADA and \$57.04 for 9-12 ADA.
- ❖ Except as illustrated under Contributions to Restricted Programs, all federal and state restricted categorical programs are self-funded.

CSSF Revenue Components

The YCOE receives funding for its general operations from various sources. A summary of the major funding sources is illustrated below:

DESCRIPTION	UNRESTRICTED	RESTRICTED	COMBINED AMOUNT
General Purpose (LCFF) Revenue	\$6,753,779	\$2,428,964	\$9,182,743
Federal	\$0	\$3,294,879	\$3,294,879

TOTAL	\$8,104,477	\$25,768,690	\$33,873,167

Education Protection Account

As approved by the voters on November 6, 2012, The Schools and Local Public Safety Protection Act of 2012 (Proposition 30) temporarily increased the State's sales tax rate and the personal income tax rates for taxpayers in high tax brackets.

Proposition 30 provides that a portion of K-14 general purpose funds must be utilized for instructional purposes. Revenues generated from Proposition 30 are deposited into an account called the Education Protection Account (EPA). The YCOE receives funds from the EPA based on its proportionate share of statewide general purpose funds. A corresponding reduction is made to its state aid funds.

Subsequently, on November 8, 2016, the voters approved the California Children's Education and Health Care Protection Act (Proposition 55) that maintains increased personal income tax rates for taxpayers in high tax brackets through 2030. Proposition 55 did not extend the sales tax increase; therefore, the temporary sales tax increase expired at the end of calendar year 2016.

K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting.
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs (as determined through the account code structure).
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended.

Further, the annual financial audit includes verification that the EPA funds were used as specified by Proposition 30. If EPA funds are not expended in accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

Below is how the YCOE’s EPA funds are appropriated for 2025-26. The amounts will be revised throughout the year based on information received from the State.

Yuba County SELPA (Special Education Local Plan Area)

The SELPA will be funded through the AB602 funding model, as well as other state and federal funding allocated for special education purposes. This funding is calculated on the entire SELPA K-12 ADA (i.e. all district’s ADA is included.) The SELPA distributes most of the funding directly to districts. 80% of Low Incidence Funding is held back to provide Vision Impaired Services to member districts. YCOE provides Vision Impaired and Extensive Support Needs special education services to districts and bills the districts for the costs in excess of any revenues held back for the services.

The Excess Cost projection for 2025-26 increased \$748,355 (6%) from 2025-26 due to adjustments for the following:

- Salary and benefit increase assumed at 2.3% for classified and certificated with step increases. Moderate/Severe special education teachers are to get retention stipends of \$2,000 per year and signing bonuses for new, fully credentialed Moderate/Severe teachers in the amount of \$1,500 per year for three years.
- Assumes all teaching positions are filled in 2025-26.
- Health Insurance contribution increase of 11.49%
- Increase in the indirect cost rate from 6.01% to 6.38%

Operating Expenditure Components

The CSSF is used for the majority of the functions within the YCOE. As illustrated below, salaries and benefits comprise approximately 69% of the YCOE'S unrestricted budget, and approximately 65% of the total CSSF budget.

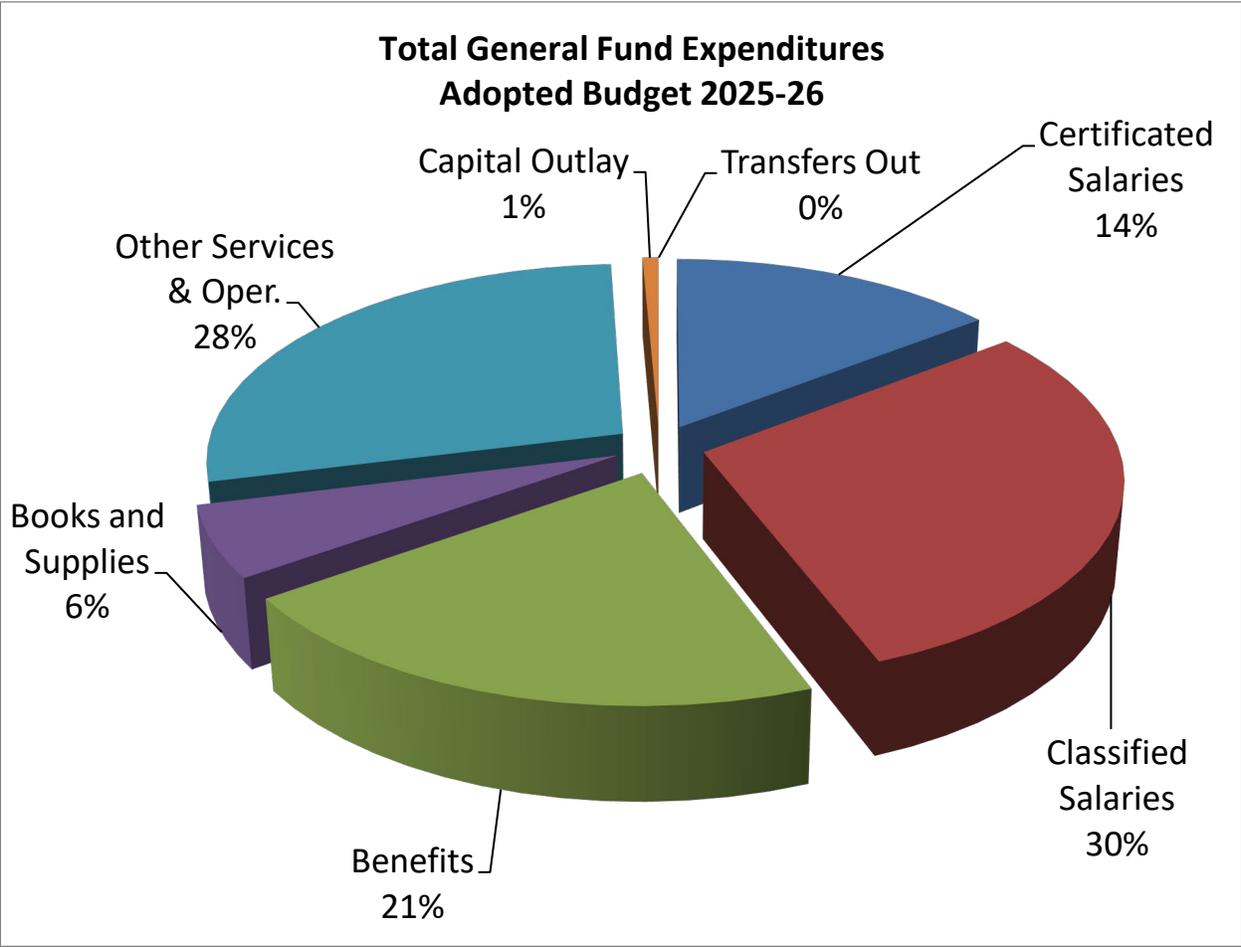

Major expenditure assumptions include:

- Salaries and benefits include
 - All positions approved by the Superintendent as of May 31, 2025
 - Employee step movement of approximately 1.93% certificated, 2.50% classified, and 2.26% for management.
 - A 2.3% salary schedule increase for certificated, classified, and management, effective July 1, 2024
 - Stipends for current moderate/severe teachers in the amount of \$2,000 per teacher and a \$1,500 signing bonus for each new fully credentialed moderate/severe teacher.
 - Employer paid STRS rate of 19.10% and PERS of 26.81%
- Other employer paid benefits include Medicare, FICA, worker's compensation, unemployment insurance and other retiree benefits. The total payroll driven, or statutory, benefits are 23.79% for certificated and 31.50% for classified employees.
- The indirect cost rate charged to restricted programs, including special education, is 6.38% for 2025-26.
- Future PERS rate changes are anticipated for the next two years.
- Capital Outlay of \$245,000 for improvements to YCOE facilities.

A summary of general fund expenditures is presented below:

DESCRIPTION	UNRESTRICTED	RESTRICTED	COMBINED
Certificated Salaries	1,213,200	3,855,625	\$5,068,825

CSSF Contributions to Restricted Programs

The following contributions of unrestricted resources to restricted programs are necessary to cover restricted program expenditures in excess of revenue:

Description	Amount
Special Education - Instruction	35,004
Restricted Maintenance Account	232,630
General Equivalency Diploma Program	11,516
Total	\$279,150

Fund Balances

The YCOE is required to have a 3% Reserve for Economic Uncertainty. Current board policy is to designate a minimum of 25% of general fund (CSSF) expenditures as additional reserve for economic uncertainty. The estimated additional reserve for 2024-25 is 21.8%.

General Fund Summary

The YCOE'S 2024-25 general fund projects a total decrease to net assets of \$759,649 resulting in an estimated ending fund balance of \$14.4 million. The components of the YCOE's fund balance are as follows: revolving cash & other nonspendables - \$3,000; restricted programs - \$3,072,301; 3% economic uncertainty - \$1,039,032; assigned - \$2,752,967. The remaining 18.8% of \$7,559,266 is available toward the additional reserve for economic uncertainty per board policy.

Various aspects of the planning factors illustrated above will be further discussed below with the YCOE's specific revenue and expenditure assumptions.

Revenue Assumptions:

Per enrollment trends, the YCOE is anticipating flat enrollment and declining funded ADA for Juvenile Hall School and for the County Community School. The Local Control Funding Formula is based on the Department of Finance's estimates of COLA and funding percentages towards the YCOE's LCFF Entitlement as noted above. LCFF is projected to increase in 26-27 with rising COLA blunted by the impact of declining ADA. Then it slightly declines in 26-27 from declining funded ADA despite an increased projected COLA. Unrestricted local revenue is estimated to remain relatively constant for the subsequent years, while restricted local revenue adjusts each year for changes to special education costs and contracts with other local and state agencies. Federal revenue is projected to remain relatively flat while state revenue is projected to decline sharply in 26-27 with the expiration of some major grants then grow relative to COLA in 27-28.

Expenditure Assumptions:

Certificated step and column costs for purposes of the multi-year projection are assumed to increase by 1.93% for certificated and 2.50% for classified and a salary increase of 2.3% for all employees has been assumed for 2025-26 and 2026-27. The salary increase has been settled with the certificated bargaining unit for 2025-26 but is still under negotiation for the classified bargaining unit. 2026-27 and 2027-28 increases will be bargained at later dates. Adjustments to benefits reflect the effects of salary changes noted above and expected changes to employer pension costs with the percentage of salary shown below.

Unrestricted supplies are budgeted to increase 102% for 25-26 because we added approximately \$150,000 in the budget for technology projects, \$60,000 for Community School and Juvenile Hall School supplies and equipment and increased unrestricted lottery budgets. Restricted supplies are also projected to double in 25-26 with the new Allcove Center Grant, Golden State Pathways Program for CTE and Community School Grants. In 25-26 Services and Other is budgeted to increase by 15% because of the Allcove grant and Healthcare Access and Information Grants.

In 2026-27, Services and Other is expected to then drop by \$2.1 Million or 22% as a handful of grant programs expire. In 27-28 Services and Other is expected to then rise about 2% in relation to inflation.

Capital Outlay is dropping \$611,595 or 72% from 24-25 to 25-26 because in 2024-25 we acquired a new site for CTE and Adult Education and made significant improvements to the site. We also decided to make much needed deferred maintenance to the One-Stop Facility. In 25-26 and 26-27 we expect to have declining needs in capital improvements.

Other Outgo is expected to be drop by \$999,342 in 25-26 as Medi-Cal funds received for the local education agencies in the old Yuba County Medi-Cal Consortium are finally received and only Medi-Cal funds going forward are for the COE only.

Estimated Ending Fund Balances:

During 2026-27, YCOE estimates that the general fund is projected to decrease \$545,273 resulting in an unrestricted ending balance of \$11.5 Million and a restricted ending balance of \$2.3 Million.

During 2027-28, the YCOE estimates that the general fund is projected to decrease \$929,905 resulting in an unrestricted ending balance of \$11.5 million and a restricted ending balance of \$1.5 Million.

Multi-Year Projection:

Based on the assumptions outlined above, the MYP for the next three years is shown below:

Multi-Year Projection (Total General Fund)			
Description	Adopted Budget 2025-26	Projected 2025-26	Projected 2026-2027

Conclusion:

Due to an adequate fund balance and balanced budgets in fiscal year 2025-26 through 2027-28, the adopted budget and multi-year projections support that the YCOE will be able to meet its financial obligations for the current and subsequent two years. The administration is confident that the YCOE will be able to maintain prudent operating reserves and have the necessary cash in order to ensure that the YCOE remains fiscally solvent.

Notes:

¹ LCFF funding reflects 2.3% LCFF COLA for 2025-26, 3.02% LCFF COLA for 2026-27, and 3.42% for 2027-28. Funded ADA is projected to decline 12.73 ADA for the Alternative Education Grant portion of LCFF for 2025-26, another 1.26 ADA for 2026-27, and 3.12 ADA for 2027-28.

² Increase in Carryover from federal grants

³ Projections include step movement for eligible employees of 2.5% for classified and 2% for certificated, with a 3% cost of living adjustment for 26-27 and 27-28. Negotiations are completed for 2025-26 with certificated only. Reduction in salary are due to end of grant programs.

⁴ Projections include estimated increases in annual state pension adjustments for both STRS & PERS, plus additional statutory benefits based on step increases and a 3% increase to benefits contribution by YCOE

⁵ Additional contributions relate to the projected salary, step and pension increases of restricted programs of programs where revenue does not keep up with

⁶ Books and Supplies and Services and Other have been increased for 2.77% for 2025-26 and 2026-27 less any removal of costs for expired grants.

⁷ Other Local Revenue decreases in 26-27 because of the expiration of local grants offset by rising billback revenues to districts for the special education program. The increase from 26-27 to 27-28 is from the special education billback to districts.

⁸ Increase/decrease in indirect costs charged to restricted programs due to increase/decrease in rate net of increase/decrease in restricted funds.

⁹ Transfer in is from Forest Reserve Fund

¹⁰ State grants increase with COLA percentages in note 1 above. The large drop in state revenue in 2026-27 reflects the expiration of the Allcove grant and career technical education grants. 2027-28 funding is expected to rise with the state COLA percentage.

¹¹ Capital Outlay was abnormally high in 24-25 to reflect major improvements that were made for the new property at 805 10th St. and the One Stop Building. It decreases in 2025-26. Significant Other Outgo in 2024-25 was to pay Medi-Cal Claims funds received for prior years Cost Reimbursement Comparison Schedules to members of the Medi-Cal County.

Notes:

¹ Funded ADA dropped from 63.15 ADA to 50.42 ADA. Differentiated Assistance Funding is also declining by \$100,000.

² Title grants increasing \$335,000 from a combination of carryover and increased award amounts. One Stop grants are increasing \$630,000 from four new grant programs. SPED grants decreasing approximately \$20,000 due to decreasing ADA. Prevention grants decreasing approximately \$9,000.

³ New Allcove Grant and HCAI Grant resulted in most of the \$2M increase.

⁴ Billback for special education services is estimated to increase by about \$733,000. Medi-Cal Funding has caught up for the prior years that were payable to the

⁵ Estimated Actuals include savings from vacant positions. 25-26 budget assumes all positions except Speech Language Pathologist are filled. Salary Increase is assumed at 2% and an additional 1.93% for step movement, plus additional stipends and signing bonuses for Moderate/Severe Teachers.

⁶ 3 Positions were moved from the Charter Fund to the General Fund to take advantage of a grant program in Fund 01, resulting in a \$143,716 increase. \$236,878 increase in One Stop salary expense to provide service for its programs. 2 new positions totaling \$145,000 were added. Also the increase assumes a 2% salary increase and costs from step increases on the salary schedule.

⁷ In addition to the benefits increasing in relation to salaries, the YCOE contribution to benefits is increasing by an average 11.49%.

⁸ The Unrestricted supplies increase reflects approximately \$150,000 in Technology project increases and most of the remainder is from unrestricted lottery budget increases. The restricted budget reflects increases from restricted grant budgets mostly from Allcove, Golden State Pathways Program and Community School Grants.

Special Education Regional Program Revenue

Special Education

The Excess Cost projection for 2025-26 increased \$731,371 (6%) from 2024-25 due to adjustments for the following:

- Salary and benefit increase assumed at 2.3% for classified and certificated with step increases. Moderate/Severe special education teachers are to get retention stipends of \$2,000 per year and signing bonuses for new, fully credentialed Moderate/Severe teachers in the amount of \$1,500 per year for three years.
- Assumes all teaching positions are filled in 2025-26.
- Health Insurance contribution increase of 11.49%
- Increase in the indirect cost rate from 6.01% to 6.38%

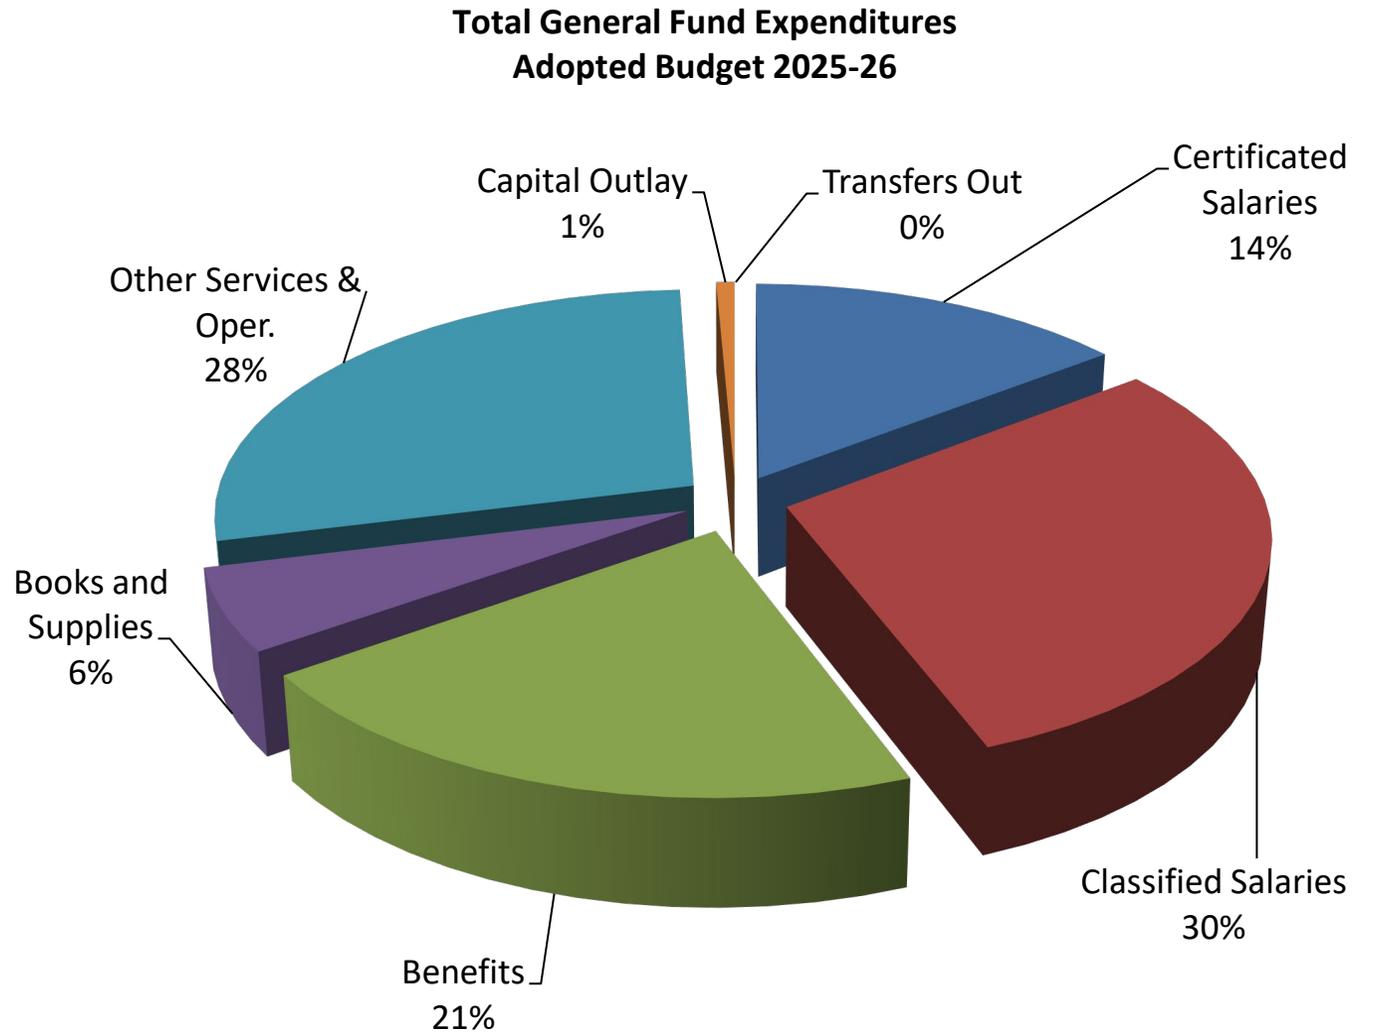

Expenditure Components 2025-26

Major expenditure assumptions include:

- Salaries and benefits include
 - All positions approved by the Superintendent as of May 31, 2025
 - Employee step movement of approximately 1.93% certificated, 2.50% classified, and 2.26% for management.
 - A 2.3% salary schedule increase for certificated, classified, and management, effective July 1, 2024
 - Stipends for current moderate/severe teachers in the amount of \$2,000 per teacher and a \$1,500 signing bonus for each new fully credentialed moderate/severe teacher.
 - Employer paid STRS rate of 19.10% and PERS of 26.81%
- Other employer paid benefits include Medicare, FICA, worker's compensation, unemployment insurance and other retiree benefits. The total payroll driven, or statutory, benefits are 23.79% for certificated and 31.50% for classified employees.
- The indirect cost rate charged to restricted programs, including special education, is 6.38% for 2025-26.
- Future PERS rate changes are anticipated for the next two years.
- Capital Outlay of \$245,000 for improvements to YCOE facilities.

General Fund Expenditures

- 65% of total combined budgeted expenditures are for salaries and benefits.
 - 69% of the unrestricted budget.

Revenue Assumptions – Subsequent Years

- LCFF projections from the Department of Finance show COLAs increasing to 3.02% in 2026-27 and 3.42% in 2027-28. How will the state fund these COLA increases with declining revenues?
- Federal revenues for our programs appear to be stable for now. Other state revenues can be volatile with large grant programs that have no guarantee of continuing.
- Restricted balance declines with the drawdown of one-time grants over the next two years. Unrestricted fund balance increases as long as positions and salary increases stay in alignment with revenues. In 27-28, the unrestricted budget is projected to turn into a small deficit.

Expenditure Assumptions- Subsequent Years

Certificated salary step & column are estimated to increase by 2% for certificated and 2.5% for classified

Salary increase of 2.3% for certificated, classified and management for 2025-26 and increases 3% for 2025-26 and 2026-27

STRS Rate is projected to be flat and PERS rates are projected to decrease in 25-26, then increase over the next few years

Change	0.77%	2.18%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%

Expenditure Assumptions Subsequent Years

Books and Supplies budget doubles in 26-27 because of grant programs, then drops.

Services and Other increases 15% in 26-27 and then drops 22% in 27-28 due to grant programs.

Capital Outlay is dropping \$611,595 or 72% from 24-25 to 25-26 because in 2024-25 we acquired a new site for CTE and Adult Education and made significant improvements to the site. We also decided to make much-needed deferred maintenance to the One-Stop Facility. In 25-26 and 26-27, we expect to have declining needs in capital improvements.

Multi-Year Summary

- YCOE is projected to meet its financial obligations in 25-26 through 27-28. Deficits are a result of spending down long-term grants as required, that were recorded as revenue in prior years
