

Dear Beecher Families,

Summer is a time to relax, recharge, and explore — and there’s no better way for children to do that than by getting lost in a good book. Encouraging reading for pleasure over the break helps students return to school curious, confident, and ready to learn. As always, we are excited to see how our students grow as readers outside of school. This year we encourage students to decorate a pumpkin in any way they choose to reflect their summer reading—a few suggestions are: a favorite character, nonfiction topic, or setting. At the start of the next school year, we will create a pumpkin patch that showcases the entire school’s reading journey.

Please visit our Beecher Road School Summer Reading website for a variety of reading suggestions. We know that every reader is unique, so pick the books and activities that match your family values and interests. Additionally, we will be introducing an optional raffle ticket for participants. We encourage families to check out the summer reading programming offered at our amazing Town Library.

Thank you for being a vital part of our reading community. Wishing you a summer full of stories, laughter, and discovery — one page at a time. Happy reading!

Brightly,
Mrs. Sherman and Ms. Crocco
