**Building Budget for this school:** \$107,806

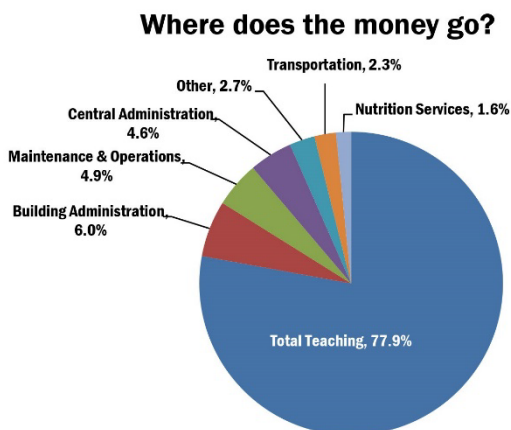

## School Description

Albert Einstein Elementary School is a diverse community with over 36 language groups represented within our student body and families from all socio-economic backgrounds. This diversity provides the unique opportunity to educate students on how to respect, appreciate and celebrate differences and to learn about many cultures.

Through common expectations and celebrating successes, students at Einstein learn to value the perspective of others, developing skills for real-world application and future success. Einstein is also home to a Dual Language Spanish Program. The Dual Language program has instruction in two languages, with part of the time taught entirely in Spanish and the other part in English.

## 2023-24 District Expenditures

*Where does the money go?*

## 2023-24 School Goals

Grade level teams met to determine student growth goals and state test target scores. Staff analyzed last year's assessment data and individual student assessment data to determine assessment goals.

- English Language Arts/Literacy: Special focus on high-risk students specifically, underserved population disproportionately showing high risk in FastBridge data.
  - K-1: Phonics
  - Grades 2-5: Fluency

By Spring 2024, we will see 10% growth in each grade-band levels: both phonics and fluency, using FastBridge measurement.

- Mathematics: K-5 Math Vocabulary: Special focus on high-risk students in all grade levels with students disproportionately showing high risk in FastBridge data.

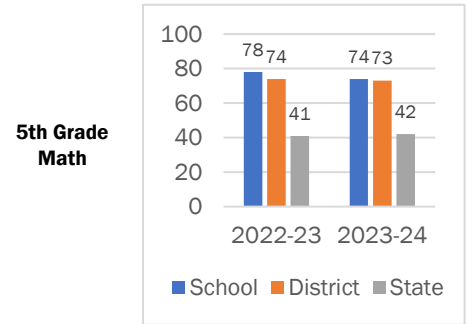

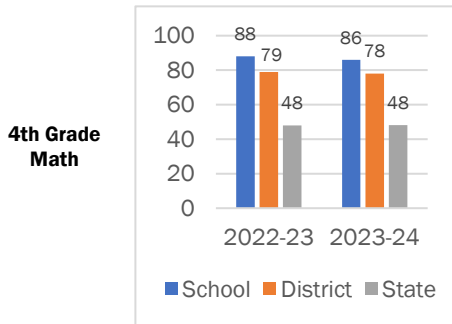

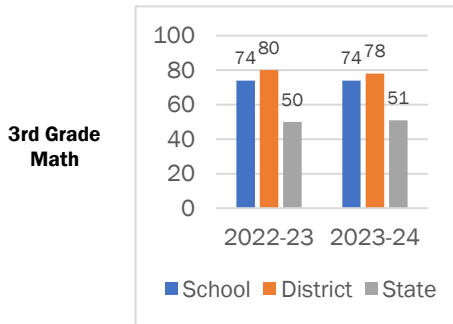

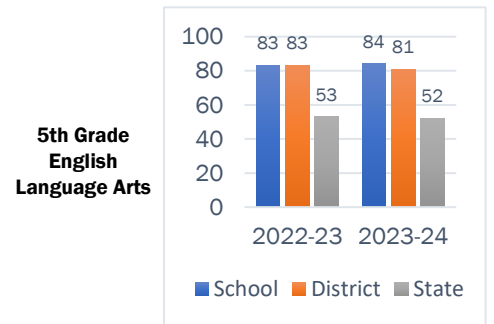

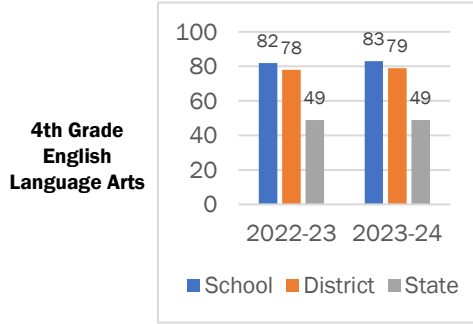

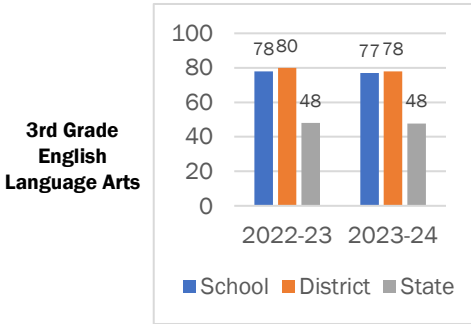

By Spring 2024, we will see 10% growth as measured by the FastBridge aMath assessment.

- Attendance: K-5 Attendance: With a focus on students demonstrating high-risk absences.

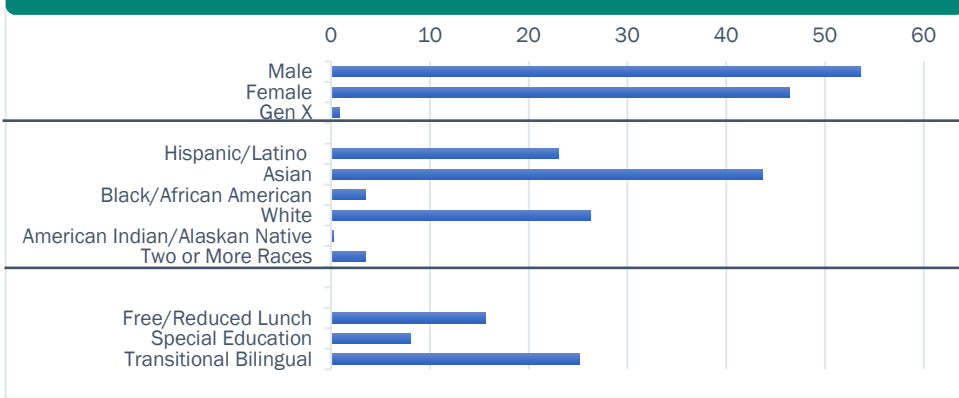

By June 2024, we will see a decrease in total school absences from 7% in the 2022-23 school year to 6% or less in the 2023-24 school year, as measured by Skyward attendance reports.

## State Assessment Results

### Smarter Balanced Assessment (SBA)

### Student Demographics

#### School Building

Our school facilities are available for public use by contacting our school office.

##### Building Condition Assessment: Fair

The Building Condition Assessment represents an overall permanent building condition assessment. It is conducted by a third party in accordance with the state's Asset Preservation Program.

#### Invitation to Participate

Community Engagement is one of Lake Washington School District's strategic plan goals. We welcome and appreciate the involvement of families and community members in our school. Please contact our school office if you want to join us and help make a difference for our students.
