

District School Board of Collier County
Use of District Facilities
Rules Acknowledgement for Synthetic Turf Baseball and
Softball Fields

Collier County Public Schools installed synthetic turf baseball and softball fields. These fields offer many advantages over natural turf fields. While more resistant to wear and tear than natural turf fields, synthetic turf fields are not indestructible. Some activities and prohibited items that may not harm a natural turf field can cause severe damage to a synthetic turf field. To ensure these fields remain safe and functional for our students, these rules must be followed:

- NO CHEWING GUM
- NO SUNFLOWER SEEDS
- NO TOBACCO PRODUCTS
- NO STEEL CLEATS OF ANY TYPE
- NO TRACK SPIKES
- NO BICYCLES
- NOT DOGS
- NO GOLFING
- NO DISCUS THROWING
- NO SHOT PUT THROWING
- NO JAVALIN THROWING
- NO SKATEBOARDS
- NO VEHICLES

Circle Field Location: Golden Gate High School Naples High School

I, _____, acknowledge that I understand the rules for using synthetic turf fields and further acknowledge I am responsible for any damage caused but me or the lease participants. Damage caused to the synthetic turf field while under my care and because of a rule or rules violation will be my responsibility to repair.
