Monthly Review:PLC		This month in PLCS we took time to go back to our Name and Claim document. We looked to see if students were meeting grade-level expectations. We also looked at instructional expectations and goal setting. Specifically we will be having intentional focus on MVPA data.	
Intentional Plannings		Wel have grade level and content specific meetings weekly.	
Needs Assessment		We are concerned with the number of students currently in RTI who need to keep reading intervention services. They are serviced by our full time RTI reading teacher and a part-time retired teacher. We have asked for an RTI math teacher for MSE.
