SCHOOL NAMING | POLICY

All school buildings and other District facilities shall be named according to one of the following documented categories, in accordance with CW(Local):

1. In memory of a **person who has served the District or community**, especially in service to children;
2. In memory of **any person who has made a significant contribution to society and/or education** and his or her name shall lend prestige and status to an institution of learning;
3. A **local residential or geographic area**; or
4. A **District property donor** or his or her family members.

Persons to be so honored by the naming of school buildings and/or facilities shall not be considered while living.

SCHOOL NAMING | COMMITTEE PREFERENCE

The naming committee decided to focus primarily on the first criterion for a school or facility name:

In memory of a person who has served the District or community, especially in service to children;

We particularly focused on those whose contributions related to education, as we believed we should honor educators who have left a mark in Northwest ISD.

Most importantly, our goal is to honor the **history of Northwest ISD**, especially the **history of supporting children**.

COMMITTEE RECOMMENDATION

**DR. DAVID HICKS
EARLY CHILDHOOD
CENTER**

“

During his short time as superintendent of Northwest ISD, Dr. Hicks touched many lives. He was invested in the community and lived the type of values that we should all strive to emulate. Dr. Hicks quickly and humbly became the face of Northwest ISD during his time here.
