Good News Report	We cleared approximately 9,000 dollars from this year's boosterthon. MAF night was a success, with this being a first time event. 60 families were in attendance, we received great results on the survey provided. We had excellent attendance for the month of March, with an average of 92.13%. Our students loved the Hooked on Science program. A big thanks goes to Rachel in FRC for paying for the program. We had a PBIS assembly after spring break to reinforce school wide expectations. Family activity night health and fitness will be on May 1.
