A. 2025-2026 Activity Recommendations

1. Smitty Root- a phone free campus program- process not next school year
 - a) District to identify objectives to start the program
 - b) Whitehouse has already done this
 - c) How it impacts the social emotional of the students
 - d) Excitement for the program
2. Competitions how long can you go without your phone- to help move into a big change
3. Lower campuses watch the Netflix show "Social Dilemma" about social media- this will help with the why this is important
4. Food delivery- stop door dash for students- asked to be moved into the student handbook
5. Vape Sensors at the high school and middle school- admin will be the ones responding to this- Mr. Smith has more information
 - a) Not with wiring and just the sensor- 1300 a piece- look into the title 4 funding- possible grants to purchase these as well
6. Smart Pass- see all students that are out in the classroom- quote from Mrs. Dixon
 - a) 2 days start up
 - b) One to one or station setup by the door
 - c) Sending passes to the teacher to get a student
 - d) Coming back to class they have to re-enter back into the class
 - e) App available as well- all students have a dashboard

- f) This could work for the clinical passes- create a pass and then clock back in when they return

B. Committee Co-Chair(s) for 2025-2026

- 1. Shelly Pinkerton and Officer Taylor

Next meeting in August

Recording stopped at 10:00 am
