

Pacific Ridge School

Service-Learning TB Testing Requirement Form

(To be completed by a licensed healthcare provider)

Required for Students in Grades 6–12 Participating in Service Learning

Service Learning and Tuberculosis Screening

As part of our Service Learning program, All Middle School students connect with a variety of service organizations and travel off campus most weeks to work directly with members of the community. This personal engagement is a powerful learning experience for our younger students and helps them see that they can have a direct impact on the lives of others. The Upper School Service-Learning groups that currently require updated TB tests include: Best Buddies, Building Blocks, Notes of Hope, On Pointe, and Global School Community. To allow your child to fully participate in the Service Learning program, we require proof of a TB screening showing a negative result.

TB TESTING REQUIREMENTS BY GRADE LEVEL

Grades 6–8: A current TB screening is required every 3 years for all students to participate in Service Learning.

Grades 9–12: A current TB screening is required every 3 years for any student participating in Service Learning groups that serve at-risk populations off campus.

Student Information

Full Name: _____ Date of Birth: _____

Current Grade Level: _____

TO BE COMPLETED BY A HEALTHCARE PROVIDER

Date of TB Test Administered:	_____
Date TB Test Read:	_____
TB Test Result (circle one):	Positive / Negative

Healthcare Provider Information

Physician Name (PRINT): _____

Physician License Number: _____

Physician Signature: _____ Date: _____
