REMINDERS for JUNIORS...

Recommendation Letters, Essay-Writing, and our Summer Workshop!

As we end this school year, our juniors are securing teacher letters of recommendation to accompany their college applications.

Once teachers agree to write letters of recommendation, the College Counselors will take care of all necessary follow-up steps to ensure their completion before initial college application deadlines.

College Counselors are currently spending two days with each junior-level English class to discuss students' personal statements (college essays) and supplemental essays. Students are encouraged to share their writing with their assigned counselor; we are excited for the Class of 2026 to begin thinking about the meaningful and creative ways they can express themselves through their writing! Unlike other portions of the application process, writing is something our students have *full* control over – it's a time and space where students are encouraged and empowered to share their unique perspectives and voices!

This August, College Counseling will host mandatory August Workshop sessions for the Class of 2026. Throughout the early part of August, rising seniors will attend scheduled appointments (virtual or in-person) with their assigned College Counselor to better understand Bullis' college application process, complete the bulk of their Common Application, and navigate some back-end technology to allow for seamless document submission. [This meeting is mandatory.](#)

Stay tuned for an email from College Counseling later this summer about signing up for a workshop!

SUMMER TIME!

Colleges and universities around the country offer summer programs for high school students. These programs are an excellent way for students to get a feel for college life by taking classes and meeting diverse students who share their interests. Keep in mind that these college summer programs are just one way, and certainly not the only way, for students to approach their summers intentionally in preparation for the college process.

To find these opportunities, please see the [Summer Opportunities](#) section of the College Counseling webpage. As in the past, we've provided focal groups on this spreadsheet to allow for more specific searches depending on academic area(s) of greatest interest. If students need help throughout the summer program application process, we in College Counseling are happy to provide guidance and support.

FINAL CELEBRATIONS & CONGRATULATIONS!!!

After an exciting year, our seniors have gained **810** acceptances to domestic and international colleges, universities, and post-graduate programs. We are so proud of the diverse and robust list of schools our seniors have earned acceptance to, demonstrating their ability to find their right-fit institution.

With graduation behind us, the College Counselors will soon send all final transcripts to our seniors' schools of choice, as well as to the NCAA Eligibility Center for our committed student-athletes.
