Newport-Mesa
Unified School District

Neighborhood Peer Program

Cost

- 5 days per week Monday-Friday $400/month

Locations

- Adams
- College Park
- Davis
- Harbor View
- Sonora

Times

- 5 hours, 15 minutes/day
- Hours vary based on school locations.

Parent Observation

Parents/guardians are invited to participate in a monthly play-based observation, which includes a 30-40 minute observation of your child's play, social and language skills, and classroom readiness.

The session includes a circle time, small group activity and free play.

Newport-Mesa Unified School District is looking for preschool-aged children to participate in our Neighborhood Peer Program.

Program Overview

Students learn side-by-side with their same-aged peers in structured, caring preschool classrooms taught by credentialed teachers.

The programs prepare young learners for success in kindergarten, as they participate in small and large group classroom settings, and cooperative play activities.

- Focus is on language and early literacy skills, including phonological awareness and alphabet knowledge; and early math concepts, including number sense, pattern recognition, and sorting.
- Social and emotional independence, fostered through direct teaching and cooperative play.
