Secretary- Carla Schoch
Activities - Liz Dies and friend

PBIS

See attached from Jessica
PTO will donate \$1000 for the year to PBIS
Shannon Stiggins will be the PTO point person for PBIS

New Legacy Program

Legacy program is for upcoming 8th graders who exemplify positive behavior. There are 50 students chosen who have been hand selected by HMS staff. Next year the program will include 7th and 8th graders. The Legacy group will be student advocates for the 6th graders. They will go to their study halls and talk about expectation throughout the school year. They will be at move in day to help students get acclimated and answer questions that may come up. They will be a part of the PBIS events/activities. They will help Hornet store for 6th graders.

Some fun ideas in the works are to have parents come and present their child the student of the month with their certificate. Have parents be on the committee

November 7th will be the Community Legacy Leadership Breakfast. PTO's help will be needed for this event, to help set up, serve, join the event. The purpose is to bring community members in who have been pillars in the community and offer small group table discussions with the students while enjoying a nice breakfast. There will also be a keynote speaker talk on leadership. Looking to have an alumni to kick off the breakfast in November.

Move in day

Season passes for the year will be offered for purchase for the Fun Friday's.

PTO no sale fundraiser would like to have sometime displayed for what do we want to put the collected funds towards. IE. recess items, Gaga ball, possibly redoing the courtyard.

Mr. Henry is working to brighten up spaces throughout the school. Including the front entrance with a nice sign welcoming everyone to HMS.

Courtyard

Discussion for possible ways to use the courtyard if we made it functional
HOPE squad would like to spruce up courtyard.

Take trees down, put turf in place of grass

Reach out to high school students who need volunteer hours to help make it a nice place to go during the school year.

This could be a PBIS reward location. Teachers could reserve it for student rewards. Games could be played out there for various reasons decided by administration/staff.

Next meeting June 5th 9am at HMS
