- Mercy Watson
- Poppleton
- Henry and Mudge
- Narwhal and Jelly
- Elephant and Piggie
- Ivy and Bean
- Pinky and Rex
- Mr. Putter and Tabby
- Cam Jansen
- Bad Kitty
- Diary of a Pug
- Magic Tree House
- DogMan
- Diva and Flea
- Pizza and Taco
- My Weirdest School
- Diary of a Wimpy Kid
- Captain Awesome
- Calendar Mysteries
- A-Z Mysteries
- Junie B. Jones
- Stink
- Nancy Clancy
- Judy Moody
- Henry and Mudge
- Frog and Toad

### Writing

Keep those writing skills sharp by having your child keep a journal about their summer adventures. Let your child pick out his or her own special notebook, markers, pens, and pencils to use. Encourage lots of descriptive details in their writing.

### Board Games

Board games are so important for first graders because they help children grow socially, emotionally, and academically in fun and engaging ways. At this age, kids are developing critical thinking, learning how to be a good sport, and building confidence in their skills—board games support all of these areas. Here are some first grade favorites to enjoy together over the summer:

- Trouble
- Sequence for Kids
- Chutes and Ladders
- Sorry
- Uno
- Guess Who
- Spot It
- Shut the Box
- Connect Four
- Jenga
- Battleship
- Candyland
- Clue Junior
- HedBanz

### Math:

One of the most helpful areas to work on over the summer is playing games to help your child memorize the addition and subtraction facts. Here are some games that your child can play to practice their facts over the summer.
