

Independent School District 192

Gail Hoxie-Setterstrom, RN, PHN

District Licensed School Nurse

Instructional Service Center
510 Walnut Street
Farmington, MN. 55024

Phone: 651-460-1965
Fax# 651-463-5021

To: Parent/Guardian/Student

Re: Medication Administration Procedures for prescription and/or over the counter medications including Tylenol, Advil, Benadryl, Aleve.

1. A parent/guardian must complete and sign the enclosed form for the nurse to administer any prescription or over the counter medications.
2. A physician signature is also required. It can be returned by fax to 651-252-2510 if this is more convenient.
3. Please bring in only a small amount of medication to be kept at school in the health office in the original bottle with the students name.

District 192 policy states that **students are required to keep medication in the health office** unless they have specific permission to carry their own medication. See Medication forms on the district website at <http://www.farmington.k12.mn.us> . Go to Services to Health Services to Medications and then click on the appropriate medication permission form.

If you have any questions contact Sayra Maberry, RN, FHS building nurse at 651-252-2506 or Gail Setterstrom, RN, LSN, District Nurse at 651-460-1965
