Note: Due to various factors, including the volume of participation from districts, contract negotiations for products and services being purchased and delivered within this contract, possible funding changes for districts or ESC Region 11, and other factors, this contract is offered in good faith but does not become binding until September 1, 2025, on either the district or ESC Region 11. If this contract pricing is based on enrollment, the previous year's PEIMS enrollment snapshot submission number from October will be used to determine pricing. This contract is contingent upon the continued availability of appropriations and is subject to cancellation by either party upon thirty (30) days written notice to the other party. Payment for valid fees or charges rendered by the ESC Region 11 prior to written notice of termination shall be due to ESC Region 11. Early acceptance of this contract is necessary so that ESC Region 11 can plan and prepare to deliver these services. An alternative contract may be offered if this contract cannot be delivered as stated.

Eduphoria

The Instructional Services Division offers the following services to school districts/charter schools that sign the Eduphoria Suite, Aware, Aware Premium or the Strive Only Contract:

Services Included

Districts renewing a current Suite subscription will maintain access to all six applications in Eduphoria.

Note: Districts must have subscribed to a product the previous year to be eligible for renewal options. The details below outline all existing applications:

Eduphoria: Aware

- Analyze state assessment data in a rich, interactive grid.
- Create and share custom data views to focus on important issues for your district.
- Develop easy-to-administer benchmark tests.
- Print answer documents on plain paper and scan them with inexpensive retail scanners.
- Create a district bank of benchmark questions.
- Analyze the impact of your scope and sequence when used with Forethought.
- Build student personal graduation plans.
- Generate graphs automatically as you are interacting with your data.

Eduphoria: Forethought

- Develop district scope and sequence online.
- Create clarifying documents on best practices.
- Align curriculum with TEKS and state assessment data.

- Develop a district bank of exemplary activities and lessons.
- Collaborate with shared plans and team planning.
- Enjoy a rich text planning area for attractive lesson plans.
- Plan a day-at-a-time or for a week's subject at a time.
- Copy plans easily from year to year or week to week.
- Eliminate the need for turning in lesson plans.

Eduphoria: Strive

- Professional development management and collaboration platform.
- Complete appraisal system with integrated staff evaluation, goal setting, and PLC collaboration to create a true professional growth system.
- Intuitive and innovative course management system that is fully functional on mobile devices.
- Powerful real-time reporting for educator goals and portfolios to support educators in need.
- Create comprehensive professional learning plans.

Eduphoria: Helpdesk

- Manage customized requests for multiple departments.
- Easily track technician statistics.
- Maintain part stores.
- Manage software licenses.
- Auto-assign tasks to service staff based on the type of request or location.

Eduphoria: Facilities and Events

- Public facility rental and invoicing.
- Districtwide inventory system.
- Room reservation and item checkout for staff.
- Project and event planning.
- Resources assigned to teachers and students.

Eduphoria: FormSpace

- Build online forms and surveys for district personnel and your community.
- Analyze and export information using powerful reporting and data tools.
- Develop automated and dynamic free-flowing workflows for approvals and notifications.

Services Offered at an Additional Cost

Customized/On-Site Training

- Districts are charged a per-person fee according to the ESC Region 11 fee schedule, with a required minimum/maximum number of participants per trainer (plus the cost of materials per participant, when applicable.)
