2025 Elementary Science Fair Highlights

Each spring students from ISD 192's five elementary schools host their own unique science fairs. The students in grades 3-5 may go on to the Southern Minnesota Regional Science and Engineering Fair in late April. Farmington Area Public Schools, ISD 192 would like to extend a warm congratulations to all the elementary students who chose to participate in this year's science fair! Below are some highlights from each school's 2025 science fair.

Akin Road Elementary School (ARES)

Congratulations to all the Akin Road Elementary learners who participated in the ARES 2025 Science Fair! Thank you to each and every one of you who challenged yourself to explore, experiment and discover something new. We are incredibly proud of all the bright, curious minds that participated. You have all shown such creativity and perseverance! Also, a big thank you to our judges who came from within the community to help out in the special event.

The 2025 Akin Road Elementary School Science Fair winners were as follows:

Kindergarten: 1st Place: Thomas Plantenberg

Grade 1: 3rd Place: Molly Fasbender and Logan McConaughy; 2nd Place: Amelia Pfeiffer and Brennen Pfeiffer; 1st Place: Allie Butterfield and Lily Zimmer

Grade 2: 3rd Place: Elliana Karsten and Isaiah Sullivan; 2nd Place: Izzy Sullivan; 1st Place: Madilyn Varner and Clara Ketcher

Grade 3: Students receiving a Superior in Category ribbon are: Rylan Ditter, Inga Dokken, Wyatt Snell, Stella Fasbender; 3rd Place: Elaine Brannan; 2nd Place: Wyatt Snell and Rylan Ditter; 1st Place: Inga Dokken

Grade 4: Students receiving a Superior in Category ribbon are: Julia Ketcher, Kendall Smith, Elora Supergan; 3rd Place: Elora Supergan; 2nd Place: Kendall Smith; 1st Place: Julia Ketcher

Grade 5: Students receiving a Superior in Category ribbon are: Murphy Blauert, Annie Dahlgren, Benjamin Macmillan; 3rd Place: Benjamin Macmillan; 2nd Place: Annie Dahlgren; 1st Place: Murphy Blauert

Farmington Elementary School (FES)

Congratulations to all the Farmington Elementary School students who participated in the 2025 FES Science Fair and thank you to Mrs. Kaitlin Capri for hosting the event!

Mrs. Capri shared: "This year, Farmington Elementary School had 43 participants in our science fair! Our young scientists taught us a lot about volcanoes, outer space, coding, the scientific method, and more!" The 2025 Farmington Elementary School Science Fair participants were as follows:

Kindergarten: Eli Eilen, Sully Smith, and Ander Frieler-Skogen

Grade 1: Lea Johnston, Evelyn Fitzl, Ostiano Martin Delos Santos, Emma Andree, Dominick Williams, and Ruby Ellerton

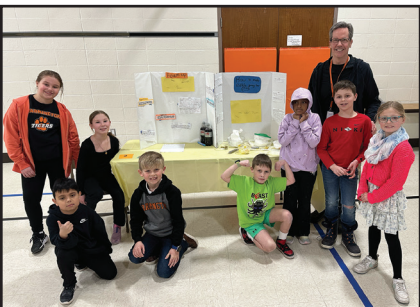

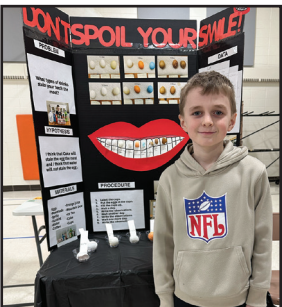

Grade 2: Carter Leitner, Lucy Wheeler, Brya Falls, Delilah Lind, Aurora Jolie Delos Santos, Nolan Fruit, Ryker Deal, and Regan Snyder

Grade 3: Isla VanGrinsven, Cece Pietsch, Madelyn Bourgeois, Cataleya Casillas, Declan Reiners, Micah Fruit, Julie Gallardo Timkin, Evenlyn Verch, Bennett Vadnais, Penelope Noddings, Piper Wagner, Chase Johnson, Bennett Thelen, Henrick Burt, Fenan Zeinu, SJ Cook, Avery Goodwin, Isai Gutierrez

Grade 4: Macie Holtan, Emiliano Leon, Ezekiel Leon, Piper Hales, Mackenzie Deal, Piper King, and Dylan Snyder

Grade 5: Gannon Sager

We would also like to give a special shout-out to the following students who qualified for the regional science fair in Mankato this year: Cece Pietsch, Mackenzie Deal, Chase Johnson, Cataleya Casillas, Madelyn Bourgeois, Piper Wagner, Macie Holtan, Micah Fruit, and Emiliano Leon.

Science Fair Highlights, continued from page 1

Meadowview Elementary School (MVES)

Congratulations to all the Meadowview Elementary students who participated in the 2025 Science Fair! The MVES Science Fair took place after the printing deadline for this publication but highlights from the event can be found on our website and social media channels.

North Trail Elementary School (NTES)

Congratulations to all the North Trail Elementary students who participated in the 2025 Science Fair and a big thank you to Mr. Charles Wobeck for his hard work coordinating this enrichment activity.

The 2025 North Trail Elementary School Science Fair participants were as follows: Abby Trocke, Emerson Ryan, Scarlett Wickenhauser, **Kaleb Saucedo (1st Place Winner, 2nd Grade)**, Zetta Bing, Ella Pariseau, Sevil Krishnan, Izzy Walker, Calvin Schild, Macy Schild, Luna Saucedo, **Sam Slobozhan (Regionals Qualifier)**, **Eric Slobozhan (1st Place Winner, 1st grade)**, Ander Navarro, **Elizabeth Peterson (1st**

Place Winner, 3rd Grade), **Mason Peterson (Regionals Qualifier)**, Quinn Fritz, Skylar Flavin, Yanet Dawit, Scarlet Flavin, Braylen Kastner, Brayson Longtin, Charlie Makarios, Iva Nigusse, Brooke Makarios, Clara Rendell, Maddox Steinhibel, **Josie Rendell (1st Place, 5th Grade; Regionals Qualifier)**, Lorelai Kamen, Elyse Brown, Sofia Raveling, **Edilyn Fellows (1st Place Winner, 4th Grade; Regionals Qualifier)**, **Rylee Jernigan (1st Place Winner, 4th Grade; Regionals Qualifier)**, Jojo Gaston, Paisley Martin, Zachary Monson, **Londyn Mattingly (1st Place Winner, Kindergarten)**, Cece Kiehn, Carroline Gese, Emnet Gezahegn and Fiona Nagel.

Riverview Elementary School (RVES)

Congratulations to all the Riverview Elementary students who participated in the 2025 Science Fair, and thank you to iNature teacher Mr. Ben Clausen for organizing this event for our school community.

The 2025 Riverview Elementary Science Fair participants were as follows: Abigail Tilahun, Alex Plant, Anna Weber, Audrey Snow, Ava Howe, Avery McIsaac, Bella Schneider, Brooke Falnes, Bryce Boettcher, Callie Brendalen, Camila Shepard, Christine Boettcher, Colton Redmond, Dane Simmons, Dean Strano, Declan Dingfelder, Drew Stanaway, Eli Urberg, Elle Weber, Emily Bower, Emma Moorman, Emma Pflaum, Emmett Strano, Ericka Hjort, Eva Gerster, Everett

Anderson, Eveyln Eisele, Evie Jobe, Graham Boe, Graham Mainhardt, Grayson Simmons, Greta Christensen, Harper Wilson, Hawi Jima, Haya Malik, Henry Christensen, Henry Jones, Hunter Vick, Ian Curley, Izzy Galarneau, Jameson Lien, Kaden Kosidowski, Kaylee Curley, Kennedy Harren, Kristin Decker, Kyla Wick, Landon Davis, Liam Rosson, Lira Eckre, Lucas Pflaum, Luke Vogle, Mackenzie Snow, Marissa Dean, Mila Weingartz, Miles Moorman, Nari Truong, Natalia Torres, Nathan Koester, Noah Montavon, Olivia Archer, Raegan Lilja, Roland Bukowski, Rianne Hop, Savannah Schuette, Sawyer McEntee, Soliana Tilahun, Sopheara Pon, Violet Opp, Zach Plant and Zoey Lumley.

Farmington Head Coach Jon Holmes Named MGHCA Class AA State Coach of the Year

The Minnesota Girls Hockey Coaches Association (MGHCA) has named Farmington High School Head Girls Hockey Coach Jon Holmes as the Class AA State Coach of the Year following the conclusion of the 2024-25 season. Holmes led the Tigers to an 18-9-3 overall

record, a Section 1AA championship, and a berth in the MSHSL Class AA State Tournament.

Holmes, who has amassed a career coaching record of 270-202-23, has built a reputation not only for developing competitive teams on the ice but also for his leadership and

advocacy for community-based hockey in Minnesota. His philosophy centers on fostering “positive, trustworthy, and community-driven adults” who help young athletes grow into responsible individuals beyond their playing careers.

Farmington High School Athletic Director Keith Badger praised Holmes’ leadership, stating, “Coach Holmes is a tremendous athletic coach and ambassador for high school sports in general. He is humble, selfless, and pours his heart into all things Farmington.”

The MGHCA Class AA State Coach of the Year award recognizes coaches who exemplify good sportsmanship,

high ethical and moral character, and excellence in coaching performance. The selection criteria also take into account a coach’s overall record, postseason success, contributions to the advancement of high school girls’ hockey, and involvement in the MGHCA’s leadership and development programs.

Holmes has long been a proponent of strengthening community-based hockey, emphasizing the importance of local programs in shaping young athletes. His article, Minnesota Hockey Done Right, highlights the challenges and opportunities facing Minnesota’s community hockey model and calls

for a commitment to its preservation. Holmes has been active in working with youth organizations to ensure that players develop within their hometown programs, reinforcing the value of accountability, teamwork, and long-term community engagement.

As Holmes continues to lead the Farmington Tigers, his impact reaches far beyond wins and losses. His dedication to high school hockey and its foundational values has left an indelible mark on the sport in Minnesota, inspiring players, coaches, and communities alike.

For more information about Farmington High School Girls Hockey, visit FarmingtonTigers.com.

Rachel Baumann Named 2024 Greg Dawson Excellence in Coaching Award Recipient

Debate teams and tournaments thrive because of dedicated coaches who go beyond competition to mentor, teach, and inspire. Each year, Blake Debate presents the Greg Dawson Excellence in Coaching Award to recognize a coach who embodies these qualities. This award is not simply a “Coach of the Year” honor – it is a tribute to an individual who represents the very best of coaching, teaching, and mentorship.

Blake Debate has a storied history, beginning with its first debate against St. Paul Academy over a century ago and continuing with the establishment of the John Edie Tournament. This tradition would not exist without the many Blake coaches who have shaped generations of debaters. Among them is Greg Dawson, who retired in 2017 after 41 years at Blake. Greg’s legacy is one of deep care and genuine dedication, inspiring countless students to find their voices and apply the skills of debate in their lives and communities. This award is named in his honor.

Blake Debate is proud to announce that the 2024 Greg Dawson Excellence in Coaching Award goes to Rachel Baumann of Farmington High School, MN.

“Rachel Baumann has been part of the debate community for more than twenty years, leaving an indelible impact on

her students and the broader debate community. She serves on both the MN Debate Teachers Association and Southern MN NSDA Boards, working to expand debate opportunities for students across Minnesota. Having coached at Rosemount and Forest Lake before founding the Farmington High School Debate Team, Rachel brings a compassionate, inclusive, and thoughtful approach to coaching. She views debate as an educational endeavor, guiding her students to grow academically while also advocating fiercely for their success. She provides a safe space for students to take intellectual risks and develop as individuals.”

– Deserea Lampe-McCoy & Shane Stafford

Rachel Baumann is the Head Coach for Debate at Farmington High School, where she also teaches English and serves as an assistant Speech coach. She is the school’s NSDA Chapter Representative, as well as Treasurer of the Minnesota Debate Teachers Association (MDTA) and a member of the Southern Minnesota NSDA District Committee.

Baumann’s journey in debate began at age 14 when she joined Rosemount High School Debate. As a high school competitor, she was among the first in the nation to receive the Donus D. Roberts

Award for earning over 10,000 NSDA competition points. She started her coaching career at Mankato East High School in 1993 and later served as head debate coach at Forest Lake High School and assistant debate and speech coach at Rosemount High School. In 2018, she revived the debate program at Farmington High School, leading her teams to the Minnesota State Debate Tournament six times. Under her leadership, Farmington has earned:

- State quarterfinalist finishes (4 times)
- State semifinalist finish (1 time)
- State runner-up (1 time)
- Two NSDA National Tournament appearances

Baumann has received her second NSDA Diamond Award for Excellence in Coaching and has been recognized with 39 NSDA Service Citations. In 2021, her peers honored her as MDTA Coach of the Year.

Beyond coaching, Baumann plays an integral role in Minnesota debate. She works with the Minnesota State High School League to tabulate section and state debate tournaments, contributes to the Minnesota novice debate packet, and has been a Senior Staff member at the Minnesota Debate and Advocacy Workshop at Augsburg

College. At the national level, she has attended the National Topic Selection Conference twice, presenting proposals for future national debate topics and resolutions. She has also shared her expertise at the Communication and Theater Arts of Minnesota Annual Conference through numerous panels and presentations.

A native of Apple Valley, MN, Baumann earned a bachelor’s degree in English and Communication from Concordia College in Moorhead, MN, and an M.A. in Teaching from Minnesota State University, Mankato. Her master’s thesis, “Using Debate as a Methodology to Teach Literature in the Secondary English Classroom,” was among the first scholarly works to explore the intersection of academic debate and literature instruction in secondary education.

Baumann’s commitment to education, advocacy, and student growth makes her a deserving recipient of the 2024 Greg Dawson Excellence in Coaching Award.

Congratulations, Rachel!

Olson Makes History for the FHS Mock Trial Team!

Kayla Olson made history at Farmington High School as the first person on the team to earn a spot competing in the Minnesota State Tournament as a courtroom artist! Olson traveled to St. Paul in early March to draw during two rounds of Mock Trial

competition. This was a special opportunity to draw in an actual courtroom setting - the U.S. District Courthouse in St. Paul. Congratulations to Kayla Olson and to her coach Alison Laube on this significant achievement!

ISD 192 Honored with ASBO International’s Certificate of Excellence in Financial Reporting for 18th Straight Year

Farmington Area Public Schools, ISD 192, has for the 18th straight year been awarded the Certificate of Excellence in Financial Reporting (COE) by The Association of School Business Officials International (ASBO). This certificate recognizes school districts that uphold the highest standards of financial reporting and transparency. The school district earned the Certificate of Excellence for its exemplary Annual Comprehensive Financial Report (ACFR) for the fiscal year ending June 30, 2024.

“For over half a century, ASBO International’s Certificate of Excellence in Financial Reporting has been the gold standard for promoting and recognizing excellence in financial transparency,” said Jim Rowan, CAE, SFO, Executive Director of ASBO International. “Clear and accurate financial reporting is crucial for engaging school communities and building their trust. Districts that earn the COE have demonstrated an extraordinary commitment to these principles.”

Participation in the COE program highlights a school district’s dedication to financial accountability. Submitted ACFRs are rigorously reviewed by a panel of experienced financial professionals, who provide constructive feedback to further enhance the quality of future reports. Districts that meet the program’s stringent requirements are awarded the Certificate of Excellence, a distinction that also supports bond rating and continuing bond disclosure processes.

Elementary Learners Give Back to the Community

A big part of the elementary school experience in Farmington Area Public Schools is learning to give back to the greater community. While the primary focus on school days is academics, learners are encouraged and given many opportunities throughout school to participate in service projects that benefit others. Some recent service projects include a trip to Feed My Starving Children and making tie blankets for Children’s Hospital.

Riverview Elementary School 4th graders visited Feed My Starving Children in February to volunteer their time packing meals which are distributed to children in need as part of the non-profit’s ongoing mission to fight malnutrition in children. Our learners worked hard, had fun, and made a difference in the lives of others!

At Akin Road Elementary, first grade students created tie blankets which they donated to the charity Project Linus. Project Linus provides handmade blankets to children who are seriously ill, traumatized, or otherwise in need. This community service project was an extension of the community our learners are building in the classroom where they are learning how to be good citizens at school, home and wherever they may go.

Farmington Elementary School learners also made tie

blankets. The FES community was invited to come together to help make the blankets as an afterschool event in January. They completed a whopping 58 tie blankets and donated them to Children’s Hospital in both St.

Paul and Minneapolis. The project was made possible by a grant from Prairie Care. Farmington Elementary Principal Kim Bollesen said, “Thank you so much to all the families that came out to make a difference.”

Over 100 Years of Community Spirit!

You know us, we know you.
That’s the *Spirit* of
Community Pride!

6th Grade Learners Explore Winter Sports at Buck Hill

In March, 6th grade learners from both Robert Boeckman Middle School and Levi P. Dodge Middle School had the opportunity to visit Buck Hill and learn about skiing and snowboarding. For many it was their first time on skis or a snowboard.

Dodge Principal Andrew Nelson said, "6th grade had some beautiful weather to ski at Buck Hill... Many learned a new skill and had fun with friends!"

Boeckman Principal Joe Sage said, "Our 6th graders had an incredible day at Buck Hill, enjoying the slopes and the spectacular temps! A huge thank you to all the families who chaperoned and supported our learners—it wouldn't be possible without you!"

Experiences like this are one of the many ways middle school students in Farmington Area Public Schools are encouraged to explore areas of interest, make connections, and build new skills.

Middle Schools Celebrate Learning & Culture

Robert Boeckman Middle School and Levi P. Dodge Middle School have each hosted a Celebration of Learning annually for the past several years. This mid-year event is an opportunity for students to share what they have been learning with their families. Students bring their families around the school, introducing them to teachers, showing off various projects, and explaining what their school

day looks like. Families may even take part in some middle school learning activities to better understand their child's school experience. This is a highlight of the middle school year for staff, learners, and families alike.

This year, representatives from various Farmington High School clubs and activities groups also attended the Celebrations of Learning to share with families

about the opportunities that await our middle school learners when they begin high school. Boeckman Middle School Principal Joe Sage said, "Thank you to all the families who joined us for the BMS Celebration of Learning! It was an incredible evening for our learners to showcase the amazing things they're doing in school. A special thanks to the FHS clubs and activities that set up informational

booths!" At Dodge Middle School, there is a special Celebration of Cultures during the larger event where learners are invited to share about their culture with the greater learning community. They prepare presentations about food, clothing, traditions and other cultural information as an additional learning opportunity for all. Dodge Middle School

Principal Andy Nelson said, "We are proud of all our learner projects for the Celebration of Cultures."

Thank you to our greater learning community for supporting these events and our middle school learners throughout the school year!

Robotics Team Wins Prestigious “Engineering Inspiration” Award and Heads Back to Worlds!

The Farmington Rogue Robotics team competed in the first of two regional level events of their competition season in mid-March. They had a strong performance, going 6-3 in the qualification matches. They made the playoffs, which narrows the field down to the top third of the teams at the event. They were then selected to the 8th seed alliance - a team of 3 robots. The 8th seed came with an

expected uphill challenge, and unfortunately the alliance didn’t make it very far in the playoffs, but the night ended on a high note when the team won the “Engineering Inspiration” award.

According to FIRST Robotics: “The Engineering Inspiration Award celebrates outstanding success in advancing respect and appreciation for engineering within a team’s

school or organization and community.”

This award also comes with an invite to compete on the world stage in Houston with the best 600 robots from all over the world. Only 4 of the 54 robots attending our regional competition received an invite, so this is a significant achievement for the Farmington robotics team and in the eyes of the FIRST robotics community.

ISD 192 Nurses and Health Aides Earn Stop the Bleed Certification

Congratulations to our ISD 192 Nurses and Health Aides on completing Stop the Bleed certification!

On March 7, health staff took part in Stop the Bleed training provided by the Dakota County Medical Reserve Corp. This program

was designed to help empower, educate and train on how to stop severe bleeding. Nurses and Health Aides learned and practiced specialized techniques to recognize and stop severe bleeding injuries, equipping them with hands on skills to save lives and assist in a bleeding emergency. District Health

Coordinator Sayra Maberry said, “It was a fun and very educational day!”

Additionally, each school was given a kit which will be located in the Health Office with the emergency supplies. Each health office staff member is now certified in Stop the Bleed.

Now Enrolling for Classes!

Exciting Youth & Adult Enrichment Opportunities Through Community Education

Farmington Community Education is gearing up for a summer full of learning, creativity, and fun with a wide range of youth and adult enrichment programs. Whether you're looking to build academic skills, explore the arts, try a new sport, or dive into a unique hobby, there's something for everyone!

From academic prep to hands-on creativity and sports, this summer's youth programs are designed to engage and inspire.

Academic Readiness & Safety: Students can get a head start on learning with programs like ACT Prep, Driver's Education, Math by Mail, and Academic Tutoring. Younger participants can build independence and confidence through essential classes like Home Alone Training, Babysitter Training, and Youth Self-Defense.

Sparks & Ignite Summer Camps: If your child loves sports, art, cooking, or science, they'll love our summer Sparks (grades K-5) and Ignite (grades 6-12) camps! Weekly camps begin June 9 and run through August 25. One of the most exciting opportunities this year is The Little Mermaid by Storybook Theatre, an immersive theatre camp for students in grades K-12 happening July 14-18.

Gymnastics, Parkour & Cheerleading: Kids looking to flip, tumble, and jump into action can join TNT Gymnastics & Parkour classes, which begin June 2. These classes help participants build strength, coordination, and confidence in a fun and energetic environment. For those interested in cheerleading, our Recreational Cheer program offers two summer sessions, beginning June 9 and July 28, providing an exciting opportunity to develop cheer skills, teamwork, and performance confidence.

Athletics & Music: For sports lovers, Tiger Athletic Camps offer a variety of opportunities, from football to volleyball and basketball, with programs available for kids as young as 2 years old through our Tykes Camps. Music enthusiasts can take part in middle school band lessons, Pops & Jazz Bands, Rock Band, and Ukulele Camp.

Community Education isn't just for kids - there are plenty of enriching experiences for adults, too! Explore your artistic side with floral design, woodworking, and Bob Ross-style landscape painting classes. Stay active with tai chi, Zumba, pickleball, and adult basketball night, or learn essential skills in our women's self-defense seminar. Brush up on virtual technology skills with a variety of online courses offered from May through August. For parents with young children, our parent/child classes provide a wonderful way to explore nature and art together.

No matter your age or interest, Community Education has something to spark your curiosity and passion this summer! Registration is now open - don't miss out on the fun! Browse the catalog here: <https://bit.ly/3DjT7Gn>

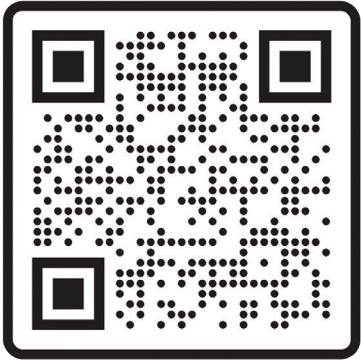

Tee Off Indoors: Farmington Community Education’s New Golf Simulator is Now Open!

Farmington Community Education is bringing year-round golfing to the community with the launch of its new indoor golf simulator at the Tiger Legacy & Learning Center. This professional-grade simulator, powered by the advanced GSPro system, offers a realistic and immersive golf experience for players of all skill levels.

Whether you’re a seasoned golfer looking to

fine-tune your swing or a beginner wanting to learn the game, the simulator provides a controlled environment to practice techniques, enjoy a virtual round with friends, or challenge yourself on a variety of courses.

Daytime rental rates start at just \$25 per hour, making it an accessible and affordable option for golfers in the community. Evening sessions must be booked at

least 30 minutes in advance, and additional Saturday and Sunday reservations can be arranged with a minimum three-hour booking at \$39 per hour.

Golfers must bring their own clubs, but Community Education provides a set of balls for use during each session. Marked balls are prohibited to protect the projector screen.

To book a session, visit <https://bit.ly/CEGolfSim> or call Community Ed at 651-460-3804. Don’t miss this chance to keep your golf game sharp no matter the season!
