ACETAMINOPHEN/IBUPROFEN AUTHORIZATION FORM

School Year: _____

New Jersey State law allows for the administration of acetaminophen (Tylenol) and/or ibuprofen (Advil/Motrin) at school. The medication dosage will be based on your child's weight and be administered by the School Nurse in accordance with the established protocols developed by the school physician. In order for your child to receive this medication at school, this form must be completed and signed each school year. ***NO VERBAL PERMISSION WILL BE ACCEPTED.***

Please note: Only one dose will be given per school day and will not exceed two doses per week.

If you anticipate that your child may require a different dose to achieve analgesic relief or may require acetaminophen or ibuprofen more than twice per week, then you must obtain an order from your child's physician (see Consent for Prescribed Medication).

PROCEDURE FOR ADMINISTRATION OF ACETAMINOPHEN AND IBUPROFEN

Acetaminophen and ibuprofen are administered from the health office by the school nurse.

Acetaminophen and ibuprofen dosage will be calculated based on the child's weight (chart below) and be administered in accordance with the established protocols developed by the school physician.

School nurses are permitted to administer ***one dose per school day not to exceed two doses per week***. Parents/Guardians will provide a written order from their child's health care provider should a different dose or frequency be indicated (See policy for administration of medication).

Parents/Guardians must complete the acetaminophen/ibuprofen authorization form each school year. Incomplete forms will be returned to the parent/guardian for proper completion.

Verbal permission will not be accepted as consent for administration of acetaminophen/ibuprofen.
