### **Agenda/Minutes:**

#### **1. Potential Scheduling changes**

- C. Smith – Elective teachers are now available to teach more due to schedule changes at LyncX. Classes will be added.
- Some changes will be made based upon student needs as well.
- Schedule will mostly stay the same, but some minor changes/shifts will be made (ex: remove one section of Chemistry, etc.).
- Students who have failed should have other alternatives (ex: OCR, Algebra/Geometry Blend, etc.).
- A. Berardi – working on reading student transcripts to determine what students need (mostly toward graduation)
- S. Newton (Registrar per phone) – Discussion of accuracy of master schedule and what classes are scheduled without students. Minor updates are being made.
- C. Smith – Many students could benefit from OCR. Make changes in terms of double P.E. credits, students in need of LOTE, possible creation of Regents review classes
- P.E. – All students need to be scheduled for it.
- Changes will not be within the core subject areas.
- Changes will mostly be for new incoming students.
- Will be rolled out to staff this week (before semester change)
