## 1648.15 RECORDKEEPING FOR HEALTHCARE SETTINGS IN SCHOOL BUILDINGS – COVID-19

The Board of Education is committed to providing a safe and healthy workplace for all employees. The school district shall maintain its records in accordance with Occupational Safety and Health Act of 1970 (OSHA) COVID-19 Emergency Temporary Standard (ETS) published on June 21, 2021 as adopted by the Public Employees Occupational Safety and Health (PEOSH), the agency with jurisdiction over public employers in New Jersey. The provisions of the ETS have expired and are no longer in effect for school districts except for the provisions addressing recordkeeping, outlined in 29 CFR §1910.502(q). The ETS and this Policy are only applicable for employees working in the school nurse's office and any adjoining clinical areas in the school building.

For the purpose of this Policy, "employee" means any district employee or contracted service provider working in a healthcare setting where people with suspected or confirmed COVID-19 are reasonably expected to be present. Therefore, the provisions of the ETS and this Policy only apply to employees or contracted service providers working in a nurse's office or any adjoining clinical areas.

For the purpose of this Policy, "healthcare setting" means all settings in the school district where any employee or contracted service provider provides healthcare services or healthcare support services. Where a healthcare setting is embedded within a non-healthcare setting (i.e. school nurse's office and any adjoining clinical areas in a school building), the ETS and this Policy only apply to the embedded healthcare setting and not to the remainder of a school building.

in School Buildings – COVID-19

The school district will establish and maintain a COVID-19 log to record each instance in which an employee is COVID-19 positive, regardless of whether the instance is connected to exposure to COVID-19 at work. The COVID-19 log will contain, for each instance, the employee's name, one form of contact information, occupation, location where the employee worked, the date of the employee's last day in the healthcare setting, the date of the positive test for, or diagnosis of, COVID-19, and the date the employee first had one or more COVID-19 symptoms, if any were experienced.

The school district will record the information in the COVID-19 log within twenty-four hours of learning the employee is COVID-19 positive. The school district will maintain the COVID-19 log as a confidential medical record and will not disclose it except as required by the ETS or other Federal law. The school district will maintain and preserve the COVID-19 log while the ETS remains in effect.

By the end of the next business day after a request, the school district will provide for examination and copying: all versions of Policy 1648.14; the individual COVID-19 log entry for a particular employee to that employee and to anyone having written authorized consent of that employee; and a version of the COVID-19 log that removes the names of employees, contact information, and occupation, and only includes, for each employee in the COVID-19 log, the location where the employee worked, the last day that the employee was in the healthcare setting before removal, the date of that employee's positive test for, or diagnosis of, COVID-19, and the date the employee first had one or more COVID-19 symptoms, if any were experienced, to all employees.

## 8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement comprehensive written plans, procedures, and mechanisms to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and support services for staff, students, and their families.

“School security drill” means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a bomb threat, non-fire evacuation, lockdown, or active shooter situation and that is similar in duration to a fire drill.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district’s plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district’s school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district’s safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be notified in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crises, consistent with the school district’s plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. The Board shall ensure individuals employed in the district in a substitute capacity are provided with information and training on the district's practices and procedures on school safety and security including instruction on school security drills, evacuation procedures, and emergency response protocols in the district and the school building where the individuals are employed in accordance with the provisions of N.J.S.A. 18A:41-7.

Every Principal of a school of two or more rooms, or of a school of one room, when located above the first story of a building, shall have at least one fire drill and one school security drill each month within the school hours, including any summer months during which the school is open for instructional programs, and shall require all teachers of all schools, whether occupying buildings of one or more stories, to keep all doors and exits of their respective rooms and buildings unlocked during the school hours, except during an emergency lockdown or an emergency lockdown drill. Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill. An actual fire or school security emergency that occurs at a school during the month and that includes activities which are the equivalent of a drill shall be considered a drill for the purposes of meeting the requirements of N.J.S.A. 18A:41-1.

Every school in the district shall conduct a school security drill within the first fifteen days of the beginning of the school year. Notwithstanding any other provision of law to the contrary, the school district shall ensure that a school security drill that occurs when students are present:

The Principal or designee shall provide written notification to the parent of a student enrolled in the school following completion of a school security drill, which notice shall be provided to the parent by no later than the end of the school day on which the school security drill is conducted.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. A law enforcement officer shall be present at a minimum of one school security drill in each school year in order to make recommendations on any improvements or changes to school security drill procedures that the officer may deem advisable in accordance with N.J.S.A. 18A:41-1.
