

Teacher Innovation Grants

What are Teacher Innovation Grants?

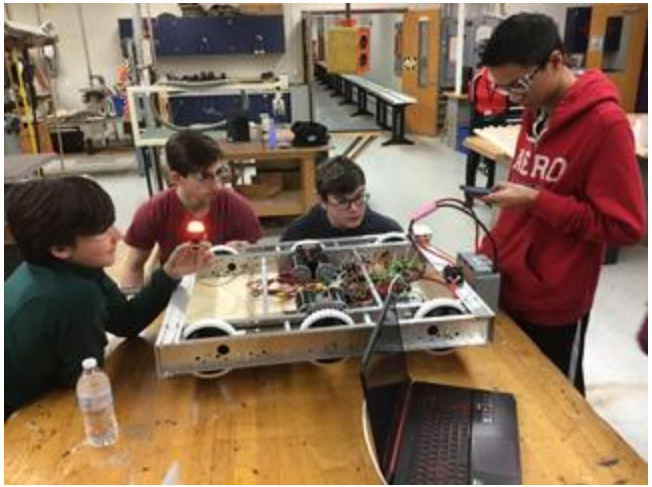

- The FFES is proud to support the faculty, staff, and students of the EASD through our Teacher Grant Program.
- True to their mission, FFES teacher grants support K-12 programs across every curriculum and discipline.
- Through fundraising efforts specifically dedicated to the teacher grant program, FFES has raised **$51,702 to fund 128 grants,** each infusing energy and enthusiasm into our classrooms.

Teacher Innovation Grants continued

- Teacher Innovation Grants are available to EASD teachers who want to **implement an innovative project, initiative, teaching strategy, technology application** or other effort in order to provide measurable educational outcomes for their students.
- The purpose of the grant program is to **enhance student learning beyond the curriculum** and student interest in learning by providing educators an opportunity to exercise their passion for teaching, develop their ideas, partner with colleagues and connect with the wealth of knowledge, expertise and talent within the district and the community.

More fun!

Teacher innovation Grant Award Process

- Each year, The Foundation's Allocation Committee invites teachers to complete the **application process** that includes a written proposal, estimates of program materials, and approvals by building principals, technology supervisors and district administrators.
- The committee scores the applications based on a rubric that incorporates several components including project proposal, objectives, student centeredness, plans for evaluation and assessment, and added credit for meeting the mission and vision of the Easton Area School District.
- Annually, the total budget for teacher grants is based upon Foundation fundraising activities and every effort is made to approve applications that meet the scoring criteria with grants ranging in value from **$500 to $1,000.**

Please join me in congratulating the following innovative educators and grant recipients!

We are proud to support their efforts through the Foundation for Easton Schools' Teacher Grant Program!
