Volume 1, Issue 1 Wentworth Jr. High · Wentworth Intermediate · Woodrow Wilson School · Early Learning Center May 2025

WELCOME to the 2025-2026 School Year!

On behalf of Calumet City School District 155, we would like to thank you for a **wonderful** 2024-2025 school year and announce that registration is open for the 2025-2026 school year. We are excited to kick off another successful year full of engaging opportunities for our students. Much planning and hard work have gone into preparing for the new school year.

Let me begin by introducing new members of the administration.

- **Wentworth Jr. High Dean, Darci Pollard**
- **District Case Manager, Helena Fields**

I would like to provide you with a summary of the work that was completed over the last school year, as well as work that is scheduled to begin this summer. The District has updated its curriculum offerings and has adopted a new social - science series (k-8). Over the summer, the District will begin a major two-year bathroom and locker room renovation at Wentworth Jr. High. We will also be replacing exterior doors, classroom carpet, fencing along Superior Ave., and updating science room flooring across the District. It is important to acknowledge the hard work and dedication of the District staff that completes many of our projects over the summer to get our buildings ready for our students in the fall. They truly do a great job.

We are also proud to announce that the district has operated a surplus budget while implementing new opportunities for students and investing in our instructional goals.

Over the 2025-2026 school year, the District will work hard to build on the successes of last school year. The district will continue to operate its calendar using a weekly school improvement day each Wednesday of the month. Please review our approved school calendar and make the necessary arrangements as our students will be released at 1:00 p.m. each Wednesday.

I also want to extend a sincere thank you to all of our staff and parents. Everyone has worked diligently throughout the school year on our school improvement plans. We will once again focus on instructional outcomes and improving in areas such as reading, mathematics, and attendance. The District is looking forward to the new year and promoting new opportunities for our students and community.

Sincerely,

Dr. Joseph H. Zotto
