

Aeries Data Confirmation Parent Guide

Data Confirmation is an Aeries feature that allows parents to update student demographic, contacts, authorization information and allows access to important documents. This process replaces the “**Summer Re-Registration**” where parents are usually required to update emergency cards, sign various documents, and grant/deny authorizations.

You must have already [established an Aeries parent portal account](#) in order to complete Data Confirmation. To verify this, check with your student’s school to make sure they have your most recent email address listed in Aeries.

Click on or copy and paste the following URL into your browser to login to your parent portal account: <https://aeriesportal.riversideunified.org/parent>

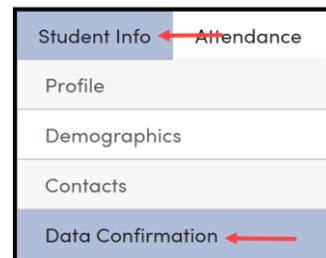

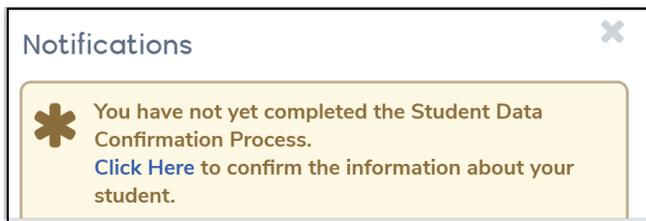

Riverside Unified School District

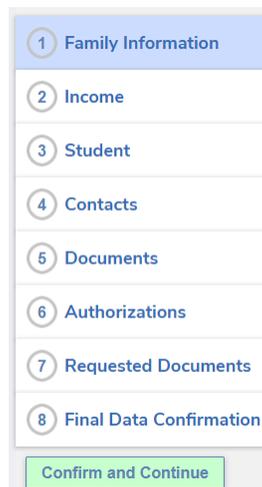

- Enter the email address that you initially provided to your student’s school to set up your Aeries Parent Portal account.
- Enter the password that was emailed to you during the initial setup of your Aeries Parent Portal account. If the password has changed since the original setup, enter the most recent password used.
- Once the email address and password have been entered correctly, click **SIGN IN** to log in to Aeries Parent Portal.
- If you forgot your password, click on **Forgot Password?** This will initiate the process of resetting your password. You must have access to the email address that was used to initially set up the Aeries Parent Portal account to reset your password.

For assistance logging into your portal account, contact your student's school office. For assistance completing Data Confirmation, you may reach out to the [Family Resource Center](#) or your student's school office.

Once you're logged into the Aeries Parent Portal, you should see a yellow banner stating, "You have not yet completed the Student Data Confirmation Process." Click on the Click Here link to go directly into Data Confirmation. If there is no yellow banner at the top (as shown below), you can find Data Confirmation under the Student Info menu tab.

To complete Data Confirmation, you will need to review and update all seven tabs carefully. You must click the green "Confirm and Continue" button in order to save the information and proceed to the next tab.
