To: Aberdeen School Board:

We have received three quotes from different vendors on the same alignment machine with equal equipment and attachments. I chose to go with Northwest Equipment's quote not just because it is the lowest bid, but also because they have worked with and supported our program for last three years. Since first contact with Northwest Equipment they immediately sent a member out to inspect our shop and equipment and have helped us find the equipment that best suits our needs. They have set up multiple training days on equipment for students and instructor. The support and warranty have been impeccable.

Thank you for your consideration.
