Mad Science SW (a community interest company) are here to spark the imaginations and curiosity of all children. Fostering a love for science and providing them with the tools to fuel their own discoveries! We focus on providing fun & engaging educational programmes, which are curriculum correlated and tailored to maximise their impact. Hosted at your child's school our clubs are a great solution to explore their passions through STEM.

The Club

Mad Science Afterschool Clubs provide the perfect mix of fun, interactive, educational content. Taking aspects of physics, chemistry and some biology to engage and excite all children enrolled. Our hands-on, enquiry based sessions encourage independent learning skills and discovery at their pace. They'll be immersed in a fully unique and different topic each week during the course, so there's plenty to explore as they get to grips with key science concepts and fun STEM based explorations.

**They'll have so much fun,
they forget they're learning**
