## School Description

Nestled in a bustling international neighborhood, Norman Rockwell Elementary is a high performing elementary school in the Redmond region, serving students in grades Kindergarten through Five. Rockwell students matriculate forward to Redmond Middle School and Redmond High School, along with other choice schools and programs. With a focus on empathy, kindness, equity, and inclusion, Rockwell is guided by both the Lake Washington School District mission and vision, as well as our school vision statement: "Every student at Rockwell will develop the knowledge, skills, and personal attributes needed to become successful members of our community and the world." Innovation and technology are integral components of the Rockwell instructional program, and we work daily to provide our students with collaborative, rigorous learning opportunities rooted in instructional Best Practice and the efficacious use of technology. We incorporate numerous state-of-the-art technological tools into daily instruction, including Smart Boards, which may be found in every classroom and instructional space, and 1:1 devices, assigned to every Rockwell student. In 2018, Rockwell was awarded a Lake Washington School District Innovation Grant to build an "Outdoor Education Classroom" for interactive, hands-on science lessons.
