Preschool Child Check

Marysville Schools offers child check screenings as a resource for families that have developmental concerns regarding their preschool age child. These screenings are available at no charge for families who reside within the Marysville Exempted School District boundary. These screenings will provide families with information regarding the child's current development in the areas of language, fine and gross motor, social-emotional and self-help skills. We also offer informal vision and hearing screenings.

Screening Information:

Where will the screening take place?

Mini Monarch Academy
1280 Charles Lane
Marysville, OH 43040

When are screenings provided?

We schedule on Mondays, August through May.

What age should my child be?

Children between the ages of 3 years old to 5 years old are eligible for a screening.

Who will conduct the screenings?

All screenings will be conducted by our team of special needs preschool staff.

How do I schedule a screening for my child?

To schedule a screening appointment call **Courtney West at 937-578-6140**.

What should I bring to the screening?

Prior to screening a birth certificate and a proof of residency for Marysville Schools will need to be provided.

After the Screening:

Results of the screenings will be sent to the families within two weeks of the appointment. These results may indicate that your child is developing as his or her typical peers OR that your child has a potential delay and would qualify for additional follow-up steps that will be shared with you. Results of the initial screening do not guarantee that your child is eligible for special education services.
