LCFF Budget Overview for Parents

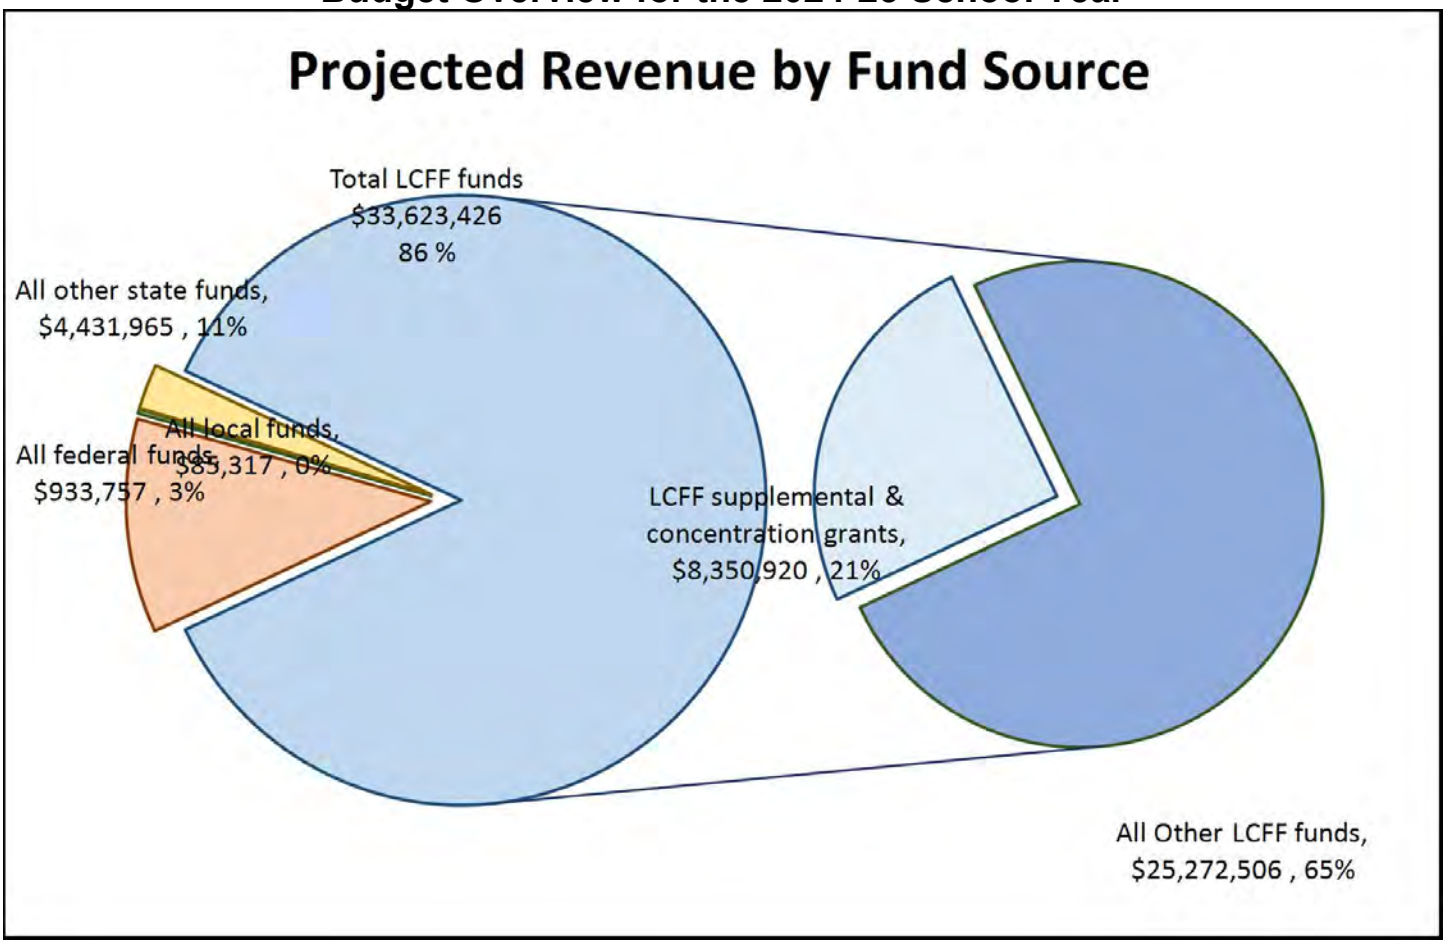

Local Educational Agency (LEA) Name: Riverside Preparatory School - Charter
CDS Code: 36-67827-0113928
School Year: 2024-25
LEA contact information:
Derrick Delton
Superintendent

760-243-5884

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of

funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

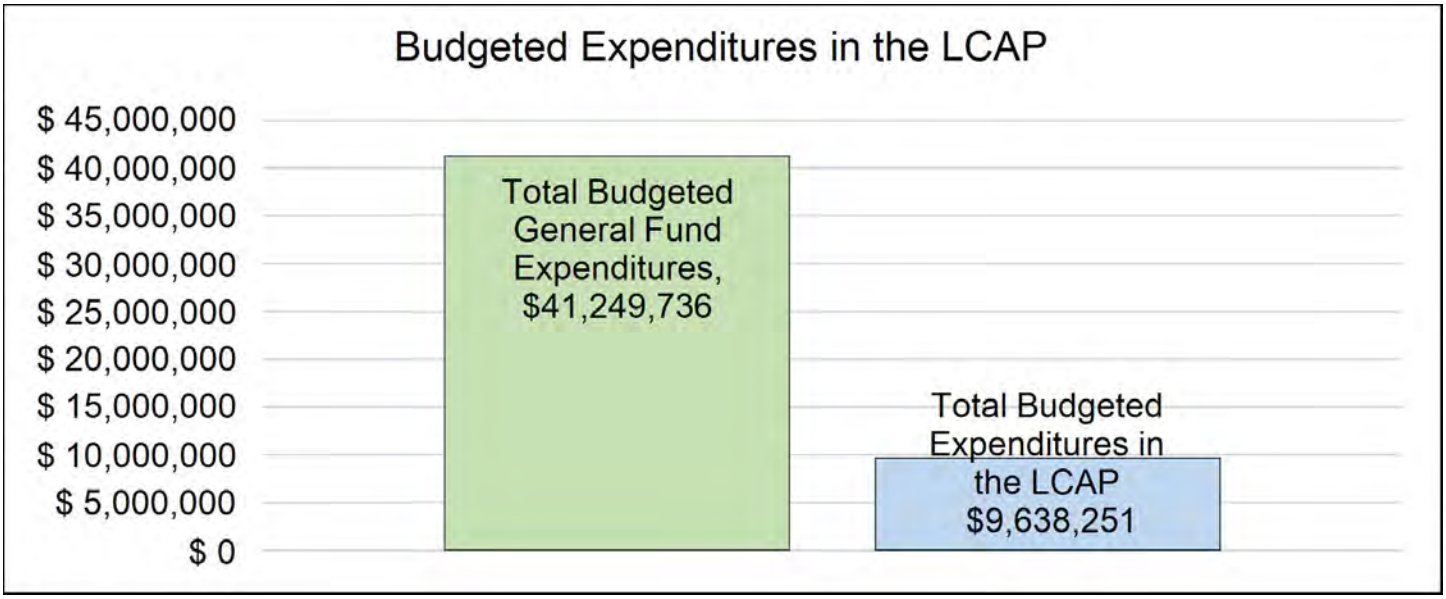

This chart shows the total general purpose revenue Riverside Preparatory School - Charter expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Riverside Preparatory School - Charter is $39,074,465, of which $33,623,426 is Local Control Funding Formula (LCFF), $4,431,965 is other state funds, $85,317 is local funds, and $933,757 is federal funds. Of the $33,623,426 in LCFF Funds, $8,350,920 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Riverside Preparatory School - Charter plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

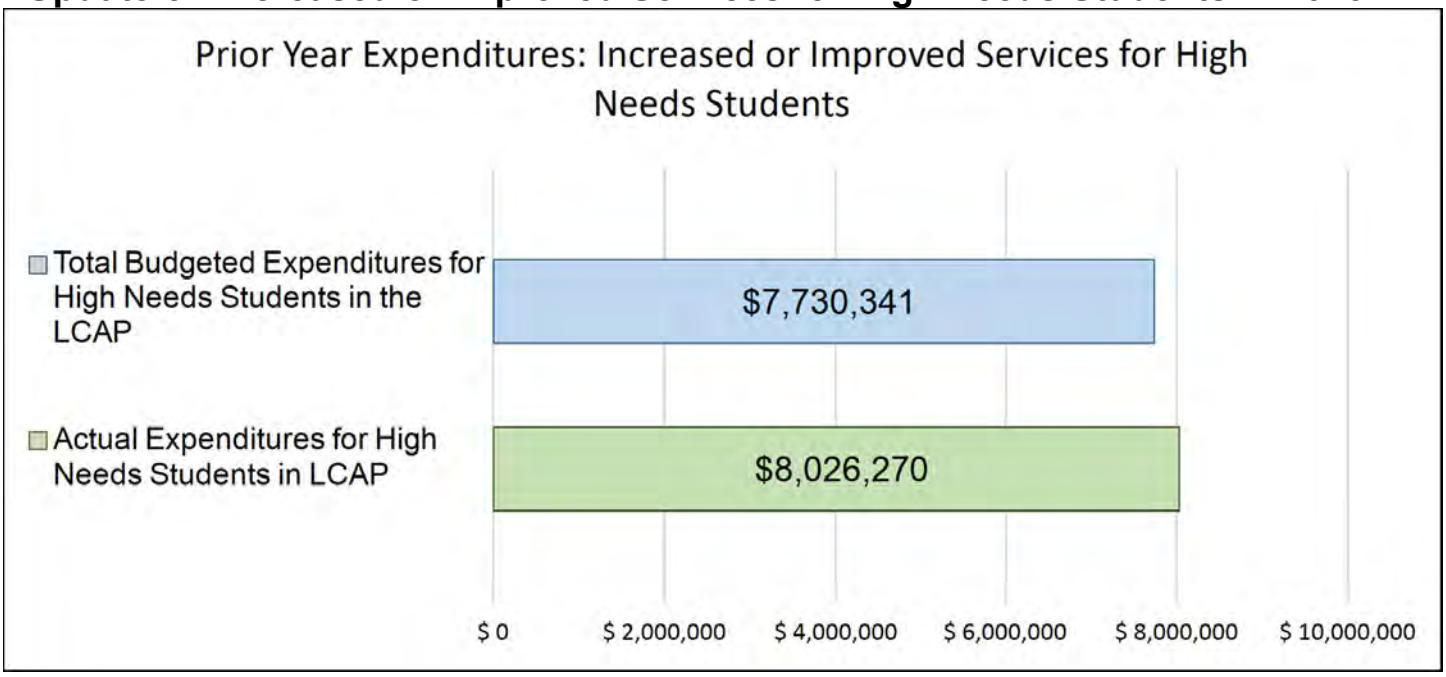

The text description of the above chart is as follows: Riverside Preparatory School - Charter plans to spend $41,249,736 for the 2024-25 school year. Of that amount, $$9,638,251 is tied to actions/services in the LCAP and $31,611,485 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Riverside Preparatory School - Charter is projecting it will receive $8,350,920 based on the enrollment of foster youth, English learner, and low-income students. Riverside Preparatory School - Charter must describe how it intends to increase or improve services for high needs students in the LCAP. Riverside Preparatory School - Charter plans to spend $$8,800,249 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Riverside Preparatory School - Charter budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Riverside Preparatory School - Charter estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Riverside Preparatory School - Charter's LCAP budgeted $$7,730,341 for planned actions to increase or improve services for high needs students. Riverside Preparatory School - Charter actually spent $$8,026,270 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goals and Actions

Goal

Goal #	Description
1	Riverside Preparatory School will increase the number of students in English literacy and Mathematics through the implementation of rigorous state standards and provide appropriate interventions as needed.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Math Interim Assessments (IABs)	During the 20-21 school year the Math IAB was administered and 46% of students were approaching, at or above grade level.	During the 21-22 school year, the Math IAB showed 49.7% of students were approaching, at or above grade level.	Interim IAB (2023) During the 22-23 school year, the Math IAB showed 51.3% of students were approaching, at or above grade level.	Interim IAB (2024) During the 23-24 school year, the Math IAB showed 46.9% of students were approaching, at or above grade level.	The three-year desired outcome is 56% at grade level.
iReady/STAR instructional Reading Level Scores	STAR Reading was assessed during the 2020-2021 school year and 30% of students are reading at or above grade level.	In STAR 21.2% of students were reading at or above grade level.	iReady (2023) 30% of all students are at/above grade level	iReady (23-24) 39% are at or above grade level on the End of Year iReady assessment.	Three-year desired outcome is 40% reading at grade level.
English Language Proficiency (Dashboard)	According to the the California Dashboard, 41.4% of RP's English Learner students are making progress toward English proficiency.	Due to COVID, the Dashboard was not available.	CA Dashboard (2023) On the 2022 Dashboard 37.7% of English Learners were making progress towards English proficiency.	CA Dashboard (2023) On the 2022 Dashboard 37.7% of English Learners were making progress towards English proficiency.	The desired outcome is have 66% of English learner students making progress towards proficiency

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Reclassification Data	3.2% students reclassified	2% of students reclassified	8% of students reclassified	Reclassification Rate (2023-2024) 10.2% of students reclassified	Increase the percentage of reclassified students to 10%.
CAASPP ELA and Math (All students, EL, Low SES, SpEd)	CAASPP ELA Baseline (2019) ELA - ALL Stu 29.2 Points Below Standards ELA - EL 61.2 Points Below Standards ELA - Low SES 37.6 Points Below Standards ELA - SpEd 104.8 Points Below Standards CAASPP Math Baseline (2019) Math - ALL Stu 73.5 Points Below Standards Math - EL 101.8 Points Below Standards Math - Low SES 81.5 Points Below Standards	CAASPP was not administered due to COVID	CAASPP ELA (2022) ELA - ALL Stu 50.4Points Below Standards ELA - EL 86.1 Points Below Standards ELA - Low SES 59.9 Points Below Standards ELA - SpEd 116.1Points Below Standards CAASPP Math (2022) Math - ALL Stu 106.2 Points Below Standards Math - EL 135 Points Below Standards Math - Low SES 113.2 Points Below Standards	CAASPP ELA (2023 Dashboard) ELA - ALL Stu 52.6 Points Below Standards ELA - EL 82.6 Points Below Standards ELA - Low SES 57 Points Below Standards ELA - SpEd 123.2 Points Below Standards CAASPP Math (2023) Math - ALL Stu 108.6 Points Below Standards Math - EL 134.7 Points Below Standards Math - Low SES 113.2 Points Below Standards	CAASPP ELA 2023-2024 ELA - ALL Stu 19 Points Below Standards ELA - EL 51 Points Below Standards ELA - Low SES 27 Points Below Standards ELA - SpEd 94 Points Below Standards CAASPP Math 2023-2024 Math - ALL Stu 63 Points Below Standards Math - EL 91 Points Below Standards Math - Low SES 71 Points Below Standards Math - SpEd 143 Points Below Standards

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	Math - SpEd 153.7 Points Below Standards		Math - SpEd 175.8 Points Below Standards	Math - SpEd 167.6 Points Below Standards	

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

1.1 This action was fully implemented for the entire 2023-2024 school year. The reading intervention teacher provided a pull out program that was targeted for low income students and English Language Learners that were not reading at grade level. The success of this program was seen by local reading scores increasing for all students. Ensuring that all students can read at grade level will continue to be a priority and fully supported.
1.2- This action was fully implemented for the entire 2023-2024 school year. Every English Language Learner has a complete a robust ELD portfolio that archives work samples and demonstrates areas of growth and concern. There continues to be steady growth in the number of students that are reclassifying and reaching proficiency on the CA Dashboard.
1.3- This action was fully implemented for the 2023-2024 school year. All teachers grades TK- fifth grade provided students not meeting grade level proficiency in math a daily intervention rotation. In grade six, students attended a math lab class. Providing more opportunities for students for intervention in math will continue to be a priority in Oro Grande.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 1.1 - There was a difference of $15,707 for this action. There was a decrease of budgeted salary and benefits due to hiring a teacher that was lower on the pay scale.
Action 1.2 - There was a decrease of $8,141. This difference came from a decreased subscription price for online curriculum.
Action 1.3- There was a difference of $5,427 of the budgeted amount to purchase additional intervention curriculum and training.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Action 1.1 - Riverside Preparatory saw improvement in the student reading levels. The baseline data of local reading scores in 2019 were 12% of all students reading at grade level, 0% of EL student reading at grade level, and 13% of Low income students reading at grade level. The 2023 iReady reading scores saw growth for all students. All students grew 25%, EL students grew 17% and low income students grew 11% from the baseline year. The effectiveness of this action was measured by the growth in reading scores and the interventions reading programs will continue in the next year.
Action 1.2- The ELD curriculum and a progress monitoring tool have shown an increase in EL student's proficiency. There was an increase from the baseline data of 28% of students English Learners making progress toward English proficiency to 37% in 2023. The effectiveness of this action was measured by the growth of English Language proficiency from the baseline year.
Action 1.3- This action was effective and increased proficiency for math for all students in math (CAASPP) All Students were 114.2 Points below standard Math compared to the previous year data of 134.9 points below standard and low Income students were 118.9 Points below standard last compared to the previous year of 138.6 points below standard. Riverside Preparatory has not fully recovered academically since COVID, as it did not reach the desired outcome in CAASPP performance (53 PBS in ELA and 67 PBS in Math), but continues to make yearly increases.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 1 change in the 2024-2025 school year. The goal will continue to focus on reading and math instruction, but will now include all aspects of proving a rigorous academic program.Goal 1 is being consolidated to group applicable actions from the previous LCAP to create a more focused LCAP that uses the same metrics, hence some actions will be maintained and moved into Goal 1. This goal changed after eliciting feedback form educational partners; including parents, teachers and provided feedback that a more streamlined goal would allow for better monitoring and understanding of the purpose. Goal 1 changed from being focused on literacy and math and will now focused on ensuring Goal 1 for the new LCAP will include aspects of Goal 2, 3, and 4 from the previous LCAP. The metrics that were being used in the previous actions will continue to be used in this new LCAP.
The new Goal will now include the following changes from the previous school year.
Action 1.4 This action will provide well rounded opportunities for students that include art, music, STEM, robotics, and after school activities. The action will be measured by local iReady reading and math scores.
Action 1.5 This action will provide increased technology for students to aid with core academics and also increased digital fine arts and core intervention. This action moved from the previous goal 4 action 2. This action will be measured by CAASPP English Language Arts scores.
Action 1.6 This action will include professional development for all academic areas. This action will replace goal 3 action 1 in previous LCAPs. This action will be measured by implementing state standards and maintaining properly credentialed teachers.
Action 1.7 This action will provide students with daily attendance to and from school. There will also be transportation provided for field trips and the after school enrichment programs. This action was previously goal 2 actions 2 and 3. This action will be measured by chronic absenteeism rates.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Riverside Preparatory School will provide resources that promote social/emotional growth and parent/community partnerships.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
California Healthy Kids Survey/Panorama/Student Survey	47% of students surveyed (grades 5, 7, 9, 11) responded that they feel safe at school.	52% of students responded that they feel safe on the 21-22 Panorama survey.	Google Survey (2023) 70.4% of students responded that they feel physically safe on the student survey.	Google Survey (2024) 84.5% of students responded that they feel physically safe on the student survey.	Have 60% of students feel safe at school.
Facilities Inspection Tool	The school has 100% of items inspected in Good repair.	The school had 100% items in Good Repair.	FIT (2022-2023) The school had 100% items in Good Repair.	FIT (2023-2024) The school had 100% items in Good Repair.	Maintain 100% of items inspected to be in Good repair
Average Daily Attendance Rate	During the 2019-2020 school year Riverside Preparatory had a 95.4% attendance rate.	During the 20-21 school year, RP had a 94.9% attendance rate.	During the 21-22 school year, RP had a 90.4% attendance rate.	Attendance Rate for the 22-23 school year is 92.4%	The desired outcome is to maintain a 95% or above attendance rate.
LCAP Parent Survey	68% of families feel that the school elicits their opinion in making decisions about their students' education.	77.8% of families feel that the school elicits their opinion in making decisions about their students' education.	69.1% of families feel that the school elicits their opinion in making decisions about their students' education.	Parent Survey (2023-2024 Survey) 79.9% of families feel that the school elicits their opinion in making	The desired outcome is that 70% of families feel that the school elicits their opinion in making decisions

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
				decisions about their students' education.	about their students' education.
Suspension Rate	The Suspension rate for Riverside Prep 4.2%	The Suspension rate for Riverside Prep 0% for the 2020 - 2021 school year.	CA Dashboard (2022) The Suspension rate for Riverside Prep 9% for the 2021 - 2021 school year.	CA Dashboard (2023) The Suspension rate for Riverside Prep 8.2% for the 2022 - 2023 school year.	Desired outcome in three years is to be at or below 2.5%.
Expulsion Rate	The expulsion rate 0.15%	The expulsion rate is 0% for the 2020 - 2021 school year.	The expulsion rate is 0.1% for the 2021 - 2022 school year.	CA Dashboard (2023) The expulsion rate is 0.1% for the 2022 - 2023 school year.	The outcome is to maintain below a 0.5% expulsion rate.
Chronic Absenteeism	For the 2019-2020 school year the Chronic Absenteeism rate was 12.3%.	NA - There was no Chronic Absenteeism data on the California Dashboard due to COVID.	CA Dashboard (2022) Chronic Absenteeism data on the California Dashboard indicated 39.6% of students qualified for the 2021-2022 school year.	CA Dashboard (2023) Chronic Absenteeism data on the California Dashboard indicated 28% of students qualified for the 2022-2023 school year.	The outcome in three-years is to be at 6.3% or below

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action 2.1- This action was fully implemented in the 2023-2024 school year. The health care services team was able to provide services such as wellness screenings, connect families to outside resources and educate staff on how to help students with health concerns. Ensuring that students are healthy and able to attend school has continued to be a challenge at Riverside Preparatory.
Action 2.2- This action was fully implemented for the 2023-2024 school year. The chronic absenteeism rates have continued to be high after the Covid 19 Pandemic and continue to be a challenge in the Riverside Preparatory School District.
Although there have been high rates of absenteeism, this program will continue to also provide summer programs for students in the community. The suspension rates have also increased from coming out of the COVID 19 pandemic. Riverside Preparatory will continue to promote this program to provide enrichment, homework help and a safe a positive environment to Riverside Preparatory students after school and during the summer breaks.
Action 2.3- This action was fully implemented for the 2023-2024 school year. All students in Riverside Preparatory successfully participated in at least one standards aligned field trip. These field trips included; the CA science museum, L.A Zoo, History museum, etc.
Action 2.4- This action was fully implemented for the 2023-2024 school year. All students in Riverside Preparaotry are provided safe and reliable transportation to school, after school and from the after school program daily. Students in sixth grade are also provided transportation after daily afterschool tutoring. Providing transportation is important considering the distance many students travel to Riverside Preparatory School.
Action 2.5- This action was fully implemented for the 2023-2024 school year. A social emotional teacher was hired to be part of the daily pull out enrichment classes. All students participated in this class weekly.
Action 2.6- This action was fully implemented for the 2023-2024 school year. Providing opportunities for parents and the community to participate in decision making has continued to be a challenge at Riverside Preparatory School. The school district will continue to create more for parents to participate and share in decision making, Ensuring that parents are receiving information in primary language and in a timely manner will continue to be a priority .

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1Action 2.1 - There were no material difference in this action.
Action 2.2 - The goal was paid by ELOP funds and there was an increase of $3,533 spent on transportation.
Action 2.3 - There there were no material difference in this action.
Action 2.4 - There was a decrease of $13,265 for this goal. ELOP was used to pay differences in transportation.
Action 2.5 - There were no material difference in this action.
Action 2.6 - There there were no material difference in this action.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

2.1- Health services were increased for students and families that need basic services to combat day to day illnesses that can often lead to student absences. Chronic absenteeism rates have remained high since returning to school after the COVID 19 pandemic. The rates have increased from 17.9% to 44.6% from the baseline year. The effectiveness of this action was evaluated by local chronic absenteeism rates indicated that the percentage of chronic absenteeism rates will drop 20% for the 2023-2024 school year. Educational partners have
2.2- Riverside Preparatory provided an after school program to all students every day after school. This program provided enrichment activities as well as academic support. 16% of students attend the after school program daily. There were was an increase of students suspended from 0.9% students (baseline) to 5.5% in 2023. There were no expelled during the 2022-2023 school year. The effectiveness and continuation of this program was based on local data that will indicate a 1% suspension rate for all students in the 2023-2024 school year.
2.3- Riverside Preparatory students were able to take many standards aligned, enriching field trips in the 2022-2023 school year. Some of these field trips include; the Los Angeles Zoo, California Science Center, Natural History Museum and Calico. These activities provided engaging activities that maintained low suspension rates at 5.5% and expulsion rates to 0% in the 2022-2023 school year. The effectiveness and continuation of this program was based on local data that will indicate a 1% suspension rate for all students in the 2023-2024 school year.
2.4 - Decreasing chronic absenteeism rates have continues to be a challenge at Riverside Preparatory School. 70% percent of students utilize transportation to and from school everyday in this rural community. Although the chronic absenteeism rates are high, Riverside Preparatory's Educational Partners agree that reliable transportation is essential. The effectiveness of this action was evaluated by local chronic absenteeism rates indicated that the percentage of chronic absenteeism rates will drop 20% for the 2023-2024 school year.
2.5- Access to social emotional support though the two full time elementary counselors and social emotional instruction has maintained low suspension rates and expulsions. These activities provided engaging activities that maintained low suspension rates at 5.5% and expulsion rates to 0% in the 2022-2023 school year. The effectiveness and continuation of this program was based on local data that will indicate a 1% suspension rate for all students in the 2023-2024 school year.
2.6- There was a slight decrease of parents participating in both DELAC from 6% to 3%. Creating new initiatives and programs to ensure active participation will continue to be a priority at Riverside Preparatory. Due to the ineffectiveness of the way DELAC was attended, there will be changes made to this action in the next LCAP.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 2 will significantly change in the 2024-2025 school year. Goal 2 is being consolidated to group applicable actions from the previous LCAP to create a more focused LCAP that uses the same metrics, hence some actions will be maintained and moved into Goal 2. This goal changed after eliciting feedback form educational partners; including parents, teachers and provided feedback that a more streamlined goal would allow for better monitoring and understanding of the purpose. Goal 2 will continue to focus on the social-emotional needs of students, but many of the actions from the previous Goal 2 have shifted into Goal 1 and Goal 3, including after school programs, transportation, parent engagement and professional development for staff and teachers.
The new Goal will now include the following changes from the previous school year.

Action 2.3 will include specific programs and support for Foster youth students. Although Foster youth is not a significant subgroup at Riverside Preparatory, Educational partners urged the district to provide counseling support, instructional supplies and opportunities to participate in activities specifically for Foster youth in the community. This action will be measured by local safety and connectedness surveys.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Common Core State Standards and researched based instructional methodologies will be implemented with rigor by highly qualified teachers to increase the proficiency levels of students in Math and English Language Arts.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Highly Qualified & Certificated Teachers	< 1% of teachers working outside content area	During the 20-21 school year, 92.9% of teachers were teaching within their content area	During the 21-22 school year, 89.9% of teachers were teaching 100% within their content area	During the 22-23 school year, 87% of teachers were teaching 100% within their content area (CALSAAS)	Have 100% of teachers as highly qualified.
EL Certified Teachers	100% teachers qualified to teacher English Language Learners	During the 20-21 school year, 92.1% of teachers were EL qualified.	During the 21-22 school year, 96.1% of teachers were EL qualified.	During the 21-22 school year, 94% of teachers were EL qualified. (CALSAAS)	Have 100% of teachers who are certified to teach EL students.
Implementation of State Standards: Professional Learning: CA State Standards	100% of Teachers trained in CA State Standards	100% of Teachers trained in CA State Standards	100% of Teachers trained in CA State Standards	100% of Teachers trained in CA State Standards	Maintain 100% of teachers trained in CA State Standards.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action 3.1-This action was fully implemented for the 2023-2024 school year. All teaches, administrators and instructional staff received professional development in literacy and math. Staff successfully participated in training on instructional strategies, data analysis and core content curriculum. .In 2023-2024, training was mostly conducted on minimum student days and pull out days that will require a substitute teachers.

Action 3.2-This action was fully implemented for the 2023 -2024 school year. An instructional coordinator provided support and coaching for all teachers. The coordinator also provided additional support for professional development.
Action 3.3-This action was fully implemented for the 2022-2023 school year. The multi-lingual instructional coordinator provided training for all instructional staff.
Action 3.4-This action was fully implemented for the 2023-2024 school year. Counselors, the social-emotional teacher all successfully received training in the district adopted SEL curriculum as well as attended conferences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 3.1 - There was a difference in $2,223 in budgeted expenses, This decrease from a local literacy grant provided by the San Bernardino County Office of Education.
Action 3.2 - There were no material difference differences in this action.
Action 3.3 There was a difference of $3,400 spent on increasing training opportunities for ELD staff.
Action 3.4- There was a decrease of $4,874 that was supplemented with the Emergency Learning Base Grant

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

3.1- Professional development for math and ELA was conducted for all teachers at Riverside Preparatory. CAASPP for both math and ELA indicated an improvement in scores from 2022 to 2023. The CAASPP English Language Arts baseline scores from 2019 were all students at 63.3 points below standard EL students were 93.7 points from standard and low income were 88.6 points from standard. Although there was not growth from the baseline year, there was growth from 2022 to 2023. In 2022, all students scored 93.8 points from standard EL students were 11.2 points from standard and low income students were 96.5 points from standard. In 2023 there was a 8.9 point growth to 84.9 points from standard for all students. EL students grew 17.5 points to 93.7 points from standard and low income students grew 7.9 points to 88.6 points from standard. The CAASPP math baseline scores in 2019 were all students 77.4 points below standard, English language learners were 113.3 points from standard, and low income students were 77.8 points from standard. Although there was not growth from the baseline year there was growth from 2022 to 2023 in math. The CAASPP scores increased for all students 20.7 points, English language learners increased 28 points and low income students increased 20.9 points. The effectiveness of this action will be measured by the increase of ELA and math CAASPP scores and professional development will continue to be a priority from all teachers.
3.2 -CAASPP for both math and ELA indicated an improvement in scores from 2022 to 2023. The CAASPP English Language Arts baseline scores from 2019 were all students at 63.3 points below standard EL students were 93.7 points from standard and low income were 88.6 points from standard. Although there was not growth from the baseline year, there was growth from 2022 to 2023. In 2022, all students scored 93.8 points from standard EL students were 11.2 points from standard and low income students were 96.5 points from standard. In 2023 there was a 8.9 point growth to 84.9 points from standard for all students. EL students grew 17.5 points to 93.7 points from standard and low income students grew 7.9 points to 88.6 points from standard. The CAASPP math baseline scores in 2019 were all students 77.4

points below standard, English language learners were 113.3 points from standard, and low income students were 77.8 points from standard. Although there was not growth from the baseline year there was growth from 2022 to 2023 in math. The CAASPP scores increased for all students 20.7 points, English language learners increased 28 points and low income students increased 20.9 points. The effectiveness of this action will be measured by the increase of ELA and math CAASPP scores, instructional coaching will continue to be a priority from all teachers.
3.3- All teachers were trained in the California State Standards for English Language Development. The teachers used this knowledge of the standards and proficiency levels of English Learners to monitor their English Learner students. The most recent Dashboard shows a 9% improvement on English Language Proficiency for our English Learners. English Learners are making progress toward English proficiency. This is an increase of 28% from the baseline of 37%. The effectiveness of the EL programs have seen steady growth each year.
3.4- Professional development for teachers and staff was attended by all instructional staff in the areas of Social Emotional Learning and relationship building with students. There was an increase of students being suspended during the year by 4.6% as well as an increase in Chronic absenteeism of 4.4%. These increases prevented the school from obtaining the desired outcomes of 16% in Chronic Absenteeism and maintaining below 1.5% in suspension rates. The increases have prompted more training and services for our students and teachers.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 3 has been eliminated from the LCAP for the 2024-2025 school year. Goal 3 is being consolidated to group applicable actions from the previous LCAP to create a more focused LCAP that uses the same metrics, hence some actions will be maintained and moved into Goal 1 and Goal 2. This goal changed after eliciting feedback form educational partners; including parents, teachers and provided feedback that a more streamlined goal would allow for better monitoring and understanding of the purpose.
Action 3.1 -3.3 Professional Development for ELA and Math, Instructional Coaching for ELA and Math and teacher training in state standards will move to Goal 1 in the 2024-2025 LCAP. These actions will be measured by CAASPP ELA and math scores and local iReady reading and math scores.
Action 3.4 that provides professional development for social emotional programs and staff will not be located in Goal 2. This action will be measured by local safety and connectedness survey as well as suspension and expulsion rates.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	To ensure college and career readiness, all students will have access to a broad course of study, increased concurrent (dual enrollment), increased Career Technical Education (CTE) and maintain high graduation rates.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
College Career Readiness	On the California Dashboard 47% of students were prepared	NA - No California Dashboard in 2021 was available due to COVID.	NA - College and Career Readiness was not available on the California Dashboard in 2022.	CA Dashboard (2023) College and Career Readiness was 39.4%	60% prepared
Graduation Rates	The graduation rate was 99.1% for 2020.	The graduation rate was 95% for 2021.	The graduation rate was 97.5% for 2022.	CA Dashboard (2023) The graduation rate was 97.3%	Maintain above 95%
Fine arts participation (grades TK-5)	100% participation (measured by master schedule)	100% participation (measured by master schedule)	100% participation (measured by master schedule)	Master Schedule (2023-2024) 100% participation	100% participation (measured by master schedule)

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action 4.1-This action was fully implemented for the 2023-2024 school year. All students successfully participated in a daily enrichmentrotation daily. These classes include music, physical education, drama, social emotional learning and library. These classes provide students with engaging learning opportunities outside of the core subject areas.

Action 4.2- This action was fully implemented for the 2023-2024 school year. All students have a 1:1 chromebook or tablet. This program successfully allows students to utilize on line learning platforms and prepare for digital assessments.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

4.1 - There were no material difference made to this action.
4.2- There were no material differences in this action.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

4.1- Riverside Preparatory maintained a 1:1 chromebook to ensure students had access to a device for online programs. Students were able to access programs for enrichment and intervention, specifically in reading and math (Zearn and iReady). For 2023-2024 iReady scores the effectiveness of this action saw an increase of math scores. All students improved to 37% from the baseline (2019) of 18.3%, English Learners improved to 27% (baseline scores were indicated in 2019 for math) and low income students improved to 30% from14.6% at grade level.
4.2- All students grade TK- 5 participated in this program daily as measured by the master schedule. There was an addition of an art teacher to the fine arts teacher, paid for with Proposition 28 funds The effectiveness of this goal allowed for Riverside Preparatory was able to maintain 100% of students being able to participate in fine arts. This allowed Riverside Preparatory to reach the desired outcome for this action.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 4 has been eliminated from the LCAP for the 2024-2025 school year. Goal 4 is being consolidated to group applicable actions from the previous LCAP to create a more focused LCAP that uses the same metrics, hence some actions will be maintained and moved into Goal 1. This goal changed after eliciting feedback form educational partners; including parents, teachers and provided feedback that a more streamlined goal would allow for better monitoring and understanding of the purpose.
Action 4.1 which provides a well-rounded education for all students that includes art, music, STEM, and library/research will now be located in Goal 1. This action will measured by 100% of students have access to all courses.
Action 4.2 that provides enhanced technology for all students will now be located in Goal 1, Action 5. This action will be measured by ELA CAASPP and local iReady reading scores.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Riverside Preparatory School - Charter	Derrick Delton Superintendent	ddelton@orogrande.org 760-243-5884

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Riverside Preparatory School is a seat time TK-12 charter school, serving students from the Oro Grande, Barstow, Victorville, Hesperia,
Apple Valley, Phelan, Helendale, Oak Hills, and Adelanto communities. Students participate in a college preparatory program that
emphasizes 21st-century skills through Common Core Standards. By designing an eight-hour instructional day program, for all students,
students are able to explore multiple pathways and topics, including athletics, visual and performing arts, advanced placement, and civic
learning projects. Class sizes are well below state averages, adding to the personalized learning experiences. The Riverside PreparatorySchool program is embedded within the Riverside Preparatory Elementary School, expanding the educational opportunities for all students.
Riverside Preparatory School strives to empower our students through an extraordinary choice in education by providing quality programs that give a variety of learning opportunities to our students. We offer a rigorous 21st-century curriculum that prepares our students to compete in today’s global marketplace.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The data reflections are based on the 2022 California School Dashboard school year and local data from the 2022-2023 school year. In grades Tk-12, 80.4% of students stated that they "feel" safe" on a local LCAP survey. This is an increase of 26% from the same survey last year. The LCAP prioritizes support for social emotional education. In the 2022-2023 school year, a social emotional class is taught to all

students in grades TK through 12th grades.
The school is still seeing the effects of COVID 19, when it comes to student attendance. The chronic absenteeism rates increased 17.3% to 49.6% for all students in 2021-2022. An increase of support and a new social worker will continue to support families to ensure regular attendance
In the area of mathematics, Riverside Preparatory students are performing above the baseline data on the interim assessment block. During the 2022-2023 school year 51.3% of all students were performing at/above grade level on the math interim assessment blocks.
The following metrics in the LCAP: teachers with proper credentials was at 89.9%, teachers with English language learner certification was at 96.1% and students with access to technology maintained 100%. Riverside Preparatory School will continue to make a commitment to hire and keep effective teachers for all students. Ensuring all students have access to technology will also continue to be prioritized.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

There are three areas where the California Dashboard indicated students are performing very low. The three areas are; English Language Arts, mathematics and chronic absenteeism. Chronic absenteeism data shows 39.6% of all students, 40.7% of English Learners, 49.4% of Hispanic, 43.7% of socio-economically disadvantaged have been chronically absent in the 2021- 2022 school year. Chronic absenteeism rates increased significantly due to the COVID 19 pandemic and the protocols to ensure student and staff safety. Riverside Preparatory School was expecting growth in absenteeism numbers. Riverside Preparatory School will continue to prioritize good attendance. Specifically, Goal 2 provides resources for physical health resources, mental health support, and transportation.
In English Language Arts, all students performed -50.4 Distance from Standard (DFS), English Language Learners performed -86.1 DFS, Hispanic students performed -48.4 DFS and low income students performed -59.8 DFS. Due to very high chronic absenteeism rates and a lack of consistent instruction in English Language Arts, students show evidence of lacking many literacy skills at their grade level. Riverside Preparatory School will continue to prioritize literacy, and initiate new programs and teacher training in the 2023-2024 school year. These programs include a new assessment program and digital learning program (iReady). Teachers also received training in foundational balanced literacy and data analysis.
In mathematics, all students performed -106.2 DFS, English Language Learners performed -135 DFS, and low income students performed -113.2 DFS. Due to very high chronic absenteeism rates and a lack of consistent instruction in mathematics, students show evidence of lacking many literacy skills at their grade level.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not Applicable

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not Applicable

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not Applicable

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Principals and Assistant Principals	Principals met two times a month from August 2023 to May 2024 to review 2023 CA School Dashboard, local data and budget expenditures. During these meetings district support teams advise and share ideas regarding progress on district LCAP goals. During hte March through May meetings, Principals discussed the alignment of goals and actions.
District Administration	The district administration staff meets monthly, the week before the board meeting. During this meeting, all staff presents data and shares concerns and positive outcomes that relate to LCAP data. This meeting also provide opportunities for staff to discuss budget needs and ensure budgets are aligning to LCAP goals.
Classified and other school personnel	Classified staff meets monthly with the Superintendent. During the May meeting the superintendent focused the meeting on the state of the district. This meeting included a review of the district LCAP by goal and action with a report on all relevant metrics for the district as well as a review of the California School Dashboard. The group provided feedback about the proposed goal structure to align the actions with board goals.
Local bargaining Unit (Riverside Preparatory Bargaining Unit)	Riverside Preparatory District Administration met with the Riverside Preparatory Association on April 24, 2023. This meeting included time

Educational Partner(s)	Process for Engagement
	to gather feedback from each school site team to react to all available data and to set goals for required metrics for each student group and with feedback from each community partner considered. Also, the group provided feedback about the proposed goal structure to align the actions with board goals. Discussion took place to determine possible re-alignment and combining of like actions into this new goal structure.
Students	Students were given the opportunity to evaluate data from their school site and formulate plans that influenced the development of the LCAP. In addition, students presented their findings and plans to school site administrative teams who worked to build those plans into the school site action plans. Students were also administered a culture and climate survey in November 2023.In this survey, students were asked about physical and emotional safety along with feelings on connectedness.
Parents/Community	Parents and the community were invited to participate in LCAP developmnet meetings through socail media, (Facebook), Parent Square, and callers initiated from the site administers. LCAP development began with a presentation of data at the LCAP Parent Advisory Group on February 28, 2024. This meeting included a review of the district LCAP by goal and action with a report on all relevant metrics for the district as well as a review of the California School Dashboard. The group provided feedback about the proposed goal structure to align the actions with board goals. Discussion took place to determine possible re-alignment and combining of like actions into this new goal structure.
SELPA	The Desert Mountain SELPA administrator (also known as the California Association of Health Education Linked Professionals CAHELP) works closely with Riverside PreparatorySchool District. A draft of the LCAP was presented to the SELPA administrator.
District English Language Advisory Committee (DELAC)	The DELAC information process includes the entire scope of the LCAP plan cycle including data analysis, plan review, priorities, and

Educational Partner(s)	Process for Engagement
	plan approval. The DELAC meetings began on September , 2023 included a submission of new goals and actions.
LCAP District Advisory Committee (PAC).	The 2024-2025 LCAP draft was presented to the DPAC and DELAC on May 13, 2024. As no comments were submitted from the PAC or DELAC, there was not a written response form the superintendent.
Governing Board Community Members	The midyear LCAP was presented to the Riverside Preparatory Governing Board February 7th, 2024.
Governing Board Community Members	The 2024-2025 LCAP draft was presented at a regularly scheduled Board of Education meeting on June 5, 2024.
Governing Board Community Members	The 2024-2025 LCAP was adopted at a regularly scheduled Board of Education meeting on June 12, 2024.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The process of engaging with our educational partners in the development of the LCAP provided the district with input regarding the needs of our students. Areas of emphasis that were heard through meetings, discussions, and surveys have resulted in the adjustment of specific goals and actions.

The goals and actions in the LCAP were highly influenced by the feedback from our educational partners. The input suggested a wide range of priorities for the upcoming school year to ensure student success. These include focusing on student outcomes, particularly for those with academic and social-emotional needs. The importance of extracurricular clubs, foundational skills in English Language Arts and Math were highlighted. Input also suggested prioritizing students who are struggling the most, particularly in English Language Arts and Math, and ensuring high academic standards, reducing class sizes, mental and social emotional health support (student wellbeing), and extra help for struggling readers. The need for a safe and equitable learning environment, new programs and strategies, and more engaging programs, and a call for more parent and community involvement were also emphasized.

Based on input from Educational partners, the Goals for the 2024-2045 school year have been consolidated from four to three goals and were adjusted to best fit the needs of the Oro Grande student population.

Goal 1 After looking at CAASPP data and local reading and math data, parents, teachers and staff continue to agree that the school should provide opportunities for students to receive remediation in both ELA and

math. Professional Development will focus on balanced literacy, the science of reading and writing. (Action 1) There will also be a larger focus on math and adopting new math intervention materials. (Action 1.2) The plan will have a cyclical model that introduces Professional Development (pedagogy), models lessons, observation and back to Professional Development. PLCs will include opportunities to plan with other grade levels and will be calendared before the year begins LCAP/Title II funding will be used for this Professional Development (Action 6).
There will aslo continue to be a focus on ensuring that students have access to a broad course of study that allow for educational in the fine arts, STEAM and technology is a priority for families students and staff (Action 4 and 5).

Goal 2 Parents are also concerned about the emotional health of their students. Counselors/teachers also voiced concerns about the high rates of absences that continue
to be seen at all grade levels. Encouraging parents and helping parents with resources to encourage good attendance is a priority for all educational partners. These educational partners have advocated for increased teacher training, and counseling services for students. Students communicated in connectedness and safety surveys indicated that the programs (what programs) that make them feel safe and connected at school were attributed to their ability to meet with counselors when they need help (Action 2) .
After looking at suspension data and concentrating on chronic absenteeism rates, the members feel that school culture and rewarding positive behaviors is the best way to address these issues. We will look at ways restricted funding can promote whole school rewards and build a culture of high expectations. There will also be a focus on ensuring students are physically healthy so that they can maintain good attendance (Action 1)

Goal 3 Ensuring that parents and the community are in partnership regarding programs and decision making is a priority for all educational partners. This goal will provide opportunities for families to give feedback, but to participate in making decisions regarding academic and social programs. Parents will have the opportunity to participate in literacy and math events, fine arts programs and Latino Literacy events to help families of out multilingual learners. (Action 3.1)

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Riverside Preparatory School will provide a rigorous academic program for all students.	Broad Goal

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

All students need to have grade-level proficiency in English literacy and Mathematics to understand and access curriculum and secure college and career readiness. This goal will provide services specifically to our English Language Learners, Special Education students and students that are performing significantly low in both reading and math. This goal will also provide a well rounded education for all students that will provide a broad course of study, including CTE and dual enrollment courses. Professional development to ensure all staff is prepared to provide rigorous and research based instruction will.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Literacy and ELA Proficiency	Increased literacy programs such as iReady Learning Path and SIPPS will be provided by a reading intervention specialist. These program will increase ELA CAASPP scores, and iReady reading scores. These programs will be principally directed for our English Language Learners and low income students.	$255,622.00	Yes
1.2	Math Proficiency	Increased math programs will be provided by core content teachers in small group settings during the school day. These interventions will be principally directed for our English Language Learners and low income students. This program will increase target math CAASPP scores and local math benchmarks.	$227,406.00	Yes
1.3	English Learner Support	The Educational Services Department will provide rigorous supplemental California state standards aligned ELD curriculum.These programs will increase CAASPP scores and local reading scores (iReady) for EL students.	$381,397.00	Yes
1.4	Well Rounded Activities	Riverside Prep students will participate in music, art, STEAM, after-school programs, CTE and dual-enrollment opportunities. These courses are provided to enhance the daily schedule for students and increase student engagement. These classes result in higher levels of student engagement and are principally directed towards low income students.	$2,050,945.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.5	Technology	Riverside Prep will provide an instructional technology program and devices to assist the core curriculum programs and increase technical skills. The technology program will increase iReady and ELA CAASPP scores.These programs will be offered daily in the classroom and will be principally directed to low income students and English Language Learners.	$398,196.00	Yes
1.6	Academic Professional Development and Instructional Coaching for Staff	All teachers and administrators will have ongoing and rigorous professional development in all core content areas. This training will be provided by both district support staff (academic and instructional coordinators and contracted professional development and provided by the OGSD Educational Services Department). This professional development will increase CAASPP ELA scores and math CAASPP and will be principally directed towards low income students.	$216,622.00	Yes
1.7	Transportation and Field Trips	Daily transportation will be provided by district's transportation department for students to increase daily attendance and decrease chronic absenteeism.Transportation will also be provided for the afterschool engagement program and field trips. This action will be principally directed for low income students.	$2,683,996.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Riverside Preparatory School, in collaboration with educational stakeholders, will provide a safe learning environment.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Measuring and Reporting Results

		absenteeism rates and increase student connectivity and will be principally directed toward low income students.		
2.2	Social/Emotional Support	School staff will provide access to counseling, social emotional programs and social services support. These services will help decrease chronic absenteeism rates and increase student connectivity and will be principally directed towards low income students. This action will be measured by M 2.1, 2.2, 2.6 and 2.7.	$1,217,177.00	Yes
2.3	Foster Youth Mental Health Services	The school will implement a comprehensive mental health support program tailored specifically to the needs of foster youth within our district. This program will include regular mental health assessments, access to licensed counselors or therapists, trauma-informed care training for staff working directly with foster youth, and partnerships with community organizations to provide additional support services as needed. This action will be principally directed for Foster Youth students and will be measured by	$236,703.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Riverside Prep will engage families and the community.	Broad Goal

State Priorities addressed by this goal.

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

The school values the contributions and involvement of all Educational Partners, including students, parents, caregivers, and the community. The District's focus on meeting the needs of its Educational Partners continues to be a high priority. The creation of this goal demonstrates the school's commitment to including the community as true members of the decision-making process. This goal will increase opportunities to hear and respond to family comments and concerns in welcoming and safe environments. By implementing the listed actions and measures of data reflected in the metrics, the school will continue to engage all Educational Partners as partners.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	**Action:** Literacy and ELA Proficiency **Need:** ELA CAASPP scores indicate that all students performed at 84.9 points below standard, low income students performed at 88.6 points below standard and EL students performed 119.7 points below standard. The 2023-2024	Providing instructional support through a highly vetted, researched-based intervention curriculum (Systematic Instruction in Phonological Awareness, Phonics, and Sight Words (SIPPs), Renaissance Learning, iReady, LETRS and IXL) and providing an intervention specialist will target the needs of English language learners and low income students. This action will provide teachers with a curriculum to hold small group intervention, pull-out intervention as needed and additional time for students that require	Metric 1.1 and 1.3 - CAASPP ELA and iReady Reading

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	iReady reading data shows 37% of all students are reading at or above grade level on the iReady Reading assessment, 32.2% of low income students, and 27% of English Language Learners are reading at grade level. The 2023- 2024 iReady benchmark data confirm the need for additional intervention programs for literacy. **Scope:** Schoolwide	differentiated support. Technology based curriculum will be provided for students to access these reading and writing programs and will ensure they have access in class and at home. The reading intervention curriculum and intervention teachers supported students daily in fundamental skills reading instruction and vocabulary development. The reading intervention teacher will collaborate with core content area teachers to ensure literacy goals.	
1.2	**Action:** Math Proficiency **Need:** The 2022-2023 math CAASPP scores confirm the need for additional intervention programs in math. Math CAASPP scores indicate that all students performed at 113.7 DFS points below standard, low income students performed at 118.2 DFS points below standard. **Scope:** Schoolwide	Purpose: Providing instructional support through a highly vetted, researched-based math intervention curriculum will focus on the needs of English language learners and low income students. This action will assist teachers in holding small group interventions, pull-out interventions as needed, and additional time for students that require differentiation. Technology-based programs such as iReady pathways and ZEARN will assist students in practicing on fundamental math standards, provide assessment data for both students and teachers and provide targeted instruction for our unduplicated students in highly assessed standards. The continuation of math intervention was based on its effectiveness in previous years as demonstrated by the increase of scores on math CAASPP and the math Interim Assessment Blocks. The math CAASSP scores are 113.7 points below standard and continued intervention in math is critical for student success. The math intervention curriculum supports students daily in fundamental skills math instruction.	Metric 1.2 - CAASPP Math

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Well Rounded Activities **Need:** The 2023-2024 2023 iReady reading data shows 37% of all students and 32.2% of low income students are reading at or above grade level. The 2023- 2024 iReady math data shows 31% of all students and 30% of low income students are performing at or above grade level. **Scope:** Schoolwide	Purpose: Providing students with fine arts is key to building a well rounded education. Low income students in Oro Grande have little access to extra curricular activities such as music and visual outside of school. Based on educational research, the addition of fine arts programs will provide additional curricular support that will aid in math and reading proficiency. Research conducted by the National Association for Music Education confirmed significantly that quality fine arts programs correlate to higher reading scores, correlated to an improved negative effect of poverty on scores (NAfME.org). “On average, the children who learned to play a musical instrument for many years, and were now playing in high school band and orchestra, were the equivalent of about one academic year ahead of their peers with regard to their English, mathematics and science skills, as measured by their exam grades" (American Psychological Association).	Metric 1.10, 1.11, 1.12
1.5	**Action:** Technology **Need:** ELA CAASPP scores from 2023 confirm the need for increased proficiency in reading and access to technology. ELA CAASPP scores for all students were points below standard, low income students were points below standard, and English Language Learners performed points below standard. Local reading benchmarks (iReady) indicate that 37% of all students were reading at grade level, 32.3 % of low-income students were reading at grade level, and 27% of English	Due to resource inequities, Oro Grande will provide a chromebook program for students in order to ensure reliable internet connectivity. This action will provide increased opportunities and will help close the digital divide for our low-income and English Language Learners. Students will have access to technology to support their learning in literacy through digital curriculum. Students will also have the opportunity have a technology to increase opportunities for digital art and conduct research in hte library science class. Oro Grande has a blended learning model, and access to technology will promote equity. It is our hope that these programs will support growth in literacy. “When technology is involved, students	Metric 1.1, 1.2, 1.3, 1.9

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Language Learners were reading at grade level. **Scope:** Schoolwide	are far more active in the learning process and the various ways of demonstrating their learning (Darling-Hammond et al., 2014; Ertmer et al., 2012; Matzen & Edmonds, 2007).	
1.6	**Action:** Academic Professional Development and Instructional Coaching for Staff **Need:** The 2023 math and ELA CAASPP scores for our low-income and English Language Learners confirms the need for instructional academic coaches in English Language Arts, math, and English Language Development. CAASPP ELA scores for all students were 93.8 points below standard, low-income students performed 96.5 points below standard, and English Language Learners performed 111.2 points below standard. Math CAASPP scores indicated that all students performed 113.7 points below standard, and low-income students performed 118.2 points below standard. English Language Learners performed 119.7 points below standard. In regards to English Learner Progress, the 2023 California School Dashboard indicates 37.9% of English Learners are making progress toward English language proficiency. Also, in the current school year, 37% of all students are reading at or above grade level on the	The Oro Grande Educational Services department's instructional academic coaches will provide coaching and professional development for teachers. This professional development promotes researched-based instructional strategies to increase proficiency in English Language Arts, math, and English Language Development. Through a differentiated coaching model, teachers will work with instructional academic coordinators to plan and develop scope and sequences, analyze data, and develop instructional strategies to best meet the needs of unduplicated students.	Metric 1.1, 1.2, 1.6, 1.7, 1.8

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	iReady Reading assessment, 32.2% of low-income students, and 27% of English Language Learners are reading at grade level. **Scope:** Schoolwide		
1.7	**Action:** Transportation and Field Trips **Need:** During the 2022-2023 school year daily local attendance rate from the school district's student information system was for all students. The chronic absenteeism rate on the 2022 California School Dashboard was 33% for all students and 34% for low-income students. These data points demonstrate the need to provide transportation that is principally directed to our low income students. **Scope:** Schoolwide	The district provides daily transportation to and from school and for the after-school program. Providing daily transportation is essential for students to attend school in Oro Grande which is a large rural geographic community. Transportation provides a safe alternative to students who may have to walk on a busy highway and cross a railroad track that is not designed to be crossed by pedestrians. Transportation provides equitable access to academic and social emotional growth on a daily basis.The chronic absenteeism rates from the school district's student information system indicates Oro Grande decreased the chronic absenteeism rates nearly 20%. The additional work to decrease California School Dashboard chronic absenteeism rates and increase local attendance rates will continue to be a top priority for Oro Grande School District.	Metric 1.11
2.1	**Action:** Health Services **Need:** Chronic absenteeism rates and educational partner feedback from meetings confirm the need for health services to be principally directed for our low income students. The	Students and families will have health education programs (nutrition, personal hygiene), daily health care for students with chronic health care issues (diabetes and asthma) and assistance with connecting to community health resources. This action provides additional registered nurses and licensed vocational nurses on campus to provide care and lead staff training. These health services	Measured by Metrics 2.6

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	chronic absenteeism rate for 2022-2023 was 33% for all students and 34% for low income students. The 2023-2024 Student LCAP Survey indicates that 84.6% of students feel safe at school. **Scope:** Schoolwide	are principally directed for our low income population and have been a vital component in this rural area.	
2.2	**Action:** Social/Emotional Support **Need:** **Scope:** Schoolwide		Metric 2.1, 2.2, 2.4, 2.5, 2.5, 2.6, 2.7
3.1	**Action:** Parent Participation **Need:** Creating opportunities for parents to engage in decision making is a top priority in Oro Grande. This data demonstrates the need to provide more opportunities for the school to work with families and the community to ensure shared decision making. 69.1% of parents surveyed responded that they participate in the decision making process.	Research shows, “When parents are involved at school, the performance of all the children at school, not just their own, tends to improve. The more comprehensive and well planned the partnership between school and home, the higher the student achievement”. Henderson, A.T., and Nancy Berla. 1995. A New Generation of Evidence: The Family Is Critical to Student Achievement. Washington, DC: Center for Law and Education, 14–16.	Metric 3.1 and 3.1, Parent Participation Survey and local Dashboard Indicator

	Scope: LEA-wide		

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.3	**Action:** English Learner Support **Need:** English Language Learner Professional Development Needs, Conditions, or Circumstances: The 2023 ELA CAASPP scores for English Language Learners indicated that this population of students is scoring 119.7 points below standard. In 2023, 37.9% of English Language Learners were making progress towards English language proficiency. **Scope:** Limited to Unduplicated Student Group(s)	The district's Educational Services Department will provide a rigorous, supplemental, California state standards-aligned, ELD curriculum. Additionally, this action will utilize the Ellevation online platform that will be used to implement data information and best strategies in English Acquisition education. Ellevation provides teachers with, readily available and easily comprehensible data on all district benchmarks as well as state tests like CAASPP and ELPAC. The readability of these data points, coupled with the instructional strategies and professional development built into the system, will assist teachers in making sound educational decisions for our students. This will help address EL instruction for multiple EL levels to increase language acquisition across all content areas. The utilization of this program will allow for small group and differentiated instruction based on EL levels and diagnostic results obtained by the use of this program. Teachers will receive instructional professional development in the ELD	Metric 1.4 and 1.5

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
		framework and language and vocabulary development. Teachers will work with the multilingual coordinator to gain research based strategies to guide students during designated ELD lessons.	
2.1	**Action:** Health Services **Need:** **Scope:**		Metric 2.3, 2.4, 2.6
2.3	**Action:** Foster Youth Mental Health Services **Need:** **Scope:** Limited to Unduplicated Student Group(s)		Metric 2.6

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

        - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC*

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections 52060(g) (California Legislative Information) and 52066(g) (California Legislative Information) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) (California Legislative Information) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see Education Code Section 52062 (California Legislative Information);
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see Education Code Section 52068 (California Legislative Information); and
- For charter schools, see Education Code Section 47606.5 (California Legislative Information).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The LCFF State Priorities Summary provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) (California Legislative Information) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric. Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.

    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:

    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and

    - Professional development for teachers.

    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements
An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions
In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only
Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

- **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.

- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.

- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**

  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
