Special Education costs are 96% reimbursable over time. The goal should be to get to 100% reimbursement over time. The State of Michigan reimburses 28.6152% of program costs and 70.4165% of Special Education Transportation Costs. The WISD reimburses based on a prorated formula with available funds from the County Wide Special Education Millage known as Act 18 reimbursement.

Key Drivers

The key drivers causing Ann Arbor Public Schools financial distress are:

- Unstable State funding; on the average over the last 10 years the foundation allowance increase has been \$150 per pupil which equates to approximately \$2.5M annually. Steps for employees is approximately \$5M and a modest raise is approximately \$4M, plus at least an additional \$2M-\$3M is needed due to inflation for supplies/materials and services. A total of \$11M-\$12M in new funding is needed annually to cover the increase in expenses.
- Loss of enrollment (1,218 fewer students over last five years, plus projecting 125 fewer students in 2025-26)
- Staffing additions (272 over the past 10 years)

2025-26 General Fund Budget Assumptions

The assumptions are based on the Governor's and the Senate's proposals. The House proposal is incomplete at this time so it has not been factored in to the assumptions. We have taken a 'middle of the road approach' in determining the 2025-2026 budget assumptions.

- Foundation increase of \$400 per student FTE
- Categorical funding losses (approximately \$11M)
- Enrollment decrease of 125 Students
- Wage and steps increases
- 4.4% increase in retirement costs (according to proposals by the Governor and the Senate)
- 5% increase in health care costs
- 2% increase in Purchased Services

2025-26 General Fund Worst Case Scenario

The assumptions are based on the Governor's and the Senate's proposals. The House proposal is incomplete at this time so it has not been factored in to the assumptions. Evaluating the worst-case scenario in determining the 2025-2026 budget assumptions.

- Foundation increase of \$200 per student FTE
- Categorical funding losses (approximately \$12.7M)
- Federal funding loss of \$5.5M
- Enrollment decrease of 125 Students
- Wage and steps increases
- 4.4% increase in retirement costs (according to proposals by the Governor and the Senate)
- 5% increase in health care costs
- 2% increase in Purchased Services
- In the worst-case scenario, AAPS would be using \$10M of its Fund Balance which would leave the district with approximately \$8M of ending Fund Balance which equates to 2.5% which is below the 5% State requirement

2025-26 Proposed Special Revenue Funds Food Service Fund

Food Service Fund - This fund is used to account for the operation of a school district's food service program. Receipts come from school lunch food sales, catering services, state school aid, and federal awards under the National School Lunch Program administered by USDA.
